#### INTRODUCTION

1. Ghana's decentralization policy and programme emphasized decentralization by devolution which aimed at granting Metropolitan, Municipal and District Assemblies (MMDAs) the authority to raise, allocate and utilize financial resources to promote development. This situation informed the preparation of the Inter governmental Fiscal Decentralization Framework to mobilize support from stakeholders towards institutionalizing fiscal decentralization in Ghana.

Section 92 (3) of the Local Government Act 1993, Act 462 envisages the implementation of the composite budget system under which the budget of the departments of the District Assembly would be integrated into the budget of the District Assembly. The District Composite Budgeting System would achieve the following amongst others:

- a. Ensure that public funds follow functions to give meaning to the transfer of staff transferred from the Civil Service to the Local Government Service.
- b. Establish an effective integrated budgeting system which supports intended goals, expectation and performance of government at the local level;
- c. Deepen the uniform approach to planning, budgeting, financial reporting and auditing.
- d. Facilitate harmonized development and introduce fiscal prudence in the management of public funds at the MMDA level.
- In 2011, Government directed all Metropolitan, Municipal and District Assemblies (MMDAs) to prepare for the fiscal year 2012, Composite budgets which integrated budgets of departments under Schedule I of the local Government

(Departments of District Assemblies) (Commencement) Instrument, 2009, (L.I.1961). This policy initiative would upscale full implementation of fiscal decentralization and ensure that the utilization of all public resources at the local level takes place in an efficient, effective, transparent and accountable manner for improved service delivery.

3. The composite Budget of the Wassa East District Assembly for the 2015 Fiscal Year has been prepared from the 2015 Annual Action Plan which is an extract of the DMTDP (2015-2017) aligned to the Ghana Shared Growth and Development Agenda Part II (GSGDA II).

#### **BACKGROUND**

# **The District Assembly**

Wassa East District Assembly (WEDA) which has Daboase as its capital is one of the twenty two (22) MMDAs in the Western Region. The district formally Mpohor Wassa East was originally carved out from Wassa Fiase Mpohor District In 1988 under LI 1385. In 2012 Legislative Instrument (LI) 2019 spited Mpohor Wassa into two namely Wassa East and Mpohor Districts.

Wassa East Assembly has a total membership of thirty-two (32). This is made up of Twenty one (21) elected members with eleven (11) Government Appointees, the District Chief Executive and the Member of Parliament. This is composed of Twenty eight (28) males and four (4) females and has one constituency. In line with the 1992 constitution, the Assembly has the following Sub-District Structures;

- Daboase Area Council
- Ekutuasie Area Council
- ❖ Ateiku Area Council
- Enyinabrem Area Council

#### **LOCATION AND SIZE**

Wassa East District is located at the South-Eastern end of the Western Region. It is bounded to the North East and South East by the Twifo Hemang Lower Denkyira, Twifo Ati-Morkwa and Komenda Edina Eguafo Abrem Districts, all in the Central Region. The district is again bounded on the North West by the Prestea Huni-Valley District. In the south, it is bounded by, Mpohor and Shama Districts in the Western Region and occupies an area of 1880 square kilometers of which 344 square km are used as cultivable land.

The District has large deposits of gold, traces of iron and kaolin hence, the upsurge of mining activities in the district. Small-scale mining activities are carried out in areas like Sekyere Krobo, Sekyere Heman, Nsadweso and Ateiku.

# **Population**

Before the district was split, the population was 123,996 according to the 2010 Population and Housing Census, (GSS, 2012) The Wassa East District's population is estimated to be about 94, 507 comprising of 49,616 (52.5%) male and female of 44,891 representing 47.5% with an inter-censal growth rate of 3.2 percent, which is the same as the regional growth rate. It is however higher than the national growth

rate of 2.7 percent. By the end of 2017 planning period, the population would have increased to 185,840. The district's share of the total population of the Western Region is 6.4 percent. The fertility rate of the district is 4.5 which is higher than the regional figure of 3.6 according to the 2010 Population Housing Census.

An analysis of the population structure reveals a high economically active population of 50.6 percent, which indicates an immense human resource potential for development. This could be attributed to migration of labor to seek employment in the agriculture and mining sectors of the District. There are 192 settlements in the District and a spatial analysis indicates that the provision of services in the district is inadequate and their distribution skewed in favour of the District capital.

