PART A: INTRODUCTION

1. ESTABLISHMENT AND LOCATION

- Wassa Amenfi West Municipal Assembly traces its establishment to 1956 during the era of District Commissioners. Records show that Ghana's former president; Dr Kofi Abrefa Busia was the first District Commissioner. Asankrangwa has always been its capital. Out of this authority, a number of local authorities have been carved.
- ▶ In 2012 the carving out of yet another local assembly (Amenfi Central) provided a new Legislative Instrument (L.I.2012) which saw the name changing from Wasa Amenfi West District to Amenfi West District Assembly (AWDA). Later in 2018, LI2288 elevated the District Assembly to a Municipal Assembly with Hon George Agyiri as the first Municipal Chief Executive.
- ▶ The Municipal is bounded to the west by Aowin Municipal, south by Jomoro Municipal and Ellembelle District, east by Prestea Huni Valley Municipal and Wassa Amenfi Central District and north by Sefwi Akontombra District and Sefwi Wiawso Municipal. AWMA lies between latitude 5° 22′N and 5° 60′N and longitude 2° 18′W and 2° 37′W. It has a total land area of 1448.6 Square Kilometres with over 198 communities.
- ▶ The Assembly has a total membership of twenty nine (29). This is made up of nineteen (19) elected members, with eight (8) Government Appointees, the Municipal Chief Executive and the Member of Parliament.
- ▶ The Assembly has the following Sub-District Structures; Asankrangwa Town Council, Breman Area Council and Samreboi Area Council. Every Council has a Chairman, Secretary, Treasurer and a National Service Person as the Programme Officer. The municipality has ninety (90) Unit Committee members.

2. PHYSICAL AND NATURAL ENVIRONMENT

The Municipal falls within the wettest parts of the country. Average annual rainfall tapers off from 1750mm at the south to 1500mm at the north. Temperatures are generally high ranging from 24^{0C} - 29^{0C} (75^{0F} - 83^{0F}). Maximum temperatures are in March and coolest month is August.

The vegetation of the Municipality is made up of tropical rainforest in the south where rainfall is heaviest and moist semi – deciduous forest in the northern part. It has three (3) forest reserves covering a total area of 17,536 hectares. The forests contain many timber species like Sapele, Odum, Mahogany, Wawa, Makore, Kroma, Sopi, Esia, Asoma, Denya, Onyina, Kusia and Dahoma

The Amenfi West Municipal lies geologically within the Ghanaian Shield Area which consists of the lower Proterozoic volcanic and the flyschoid metasediments of the Birimian System which is associated with part of gold belt namely Asankrangwa-Mansu-Nkwanta. The rock type also provides mineralization for Bauxite, Manganese, and Iron-ore. There is a good network of rivers and streams. Notable are river Tano, Yire, Kwama and Samre.

3. POPULATION STRUCTURE

The current population of Amenfi West District is projected at 112,555 at a growth rate of 2.5% per annum base on the 2010 Population Census. It is significant to add that about 65% of the population are of the working class providing labour for various businesses. It is also projected that 1.4% of the population are Persons With Disability (PWD).

a. AGRICULTURE

Agriculture is the main economic activity in the Municipal. The sector employs about 75% of the active labour force. Cash crops grown are mostly cocoa, oil palm, and rubber. Major food crops produced include cassava, maize, rice, garden eggs, and tomatoes. Most of the farmers use farm hands; about 56% of the farmers use family hands, 36% use hired labour, and 25% of the farmers use mutual help (Nnoboa). Land acquisition is not a problem to the farmers. It is mostly on leasehold. The farmers use mostly traditional methods of farming. The practice of slash and burn, bush fallowing and shifting cultivation are the main methods used. There are only three (3) extension officers, giving extension services to farmers which are woefully inadequate. This may account for inability of farmers to access information on new technology, improved seeds and proper use of agro-chemical.

To take advantage of these potential, the municipality is prioritizing agriculture under the One – District – One – Factory Policy.

b. MARKET CENTRE

The Amenfi West Municipality has three (3) categories of markets. The first group include the markets at Asankrangwa and Samereboi. These markets are well planned and operated. The Second group are the clustered communities markets which include Mumuni, Oda and Breman. The third group covers community markets dotted across the district.
