PART A: STRATEGIC OVERVIEW

1. ESTABLISHMENT OF THE DISTRICT

Sefwi Akontombra District Assembly was established and inaugurated on 28th February, 2008 by Local Government Act 463, 1993.

The Legislative Instrument (LI) 1884 established the Assembly.

The Assembly has membership of 24 comprising 15 elected members and 7 Government appointees, a Member of Parliament and the District Chief Executive. The Presiding Member chairs during sittings.

The District Assembly consists of 2 Area Councils, (Akontombra Area Council and Nsawora-Edumafua Area Council) with 15 Unit Committees (UCs).

1.1 Location and Size

The Sefwi Akontombra District lies in North Western part of the Western Region between Latitudes 6° N and 6° 30' N and Longitudes 2° 45' W and 2° 15' W.

POPULATION STRUCTURE

The 2010 Population and Housing Census (PHC) indicated that the district has a population of 82,467 made up of 43,603 males and 38,864 females representing 52.87% and 47.13% respectively and a population growth rate of 1.6% as compared to the regional growth rates of 2.0%. However, all other things being equal, the growth rate of 1.6% would lead to a projected population of 93,023 by the year 2020.

The population dynamics includes, high illiteracy level coupled with inadequate knowledge of the implications of keeping large families, teen age pregnancy as well as high rate of immigration for farming purposes are the major contributing factors that would have contributed to this results.

VISION

A serene working environment with modernised infrastructural development, enhanced accessibility to social services and sustained employable opportunities **FOR IMPROVED LIVELIHOOD.**

MISSION

The Sefwi Akontombra District Assembly exist to improve the quality of lives of the people in the District by effectively harnessing and judiciously using the resources at its disposal sustainably coupled with the formulation and implementation of policies and programmes within the framework of good governance.

2. GOALS

The development goal of the Adansi Asokwa District Assembly is to ensure that the socio-

3. CORE FUNCTIONS

Be responsible for the overall development of the District.

Formulate and execute plans, programmes and strategies for the effective, mobilization of resources necessary for the overall development of the District.

Promote and support productive activity and social development in the district and remove any obstacles to initiative and development.

Initiate programme for the development of basic infrastructure and provide District Works and services in the District.

Be responsible for the development, improvement and management of human settlements and the environment in the District.

4. DISTRICT ECONOMY

a. AGRICULTURE

The Sefwi Akontombra District is a predominantly rural economy, with agriculture and its ancillary activities being the main live stay of the people. Agriculture employs about 94.01% of the active population. The District is basically into cocoa farming.

Other economic activities that serve as employment to less than 5.99% of the labour force include logging and lumbering, public and civil service, petty trading, finance, as well as auto mechanics, dressmaking and hairdressing. There is a comparative advantage of cocoa production in the District, so investors into cocoa establishment are hereby invited to site their industries in the District.

Sefwi Akontombra District has enormous economic potentials of which if harnessed could make the district one of the richest in the country. The district is the second largest producer of cocoa in the Western Region. It produces nearly 6000 metric tons of cocoa annually and has the potential for expansion. The district boasts of Three (3) forest reserves and wide expanse of secondary forest rich with exotic timber species. There are large gold deposits at Akontombra and along the banks of the Tano River.

The District also has a high labour force. The District is seen as a conflict free zone with its citizens being friendly and hospitable to welcome people from all walks of life ready to do business in the District.

b. MARKET CENTER

The district can boast of two market centres in two major towns; i.e. Akontombra and Nsawora. The Akontombra market is observed on Fridays while that of Nsawora is on Thursdays. During market days, the people in the district who are mostly farmers bring their foodstuffs and other agriculture produce to the market centres for sale. Other traders from outside the district also bring goods and services to the markets to trade in.

c. ROAD NETWORK

The Akontombra District has a total length of 320 km Feeder Roads with only 181km engineered and 129.5 km highways, with just 9.1KM being tarred and the remaining 120.4km untarred. These are the Akontombra-Wiawso highways, Akontombra-Bodi highways and Akontombra-Dadieso highways. This however, hinders the development of the District, as a lot of cocoa beans and timber logs are exported from the District.

The poor conditions of the roads in the District delay the transportation of farm produce to the market centers, especially during the rainy seasons. This increases post -harvest loss in Agriculture.