#### **ECONOMIC ACTIVITIES**

The District is predominantly dominated by agriculture with mining contributing about one-third of economic activities. About 70% of the active population engages in peasant farming producing food crops and cash crops like cocoa, coffee and oil palm with about 20% indulged in small-scale mining activities.

The primary nature of the agricultural produce is food Stuff. This calls for a massive investment in food processing which would lead to competitive prices for the farmers and hence higher incomes.

The activities of Golden Star Mining Ltd and SOCFINAF Plantation Ltd have also created employment avenues for about 5% of the active labor force in the District Illegal mining on the Subri and Pra rivers and the forest poses a great challenge to the District.

#### **Infrastructure and Social Services**

# a) Road

The district has a poor road network and only 25km out of the 202km motor able roads in the district are of bituminous surface with 103 km being engineered roads while 43 km is partially engineered and the remaining 31 km classified as none engineered. The situation renders some of the settlements in the District inaccessible during rainy season. Besides the poor road network accounts for the low market for agricultural produce in the District making prices very low.

# b) Education

One of the major challenges to the district is inadequate educational facilities like classroom blocks. Out of a total of 192 settlements, there are 94 Pre-schools, 90 Primary and only 48 are JHS with 1 SHS. Even though there has been a major improvement in access to school buildings over the years more needs to be done to reduce the incidence of school pupils walking a long distance from one community to another to attend school.

# c) Health

Another issue of concern to the Assembly is the inadequacy of health facilities. There are 17 health facilities in the district which are whole fully inadequate to cater for the health needs of the inhabitants. Inhabitants on the average travel for about 31km to access health facilities. The Doctor/Patient Ratio is 1:32,555 with a Nurse/Patient Ratio

of 1: 2,668. It is in this respect that the District Assembly is vesting much of its limited resources in the construction of CHPS and equipping of the existing facilities.

### d) Water and Sanitation

The rural nature of the District also calls for the provision of safe water and improved sanitary facilities like public toilet. The 192 settlements in the District have 65% water coverage as at the end of 2013. Out of this, 4 communities have access to Pipe-borne water and 3 communities with Small Town Piped System. 89 Boreholes exist in 62 communities while 70 communities have access to 74 Hand-dug wells. Though the District receives support from Donor Partners, it is devoting portions of its share of DACF and DDF to augment the supply of portable and safe water as well as in the provision of public toilets to inhabitants in the District.

#### **Mission Statement**

The WEDA exists to improve the quality of life of the people in the district through the effective and efficient mobilization and deployment of financial, human and material resources with honesty, diligence and commitment.

#### **Vision**

The vision of WEDA is to be the lead district in the Western Region in particular and Ghana in general in improving the quality of the life of its people.

#### Goal

The District's Medium Term Development Plan (2014-2017) goal is "enhancing access to basic social and economic services towards poverty reduction and accelerated growth"

#### **BROAD SECTORIAL GOALS**

The current MTDP which spans from (2014 – 2017) was developed under seven Thematic Areas captioned Ghana Shared Growth and Development Agenda II (GSGDA II). The Seven Thematic Areas are:

- Enhanced Competitiveness of Ghana's Private Sector
- Accelerated Agricultural Modernization and Natural Resource Management
- Oil and Gas Development
- Infrastructure, Energy and Human Settlements
- Human Development, Productivity and Employment
- Transparent and Accountable Governance

# 2015 BUDGET ALLIGNED WITH GHANA SHARED GROWTH AND DEVELOPMENT AGENDA TWO (GSGDA II)

The objective of the 2015 Budget of Wassa East District Assembly is aligned to the GSGDA II indicating the District's Strategy and Project Activity aimed at achieving the GSGDA II Objective as presented in the table below:

