2015 FISCAL YEAR

FOR THE

AMENFI CENTRAL DISTRICT ASSEMBLY

OF THE

THE COMPOSITE BUDGET

REPUBLIC OF GHANA

INTRODUCTION

- Section 92 (3) of the Local Government Act 1993, Act 462 envisages the implementation of the Composite Budget System under which the budget of the department of the District Assembly would be integrated into the budget of the District Assembly. The District Composite Budgeting System would achieve the following amongst others:
 - a. Ensure that public funds follow functions to give meaning to the transfer of staff transferred from the Civil Service to the Local Government Service.
 - b. Establish an effective integrated budgeting system which supports intended goals, expectation and performance of government at the local level;
 - c. Deepen the uniform approach to planning, budgeting, financial reporting and auditing.
 - d. Facilitate harmonized development and introduce fiscal prudence in the management of public funds at the MMDA level.
- 2. In 2011, Government directed all Metropolitan, Municipal and District Assemblies (MMDAs) to prepare for the fiscal year 2012, Composite budgets which integrated budgets of departments under Schedule I of the local Government (Departments of District Assemblies) (Commencement) Instrument, 2009, (L.I.1961). This policy initiative would upscale full implementation of fiscal decentralization and ensure that the utilization of all public resources at the local level takes place in an efficient, effective, transparent and accountable manner for improved service delivery.

3. The Composite Budget of the Amenfi Central District Assembly for the 2015 Fiscal Year has been prepared from the 2014 Annual Action Plan lifted from the 2015-2017 DMTDP which is aligned to the Ghana Shared Growth and Development Agenda II.

BACKGROUND

The Amenfi Central District is one of the 22 districts in the Western Region. It was carved out of the then Wassa Amenfi West District. It was established in 2012 by the Legislative Instrument L.I 2011. The capital town of the district is Manso Amenfi.

Location and Size

The Amenfi Central District is located in the middle part of the Western Region of the country. It is bounded to North by Bibiani-Ahwiaso Bekwai District; to the North-West by Sefwi Wiawso Municipal; to the South by Prestea Huni-Valley District; to the South-West by Wassa Amenfi West District; to the West by Aowin District and to the North-East by Upper Denkyira West District. It lies between latitudes 5° 20'N and 7° 10'N and longitudes 2° 9'W and 2° 27'W. It has estimated land area of 1,845.93 Square kilometres with 131 communities.

Population

The result of the 2010 Population and Housing Census Western Regional Analytical report (GSS, 2013), showed that the number of persons enumerated in Amenfi Central District is 69,014 representing about 2.9 percent of the total population of Western Region (2,376,021).

Out of the total population of the district, males constitute 35,866 (representing 52.0%) and females 33,148 (48.0%). This development could be as a result of the male dominated mining activities in the district and the resultant migration of male youth from other parts of the country to partake in the business.

DISTRICT ASSEMBLY ECONOMY

Roads

Like most districts in the Western Region, the Amenfi Central District has only a few kilometres of tarred roads while over 90% are not tarred.

The district is greatly handicapped by its poor road network and quality. The poor nature of the roads has adversely affected the delivery of services to the entire district. The problem is further aggravated during the rainy season. This has become a major setback in the carting of agricultural products to the markets in the district and other towns outside the district. This also affects revenue collection in the District.

Agriculture

Agriculture is the main economic activity in the district. The sector employs majority (77.4%) of the economically active labour force. Cash crops grown are mostly cocoa, oil palm and rubber. Major food crops produced include cassava, plantain, maize, rice, garden eggs and tomatoes. Food crop production is generally on subsistence basis with output per yield substantially low. This is due to the use of old and traditional methods of farming predominated by the use of cutlasses and hoes with little mechanization.

The farmers face a number of challenges such as poor road network which makes it difficult to transport farm produce to the market centres, inadequate or lack of storage facilities, poor market structures and inadequate farming inputs such as fertilizers, seedlings etc. There is also the problem of low level of adaptation to new technology in crop production by the farmers.

