## PART A: STRATEGIC OVERVIEW

### Establishment of the District

The Sene East District is one of the 11 administrative districts in the Bono East Region of Ghana. It was established by a legislative instrument LI 2091. The district capital is Kajaji. In respect to the classification of Ghana Statistical Service, the district is a rural district (GSS, 2021 PHC). This means the district has no single urban community

### Location and Size

The district is located between longitudes 0o 15'E and 0o 15'W and latitudes 7o N and 8o 30'N. The large land size could be seen as a potential area for agricultural development. The location of the district is also strategic since it serves on an entry point to the region from the Oti, Volta and Eastern regions by means of the ferry on the Volta Lake

### DISTRICT SUB-STRUCTURE (AREA COUNCILS)

The District has Two (2) Area Councils, of which most are not operational due lack of funding. These zonal Councils include;

- Kajaji
- Bassa

### COMPOSITION OF THE DISTRICT ASSEMBLY

The Sene East District Assembly is currently having 19 elected Assembly Members and 9 government appointees with One (1) Member of Parliament as well as the District Chief Executive, making a total of 30 members.

#### *Membership of Sene East District Assembly*

Table 1: Membership of Sene East District Assembly:

| Position                 | Male      | Female   | Total     |
|--------------------------|-----------|----------|-----------|
| Elected                  | 19        | 0        | 19        |

| <i>Total</i>             | <b>28</b> | <b>2</b> | <b>30</b> |

## **Population Structure**

The Sene East District has an estimated population of 72,081 (38,433 males and 33,684 females) distributed within 242 settlements with 38 of them being islands created as a result of the formation of the Volta Lake. The population is sparse with a density of about 13.6 persons per sq. km. (Ghana Statistical Service, 2021 PHC).

## **Rural Urban Split**

The 2021 Population and Housing Census depicts a zero rural-urban split for the district. It described the district as completely rural in nature. This situation poses a problem for the distribution of higher order services and functions in the district. Services must have the required threshold population before they are provided. The implication therefore is that, almost all the settlements may not qualify for higher order service.

## **Migration**

Even though there is no scientific data to measure migration in the District, a field survey conducted by the Assembly revealed that the District experiences considerable movement of people in and out as shown by the gross migration rate of 45/1000. Males account for about 45% of this movement. In terms of in-migration, again more males move into the district capital and comprise mostly settler farmers. On the other hand, the female out-migrants exceed the in-migrants. Out of the female out-migrants, over 55% are aged between 15 to 49 years. The two predominant forces for female's migration out of the District are marital and economic reasons. (USAID, Survey, 2017).

## **VISION**

The vision of the Sene East District Assembly is to be a reputable local government entity that promptly satisfies the socio-economic needs of the people to achieve sustainable economic growth to enhance living standards.

## **MISSION**

The Sene East District Assembly exists to work in partnership with community members and civil society organizations to improve access and quality of basic social and economic services to create opportunities for wealth and to empower all citizenry in the district to effectively participate in local governance.

## **GOALS**

The Sene East Distirct Assembly seeks to improve on the living standards of its people through citizen participation in planning, budgeting and the implementation of policies, programmes and projects within the national development framework to address issues of unemployment, healthcare, education, agriculture, water and sanitation on a sustainable basis.

## **CORE FUNCTIONS**

As prescribed by the 1992 Constitution and Local Governance Act, 2016 (Act 936) of Ghana, the District Assembly exercises political and administrative authority in the District, by providing guidance, giving direction to, and supervising all other administrative authorities in the district. The core of the functions to Assembly is to ensure the overall development of the district by undertaking the following:

- To promote the overall development of the district through the preparation and implementation of development plans and budget.
- To cooperate with appropriate security agencies for the maintenance of security and public safety in the district
- To exercises political and administrative authority in the district
- To perform deliberative, legislative and executive functions.
- To promote and support productive activity and social development in the district.
- To initiate programs for the development of the Basic infrastructure and provide services in the District.
- To formulate strategies for effective mobilization of revenue/resources for overall development of the district.
- Perform any functions as may be referred to it by the central government

## **DISTRICT ECONOMY**

### **a. AGRICULTURE**

Agriculture is the mainstay of the district's micro economy. About 74.2% of the labour force in the district is engaged in agriculture. Food crop farming is what is mainly practiced by farmers in the district. Due to the soil capability of the district, crops like yam, rice, maize, cassava, groundnut, cowpea, and sorghum are grown widely. The minor crops grown are plantain and cocoyam. The district also has the potential to cultivate non-traditional crops like cabbage, carrot, pineapple, sweet potato, sesame, and sun flower and soya beans.