| THEMATIC<br>AREA   | GSGDA<br>OBJECTIVE   | DISTRICT<br>STRATEGY   | PROJECT ACTIVITY  |
|--|--|--|---|
| 1. Ensuring and Sustaining macroeconomic stability.                    | Improve fiscal resource mobilization   | To educate citizens on their tax obligations through community educations annually.  | Organize tax sensitization programmers quarterly in all the 4 Area Councils   |
| 2. Enhancing<br>Competitiveness in Ghana's<br>Private Sector           | Improve efficiency and competitiveness of SMEs   | Create an enabling environment that ensures the development of the potentials in the district by developing the SMEs in the district             | Support REP/BAC to undertake training of Artisans in the district   |
| 3.Enhancing Infrastructure,<br>Energy and Human<br>Settlement          | Promote sustainable, spatial integrated and orderly development of human settlement and provision of water, electricity and road | Provide Counterpart support<br>for donor and other Self Help<br>Initiated Projects   | Pay for counterpart funding for water, electricity and road project Implementation and other Self help initiated projects |
| A. Water   | Promote provision of affordable and safe water   | To rehabilitate broken boreholes, maintain Hand dug wells and construct additional water facilities in selected district,                        | Support WATSAN activities and part payment of counterpart projects in the District.                                       |
| B. Electricity   | Link major communities in the District to the national electricity grid  | Extend electricity supply to major communities in the district   | Procure electricity poles for communities and to assist in electricity extension in the district.                         |
| C. Roads   | Ensure sustainable development in the transport sector   | Ensure accessibility to all communities in the district by improving on the condition of major roads, farm tracks, culverts and bridges by 2015. | Fuel and maintain DA grader to reshape feeder roads in the district   |
| 4. Accelerated Agriculture modernization & Natural resource management | Promote agricultural activity for food security, export and industry   | To reduce post harvest losses and promote the use of improved seedlings and planting materials district wide.                                    | Undertake mass spraying, pest control exercise and also train Farmers in high yielding food and cash crop farming.        |

| 5. Oil and Gas Development                       | Ensure development of<br>Oil and Gas   | Ensure that activities in the oil and gas industry do not impact negatively on the district and to create land banks for future physical development by 2015 | Compensate land owners and secure documents for land banks acquired in the district for future Oil and Gas Developmental projects             |
|--|--|--|---|
| 6. Transparent and Accountable Governance        | Promote local<br>governance at the grass<br>root and also ensure<br>safety of Human safety             | Institute Local Governance at<br>the grass root and<br>strengthening of security<br>operation in the District  | Establishment of four Area Councils offices and Police Station in the District  |
| A. Governance                                    | Promote local Governance participation at the grass root   | Ensure that all the Four Area<br>Councils are made<br>operationalized by 2015  | Construct and furnish all the four Area councils in the District  |
| B. Security                                      | Improve the capacity of security agencies to provide internal security for human safety and protection | Provide office and residential accommodation for the police and other law enforcement agencies   | Completion of Police Station Headquarters and commander's bungalow at Daboase   |
| 7.Human Development, Productivity and Employment |  |  |   |
| A. Health  | Bridge the inequity gaps in access to health care and nutrition services.                              | Increase access to healthcare by making it accessible to all.  | Complete OPD block at Daboase Health Centre.  Construct CHPS compounds at Edwenase and Brofoyedur  Complete Nurses' Quarters at Sekyere Krobo |
| B. Education                                     | Increase equitable access<br>to and participation in<br>education at all levels                        | To construct and rehabilitate dilapidated school blocks in the district  | Construct 2 no. 3 Unit Classroom blocks at Saponso No. II and Complete Girls Hostel at Daboase  |

# STATUS OF THE 2014 COMPOSITE BUDGET IMPLEMENTATION

# A. REVENUE PERFORMANCE

4. The two tables below show the IGF revenue performances of the Assembly as at 30th June, 2014.

**Table 1: IGF Revenue Performance of the District Assembly** 

| ITEM        | 20:        | 12                                      | 2              | 013                               | 20             | 2014                                     |              |

| INVESTMENT  | 31,100.00  | 9,955.00                                | 55,500.00      | 6,200.00                          | 60,000.00      | 0.00                                     | 0.00         |
| MISCELLANE. | 2,600.00   | 32,075.00                               | 32,655.00      | 24,334.00                         | 40,000.00      | 19,088.00                                | 47.72        |
| TOTAL       | 838,330.00 | 895,932.99                              | 710,070.1<br>2 | 261,272.98                        | 826,109.80     | 158,378.20                               | 19.17        |

5. The table above represents the Assembly's IGF Performance as at June 2014. Licenses, Fees and Rates have exceeded their targets of 50% for the half year. This was as a result of revenue mobilization strategies introduced by the Assembly.

The Assembly which budgeted for a total IGF of GHc 826,109.80 has as at June, 2014 achieved a 19.17% performance rate indicating GHc 158,378.20. It could be realized that revenue mobilization has fallen drastically in absolute terms due to the fact that Lands which accounts for over 50% of the internally generated funds have achieved only 3.1%. This is because the Assembly has not received its share of the royalties for the year, with Investments performing abysmally with 0% as at June, 2014.