In other to improve the living standards of farmers and to increase their income levels, there is the need to diversify the activities of farmers by introducing and promoting alternate livelihood programmes such as beekeeping, grasscutter rearing, poultry rearing etc. The District also has a potential to develop Agro-Based Industries. The availability of oil palm and cocoa husk can serve as raw material for the production of palm oil and potash for the manufacturing of soap.

Mining

The mining industry has contributed immensely to the district economy. This is evident in the number of jobs that it has created for the youth who are engaged in various levels of gold mining. There are many small scale enterprises that are involved in gold merchandise and these have given employment to a number of people both directly and indirectly. It must be noted that gold exploration goes hand in hand with other services such as heavy equipment (excavators and bulldozers) renting. This serves as a source of income to the machine owners, operators and mechanics of such heavy equipment. The activities of these mining firms have generated substantial revenue to the District Assembly.

Trade, Industry and Commerce

The industrial sector is made up of few agro-processing facilities such as gari, oil palm, cassava and wood processing (S.M.S Company L.T.D). The commercial sector deals in trading of manufactured goods like detergents, cutlasses, agro chemicals, cosmetics and foodstuffs like plantain, cassava, cocoyam and palm oil. The services sector provides services such as teaching, transportation, hospitality and health. The district can also boast of a number of artisans such as masons, auto mechanics, dressmakers and carpenters. The large deposits of gold has resulted in the springing up of a number of small scale mining activities, heavy equipment renting and gold merchandise in the district. The district has three rural banks which provide banking and other financial services to the people. These are Amenfiman, Lower Amenfi and Fiaseman Rural Banks. There is a huge potential for the banking industry in the district since most communities do not have any formal banking institutions.

Tourism

The district has some tourism potentials which can be harnessed to create employment and generate revenue for the District Assembly. Communities with such notable tourist attraction sites include Abira and Amuni. Abira has rocks naturally carved in the form of a human being, while Amuni also has a group of rocks naturally carved in the form of a village settlement with huts.

SOCIAL SECTOR

Education

It has been reiterated on various platforms that education is the key to development. As a result, the Government of Ghana, through various interventions has relentlessly promoted education in the country. Some of these interventions include the school feeding programme, the one laptop per child project and the free school uniform project. It is an undisputable fact that enrolment in various schools has improved significantly as a result of these interventions.

Despite the above interventions by the central government, Amenfi Central District still has a significant number of its population being illiterate. According to the 2010 Population and Housing Census, out of the total population of 46,201 people who are 11 years and above, 13,824 (representing 30%) are not literate. This can be attributed to many factors. Notably amongst them are the following:

- Few or limited opportunities for higher post- primary education.
- Inadequate and dilapidated educational infrastructure.
- Limited number of qualified/professional teachers creating room for non-professional teachers to teach in their place.
- Inadequate logistics to support educational delivery.
- Inadequate furniture for the pupils.
- Higher school dropout rate among the girl-child in basic schools.

Number of Schools in the District

The district has 116 Kindergarten schools made up of 87 public schools and 29 private schools. Out of the 115 Primary schools in the district, 86 are public schools while 29 are private. The only vocational school in the district is the National Vocational Training Institute (NVTI) at Manso Amenfi. The breakdown of number of schools in terms of Public and Private schools is shown in the Table 6.1 below.

| rumber of benoois, 2010/2011 freudenne 1 cur | | | | | | | |

Source: GES, Manso Amenfi, 2013.

Enrolment in Schools

The table shows enrolment in schools in the district for the 2013/2014 academic year. The table indicates that there are 8,830 pupils in kindergarten, 19,426 pupils in primary, and 6,062 pupils in junior high school while 298 students are in technical/vocational school. The district has no senior high school hence there is no record of students in that level. The Table again depicts a pyramid trend; many pupils are found at the base of the educational structure.