We are however, appealing to stakeholders, Philanthropists and Development Partners to come to our aid in this regard. Indeed, the road network in the District is entirely in bad condition, especially during raining season.

THE NATURE OF ROAD NETWORK IN THE DISTRICT

DESCRIPTION	CONDITION	
	Tarred	Gravel Surfaced
1. Akontombra - Juaboso	5.1km	23.9km
2. Akontombra - Dadieso		28.0km
3. Akontombra – Wiawso	3.0 km	66.0km
4. Akontombra Township	1.0km	2.5km
TOTAL	9.1km	120.4km

EDUCATION

The Sefwi Akontombra Education Directorate is divided into Eight (8) Educational Circuits, with 260 public and 115 private schools for an efficient and effective management of educational institutions of the district.

3.5 HEALTH

There is one Hospital (Private), three (3) Health Centres and One (1) Maternity Home (private). There are also Twenty-Three (23) CHPs zones. Malaria continues to top the chart for the top ten reported cases in the district in terms of OPD attendance and death. There is no Medical Doctor in the District to take care of the 82,467 as a result of the health Centres not being upgraded to a hospital status.

d. WATER AND SANITATION

Access to Potable Water

The source of water for households for domestic purposes and drinking are Bore-hole/Pump/ pipe-borne water and Public tap/Standpipe. About 9.1% of the Population also rely on River/Stream as a source of water for drinking, mainly in the hamlets and Cottages

e. ENERGY

The district is partly covered by electricity supply under the national Grid, with about 75% of the communities connected and 10% earmarked to be connected.

The coverage though very satisfactory, the service delivery is nothing good to write-home-about, since power outages and fluctuations is quite rampant in the entire district, a which results in low productivity

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 1: Management and Administration

SUB-PROGRAMME 1.1 General Administration

1. Budget Sub-Programme Objective

- To provide administrative support and ensure effective coordination of the activities of the various departments and quasi institutions under the District Assembly.
- To ensure the effective functioning of all the sub-structures to deepen the decentralization process.

2. Budget Sub-Programme Description

The General Administration sub-programme looks at the provision of administrative support and effective coordination of the activities of the various departments through the Office of the District Co-ordinating Director. The sub-programme is responsible for all activities and programmes relating to general services, internal controls, procurement/stores, transport, public relation and security.

The core function of the General Administration unit is to facilitate the Assembly's activities with the various departments, quasi institution, and traditional authorities and also mandated to carry out regular maintenance of the Assembly's properties. In addition, the District Security Committee (DISEC) is authorized to initiate and implement programmes and strategies to improve security in the District.

The Internal Audit Unit is authorized to spearhead the implementation of internal audit control procedures and processes to manage audit risks, detection and prevention of misstatement of facts that could lead to fraud, waste and abuse to the Assembly.

Under the sub-programme the procurement processes of Goods and Services and Assets for the Assembly and the duty of ensuring inventory and stores management is being led by the Procurement/Stores Unit.

The number of staff delivering the sub-programme is fourteen (10) with funding from DACF, DDF and the Assembly's Internally Generated Fund (IGF).

Benefactors of this sub-program are the departments, Regional Coordinating Council, quasi institutions, traditional authorities, non-governmental organizations, civil society organizations and the general public.

The main challenges this sub programme will encounter are inadequate, delay and untimely release of funds, inadequate office space, and non-decentralization of some key departments.

- Increase environmental protection through re-afforestation.

2. Budget Sub-Programme Description

The Natural Resource Conservation and Management refers to the management of natural resources such as land, water, soil, plants and animals, with a particular focus on how management affects the quality of life for both present and future generations.

Natural Resource Conservation and Management seek to protect, rehabilitate and sustainably manage the land, forest and wildlife resources through collaborative management and increased incomes of rural communities who own these resources.

The sub-programme brings together land use planning, water management, biodiversity conservation, and the future sustainability of industries like agriculture, mining, tourism, fisheries and forestry. It also recognises that people and their livelihoods rely on the health and productivity of our landscapes, and their actions as steward of the land plays a critical role in maintaining this health and productivity. The sub-programme is spearheaded by Forestry Section and Game Life Section under the Forestry Commission.

The funding for the sub-programme is from Central Government transfers. The sub-programme would be beneficial to the entire residents in the District. Some challenges facing the sub-programme include inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.

3. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

Table 29: Budget Sub-Programme Results Statement