The Assembly has however developed strenuous strategies to help improve its revenues mobilization and these include the following:

- Recruitment of District Guards to assist the Revenue unit
- Identifying and registering all sub-contractors working in the two main companies in the district.
- Increasing the commission of collectors from 20% to 25% and 30% for any extra collection
- · Ceding the collection of some revenues to area councils
- Revaluation of some selected properties in the district especially Industrial and Commercial Properties.
- Stepping up public education campaigns in order to widen the tax net.
- Setting up special Task Force headed by Revenue Superintendent to collect all Arrears of Revenue.

6. The two tables below show the revenue and expenditure performances of the Assembly as at 30th June, 2014.

Table 2: Revenue Performance of the District Assembly
Status Of 2014 Budget Implementation - Financial Performance
Composite budget (ALL departments combined)

| REVENUE ITEMS      | 20         | 12                     | 20            | 13                   | 20            | 2014                 |         |

7. The table above shows the revenue performance of the District Assembly in relation to all departments under the District Assembly. Decentralized Departments which relies heavily on Central Government transfers has as at June, 2014 achieved 26.0% of the budgeted GHc 9,166,290.82

Apart from District Development Facility (DDF) which has achieved a performance rate of 73.93% of the budgeted Ghc 378,494.00, School feeding had received GHc 234,884.50 representing 59.23% with Compensation of employees obtaining 47.68% by June. All other external sources of revenue expected for the year has not been forthcoming, hence impeding the progress of development in the district.

This has brought most ongoing projects to a standstill. For instance, the Assembly which depends heavily on District Assembly Common Fund (DACF) has as at June, 2014 received GHc 329,541.11 indicating 8.22% of the expected GHc 4,010,276.00 with no receipts as at June for Goods and Services and Asset for Decentralized Departments to run their outfits effectively.

| EXPENDITURE  | 2013 2014  |   |            | %   |          |
|--------------|------------|---|------------|---|----------|
| ITEM         | BUDGET     | ACTUALS<br>AS AT 31 <sup>ST</sup><br>DEC. | BUDGET     | ACTUALS<br>AS AT 30 <sup>TH</sup><br>JUNE | PERFORM. |
| Compensation | 120,910.00 | 100,524.91                                | 112,400.00 | 51,442.25                                 | 45.77    |

| Goods and Services | 454,167.12 | 160,329.07 | 595,554.80 | 98,583.95  | 16.55 |
|--------------------|------------|------------|------------|------------|-------|
|                    |            |            |            |            |       |
| Asset              | 138,993.00 | 419.00     | 118,155.00 | 8,352.00   | 7.07  |
|                    |            |            |            |            |       |
| Total              | 714,070.12 | 261,272.98 | 826,109.80 | 158,378.20 | 19.17 |

8. The table above depicts IGF expenditure as at June. Out of the budgeted GHc 826,109.80, GHc 158,378.00 representing 19.17% has been realized by June, 2014 and disbursed as recurrent and capital expenditure of the Assembly. The Assembly which relies significantly on IGF for its administrative operations has by mid 2014 spent the chunk of it amounting to GHc 98,583.95 (45.77%) on Goods and Services with Ghc 51,442.25 on wages of Assembly staff, commission to revenue collectors, Honorarium to MP among others while GHc 8,352 signifying 7.07% utilized as DA's capital expenditure. The non release of external funds puts pressure on the IGF which is whole fully inadequate for efficient running of departments in the District.

|       |            |            | 1,237,976. | 1,156,897. | 1,255,170. |            |       |   |
|-------|------------|------------|------------|------------|------------|------------|-------|---|
| Total | 445,754.12 | 535,099.89 | 58         | 03         | 20         | 548,696.60 | 43.71 | l |

6. From the table above, GHc 548,696.60 representing 43.71% was realized as actual expenditure as at June 2014 by all decentralized departments out of the budgeted GHc 1,255,170.20 for the year, all emanating from compensation. It could be inferred from the table that there hasn't been any releases for departments to meet their administrative or capital expenditure by the end of June.

The low expenditure performance is attributed to the fact that releases have not been forthcoming crippling the departments to execute their administrative functions effectively.

# Status Of 2014 Budget Implementation Financial Performance Composite Budget (All Departments & Revenue Sources Combined)

|-------|--------------|--------------|--------------|--------------|------------------|------------|-------|
| Total | 2,999,850.00 | 2,777,927.78 | 4,462,204.17 | 2,602,486.43 | 5,608,830.00     | 842,420.88 | 15.02 |

7. The above table depicts expenditure performance of all departments operating under the local Government system in the District. Apart from Compensation which had consumed almost half (47.68%) of its projected GHc 1,098,313.00, the performance of the other expenditure items have not been encouraging at all. While Asset had achieved a performance rate of 8.04% by June, that of Goods and Services had utilized only 5.90% of the budgeted Ghc 2,060,460.89 for the year.