However, as they progress to higher levels, the student population reduces. This does not augur well for the district and the nation as a whole. It implies that there is a high school dropout rate in the district. Again, it could also mean that, due to the non-availability of a senior high school in the district, students have to migrate to other districts for senior high school education.

| | PUBLIC | | | PRIVATE | | | TOTAL |
|-------|--------|-------|--------|---------|-------|-------|-----------------------|

Health

The district has no District Health Directorate; hence, the Amenfi West District Health Directorate takes oversight responsibility of the Amenfi Central District. The district has three health sub-districts namely Manso Amenfi, Adjakaa Manso and Anyinabrim Sub-Districts with a total of 13 health facilities comprising of Health Centres, CHIPS compound and Clinics. Below is the distribution of health facilities in the district in accordance with the various subdistricts.

A. Manso Amenfi Sub-District

| Facility | Location | Ownership |
|------------------|--------------|-----------|
| 1. CHPS | Achichire | Public |
| 2. Clinic | Obeng | Private |
| 3. Health Centre | Manso Amenfi | Public |

B. Adjakaa Manso Sub-District

| Facility | Location | Ownership |
|---------------------|---------------|-----------|
| 1. Community Clinic | Agona Amenfi | Public |
| 2. CHPS | Wuratrem | Public |
| 3. CHPS | Bonsie | Public |
| 4. Community Clinic | Juabo | Public |
| 5. Health Centre | Adjakaa Manso | Public |

C. Anyinabrim Sub-District

| Facility | Location | Ownership |
|-----------|------------|-----------|
| 1. CHPS | Anyinabrim | Public |
| 2. CHPS | Anakum | Private |
| 3. Clinic | Bonuama | Private |
| 4. CHIPS | Sompre | Public |
| 5. CHIPS | Kwamang | Public |

CHALLENGES

The health sector like many sectors of the economy is faced with many challenges. This has negatively affected the quality of healthcare in the District. These problems include the following;

Deplorable Health Infrastructure

Most of the health facilities in the district are dilapidated. Quite a number of them need serious renovation in other to improve health delivery. The Health Directorate has made some renovations district wide but more needs to be done.

Inadequate Staff Accommodation

There is inadequate staff accommodation district wide. Many of the health facilities do not have accommodation for health professionals. This problem is further aggravated by the poor conditions of most of the premises available. This has made it very difficult for some health personnel posted to the communities to stay and work.

Inadequate Logistics

The District Health Directorate took delivery of some motorbikes and fourwheel drive pick-ups in 2009 and 2010. These were very inadequate but nonetheless, they have helped tremendously to reach the very remote areas in the District and have therefore aided the Directorate to bring healthcare to the door steps of the people. However, currently, most of these motor bikes are worn-out and their cost of maintenance keeps rising.

Vision

To become a modern District of harmonious communities with assured livelihoods.

Mission Statement

The Amenfi Central District Assembly exists to facilitate improvement in the quality of life of the people within its jurisdiction through equitable provision of services for the total development of the District.

BROAD OBJECTIVES IN LINE WITH THE GSGDA II

The Amenfi Central District Assembly in order to facilitate improvement in the quality of life of the people in its jurisdiction has the following as its core objectives;

- To facilitate equitable access to good quality and affordable social services.
- To improve agricultural productivity in the District.
- To strengthen efficiency in health service delivery.
- To accelerate the provision and improve environmental sanitation.
- To improve quality of teaching and learning.
- To provide the necessary basic socio-economic infrastructure for the development of the human capital, wealth and health of the people.

RELEVANT STRATEGIES IN LINE WITH GSGDA II

The relevant GSGDA II strategies to be used to implement the 2015

Composite Budget are as follows;

- Increase the provision and quality of social services.
- Provide infrastructure facilities for schools at all levels across the country especially deprived areas
- Intensify dissemination of updated crop and livestock production technological packages
- Accelerate implementation of CHPS strategy in under-served areas and expand access to primary health care.
- Provide disability friendly sanitation facilities.