8. Viewing from the above table is the detailed expenditure of all decentralized departments of the Assembly. Nine out of the eleven decentralized departments are fully constituted and operationalized in the district. Touching on compensation of the various departments it could be seen that Central Administration which is the main body overseeing the affairs of all the departments has the largest compensation budget of GHc 423,580 but has spent 45.55% as actual as at June, 5.39% on Goods and Services and 14.35% on Assets.

The Department of Social Welfare and Community Development is the only department which exceeds its half year budget for compensation at a performance rate of 57.84%. This is due to transfer of staff to the department. However, all other departments' performance on compensation was within budget achieving an overall

compensation performance of 47.68% representing GHc 523,674.54 of the budgeted GHc 1,098,313.00 for compensation.

Performance for Goods and Services by decentralized departments is not encouraging due to the non receipt of external funds particularly DACF. While Works department had achieved a performance rate of 19.22%, the Waste Department has utilized 14.35% of its budget on sanitation management activities with Trade and Industry achieving 12% performance rate while others like Agric, Education, Physical Planning, and Disaster Management had spent nothing as at June 2014. These spending are part of Central Administration allocations on programmes to the departments. An overall performance of 8.04% was achieved by the end of June.

More worrying to the Assembly is the standstill on ongoing capital projects due to non release of GoG funds for project executions. This has had a serious repercussion on the Asset accounts of departments. As at June 2014, apart from Central Administration and Health with performance levels of 14.35% and 15.02% respectively, all other departments have not made any spending on assets.

# C. 2014 NON-FINANCIAL PERFORMANCE BY DEPARTMENT (BY SECTORS)

9. The table below shows the key achievements of the Assembly on Non-Financial performance as at June, 2014.

**Table 7: Status of 2014 Budget Implementation – Non Financial Performance** 

| EXPENDITURE             |                    | SERVICES           |             |                    | ASSETS             |                 |  |  |

#### D. SUMMARY OF COMMITMENTS INCLUDED IN THE 2014 BUDGET

10. The table below shows the details of projects which the assembly is already committed. While some of the projects have been completed awaiting their final certificates to be honored, others are on-going projects which have been halted for lack of funds. All these projects and their commitments are to be rolled over onto the 2015 budget as a result of non receipt of funds to achieve the 2014 budget commitments

#### **2015 – 2017 REVENUE PROJECTION – ALL REVENUE SOURCES**

12. The tables below depict the projected revenue of the Assembly in the Medium Term 2015-2017. The 2016 and 2017 fiscal years are only indication of expectations. While IGF was projected to increase at a rate of 10% annually, GOG and Donor releases were projected to increase by 5% in the preceding years (2016 - 2017). Computation of Compensation for 2016 - 2017 was done assuming an automatic step jump annually by the Single Spine Salary Structure table.

#### 2015 – 2017 EXPENDITURE PROJECTION – FROM ALL FUND SOURCES

13. The expenditure table below represents spending by all decentralized departments combined from all generated revenue sources. The expenditures are made up of Compensation, Goods and services and Assets. It is anticipated that in 2015, out of the total projected expenditure of GHCc 9,757,180.02, Compensation will consume 12.26% with Goods and Services utilizing 34.96% while Asset takes the chunk to constitute 52.78%.

**Table 11: Expenditure Projections 2015-2017** 

| ITEM               | 2014  |            | 2015         | 2016          | 2017          |  |
|--------------------|---|------------|--------------|---------------|---------------|--|
| EXPENDITURE HEADS  | BUDGETED ACTUAL AS AT 30 <sup>TH</sup> JUNE |            | PROJECTION   | PROJECTION    | PROJECTION    |  |
| Compensation       | 1,098,313.00                                | 523,674.54 | 1,196,396.88 | 1,214,504.33  | 1,232,919.60  |  |
| Goods and Services | 2,060,460.89                                | 121,644.00 | 3,411,047.90 | 2,196,134.17  | 2,305,940.88  |  |
| Assets             | 2,450,056.11                                | 197,102.34 | 5,149,735.24 | 6,792,688.18  | 7,132,322.59  |  |
| TOTAL              | 5,608,830.00                                | 842,420.88 | 9,757,180.02 | 10,203,326.68 | 10,671,183.07 |  |

14.From the two tables above (14 &15) depicting revenue and expenditure, it could be observed that the Assembly expect to raise a revenue of GHc 9,757,180.02 from sources like Internally Generated Fund (IGF), District Assembly Common Fund (DACF), District Development Facility (DDF) among others.