OUTTURN OF 2014 COMPOSITE BUDGET IMPLEMENTATION

FINANCIAL PERFORMANCE

a. Revenue (IGF Only)

| ITEM | 2012 | | 2013 | | 20 | % performance at june,2014 | |
|-------------------|-----------|--|------------|--|------------|-------------------------------|------|
| | Budget | Actual as at 31 st December | Budget | Actual as at 31 st December | Budget | Actual as at June | |
| Rates | 20,000.00 | | 40,000.00 | | 13,000.00 | 11,006.34 | 85% |
| Fees and Fines | 8,450.00 | 4,626.00 | 9,550.00 | 20,099.10 | 13,400.00 | 19,708.43 | 147% |
| Licenses | 10,860.00 | 3,925.40 | 9,410.00 | 11,181.60 | 14,600.00 | 1,710.00 | 12% |
| Land | 38,100.00 | | 73,500.00 | 175,105.36 | 175,500.00 | 61,509.00 | 35% |
| Rent | 50.00 | 0.00 | 0.00 | 0.00 | 0.00 | 500.00 | 0% |
| Investment | | | | | | | |
| Miscellaneou s | 1,700.00 | 7,000.00 | 1,700.00 | 39,774.58 | | 27,900.00 | 0% |
| Total | 79,160.00 | 15,551.40 | 134,160.00 | 246,160.64 | 216,500.00 | 122,333.77 | 57% |

From the table, in 2012 Gh¢ 15,551.40 out of a budget of GH¢ 79,160.00 representing 20% of the budget was collected as revenue. This low performance was because the District was relatively new and didn't have the full complement of staff to embark on revenue collections. And also the Assembly worked for just a few months before the year ended.

In 2013, there was an improvement over the previous year with the Assembly being able to collect 183% of budgeted revenue. That is, out of a budget GH¢ 134,160.00, total revenue collected as at 31^{st} December was GH¢ 246,160.64. Land and royalties accounted for 71% of the total. This was because the Assembly had revenue collectors posted to the District and had worked throughout the year.

As at June, 2014, 57% of budgeted revenue had collected. That is $GH\phi$ 122,333.77 out of a total budget of $GH\phi$ 216,500.00 had been collected as revenue by the Assembly.

| | Support for Girl Child Educational Campaign | The project has not commenced as at June | Delays in the release of DACF | | | |
| | Support for HIV/AIDS Campaign | 3 communities have been sensitized on HIV/AIDS as at June | More communities are yet to be covered | | | |
| Infrastructure | | | | | | |
| 1.Works | | | | | | |
| 2.Roads | | | | Reshaping and regraveling of 100km feeder roads | 40km of feeder roads reshaped as at June | DA is having difficulties due to faulty grader |
| 3.Physical Planning | Street Naming and Property Addressing | All streets and houses in the District Capital have been named | Project is on- going. About 90% completed as at June | | | |
| Economic Sector | | | | | | |
| 1. Department of Agriculture | Training of 100 farmers on plantain sucker multiplication and cockerel production. | Project is yet to take place | Delay is due to lack of funds. | | | |
| 2. Trade, Industry and Tourism | | | | Rehabilitation of Market Phase II | Work is on-going | Project could not be completed on schedule due to delays in the release of DACF |
| Environment Sector | | | | | | |
| Disaster Prevention | DA to compel small scale miners to cover mine pits | A number of pits have been covered over the months. | Miners are very adamant. Galamsey operators are however proving very difficult | | | |
| Natural Resource conservation | Preventing illegal chainsaw operations | Programme is on-going | Lack of timely information on illegal chainsaw operations | | | |

CHALLENGES AND CONSTRAINTS

- Late release of external funds, particularly the DACF severely affected project implementation;
- Bad nature of roads in the District hampered revenue collection
- Unwillingness of community members to pay taxes
- Inadequate staff, that is revenue collectors and commission collectors

Revenue Mobilization Strategies for Key Revenue Sources in 2015

Key revenue sources identified include Licenses, Fees & Fines and Land royalties (which although being the highest contributor to IGF the Assembly has no direct control over).

The Assembly will use the following strategies to improve on revenue mobilization for 2015;

- Area Councils strengthened to collect property rates.
- Group collection during market days.
- Sanctioning of rates and business operating permit defaulters.
- Setting of revenue targets for collectors and awarding hardworking staff.
- Intensifying public education and sensitization on the importance of paying Taxes.
- Formation of District Revenue Task Force to assist in revenue mobilization.