Similarly, the Assembly expects to expend to the tune of the generated revenue as expenditure on items which encompasses Assets like construction of Classroom blocks, Health Post and other Infrastructures, as well as on Goods and Services like Office materials, Utilities, Transport &Travels, Repairs and Maintenance, Training, Seminars & Workshops among others.

# F. JUSTIFICATION FOR PROJECTS AND PROGRAMMES AND ESTIMATED COST FOR 2015

15. Below is a table showing the priority projects and programmes and their estimated cost for implementation in 2015. All these projects and programmes are extraction from the Assembly's Annual Action Plan and are captured in the 2015 budget of Wassa East District Assembly

**Table 12: Priority Projects and Programmes for 2015 and Corresponding Cost** 

| LIST of PROGRAMMES<br>AND PROJECTS (BY<br>SECTORS)       | IGF (GHc) | DACF (GHc) | DDF (GHc) | OTHER<br>DONOR<br>(GHc) | TOTAL<br>BUDGET<br>(GHc) | Justification- What do you intend to achieve with the programmes/projects and how does this link to your objectives? |

WASSA EAST DISTRICT ASSEMBLY
Page 36

17. The table above shows the various sources of funding for the various departments. The Assembly expects DACF to the tune of GHc **4,488,145.70**, DDF of GHc **378,584.00**, IGF of GHc **663,090.00**. GHc **1,129,009.36** is also expected as GoG transfer for Salaries and Decentralized Departments' goods, services and asset releases while an amount of GHc **3,098,351.01** is also expected as Donor sponsored projects and programmes. A total of GHc **9,757,180.07** is expected to be generated by the Assembly for the smooth execution of its projects and programmes in 2015.

The projected revenue will be equally utilized as expenditure by the various departments in terms of Compensation, Goods, Services and Assets. Viewing from the table indicate that Central Administration receives greater portion of GHc 6,273,129.63 representing 64.29% of the total budget to enhance infrastructural development among others with Education and Health obtaining 14.09% and 6.14% respectively to help achieve the District's policy objective of ensuring that most communities are provided with classroom blocks and CHPS among others to ensure equal access to healthcare and education.

## H. CHALLENGES AND CONSTRAINTS IN THE IMPLEMENTATION OF THE 2014 COMPOSITE BUDGET

- 18. The district is faced with several challenges and constraints in the smooth implementation of the composite budget and key among them are:
- Disconnect between the budgeting and reporting formats especially for common fund.
- Non-release of funds for departments to run their activities effectively.
- The low level of Internally Generated Revenue (IGF)
- The delay in the release of District Assembly Common Fund.
- The constant deduction at source affects the smooth implementation of project and programmes (DACF).
- The weak industrial and low infrastructure base especially in terms of energy and communication.
- The poor road network in the district making accessibility to communities difficult thereby having a serious repercussion on economic activities.
- The Composite Budget system has not been fully understood by some heads of departments as well as Members of the Assembly. As a result their commitment towards the composite budget implementation is minimal.
- The District's economy is largely agrarian thereby resulting in low income levels for its inhabitants. This seriously affects internal revenue generation.

# ASSUMPTIONS UNDERLYING SUCESSFUL IMPLMENTATION OF THE 2015 COMPOSITE BUDGET FORMULATION

The 2015 Composite Budget could be realized based on the following assumptions:

- Timely release of funds for decentralized departments to run their activities
- Improvement in the weak industrial and low infrastructure base especially in terms of energy and communication
- Enhancement in the predominantly agrarian and rural nature of the district
- Improvement in the low level of Internally Generated Revenue
- Avoidable delays in the release of DACF which is the major source of external fund for MMDAs.
- Improvement in the bad nature of roads in the district making accessibility to communities difficult.
- Minimization or avoidance of deduction at source for smooth implementation of project and programmes especially DACF.

#### **JUSTIFICATIONS**

It is the Assembly's believe that if Central Government funds are received on time and the Assembly is able to meet its targeted IGF, then the Assembly will be able to adjudicate its intended projects and programmes geared towards the development of the district to enable it achieve its objectives set in line with the NMTDPF and GSGDA II.