The district is one of the major producers of yams, rice and groundnuts in the country. There is, however, a small amount of animal husbandry. It is worthy to note that most farmers in the district produce on subsistence level and therefore earn very low income. In this respect, poverty levels in the district especially among the migrant farmers are very high.

Fishing is also undertaken by communities along the Volta Lake and Sene River. The sector is one of the most vibrant economic activities in the district. The District Assembly derives greater proportion of its internally generated revenue from the fish trade. The fish market located at Kajaji, the district capital attracts traders from Kumasi, Techiman, Ejura and other parts of the country to purchase fish for retail in bigger markets in the country. This sector employs many of people along the two major water bodies. It is estimated that 45% of those engaged in agriculture and fishing are males while 55% are females.

#### **Average Farm Holdings**

Generally, farm holdings in the District are small. About 80% of the farmers had holdings of land size less than 1.0 hectares. This is lower than the national average of 2.0 hectares for small-scale farmers who cultivate between 0.8 and 2 hectares respectively. Sene East District had an average of 0.7 hectares per small scale farmer.

## **b. ROAD NETWORK**

One major determinant of pattern of settlements in a locality is road. The accessibility of roads influences growth in population and aids poverty reduction since economic growth will also be achieved. However, the road network and conditions in the district are deplorable and this exacerbates poverty situation of the people. The Atebubu-Kojokrom road ends at Deiffour along the Volta Lake. The trunk road from Atebubu-Kwame Danso is not tarred and very deplorable. The road is naturally not motorable during rainy and dry seasons. However, Kwame Danso to Deifour is under construction of which about 40kms are tarred. All the major feeder roads are linked to this main road.

At this point, out boat Motors, Ferry and canoes carry passengers and goods across the lake to the Volta Region and the island communities. Parts of the district particularly lands beyond the Sene River and Volta lake have no roads at all. This is because there are no bridges across the Sene River and the Volta, thus rendering of the areas inaccessible by road. The poor nature of the road network is a major constraint to the development of the district. For instance, farmers in the district are among to the major yam producers in the country but find it difficult to transport farm produce to marketing centers and therefore large quantities go bad. This situation hampers the effort of the Assembly to improve the living conditions of the people to enable them to move out of poverty.

The conditions of roads in the district are generally deplorable compelling commercial drivers to charge exorbitant fares which also affect prices of farm produce. The feeder roads are not properly linked and therefore increase the fares of haulage to marketing centers.

The Assembly in its effort to improve the situation has identified all the deplorable engineered and non-engineered roads for construction and rehabilitation. About seven of these roads had been recently constructed to improve network. The Assembly is also facilitating to ensure the tarring of the Kojokrom- Atebubu road which forms part of the Eastern corridor roads to open up the district to investors and the rest of the world. The figure below depicts the total number of accessible feeder roads in the district.

In the 2023 Composite Budget, provision is made for spot improvement of 3km Kajaji town road to improve the road network in the district.

### **c. ENERGY**

Although about 45% of the population of the District is covered with the National electricity grid which serves their domestic and industrial needs, there is an urgent need for extension due increasing urbanization. It is estimated that about 0.06% uses solar energy, especially for domestic purposes. In terms of sources of energy cooking majority depends on firewood.

### **d. HEALTH**

Management of health facilities in the district is the responsibility of the Ghana Health Service (GHS). Due to its new status the district has no hospital and therefore depends largely on Kwame Danso Government hospital in the Sene West District of the Bono East Region and Kete-Krachi Government hospital of the Krachi West District in the Volta Region. The implication is that it will take a considerable period before a qualified medical doctor is posted to the district. Despite the absence of a district hospital and a medical doctor, the district has three health centers located at Bassa, Kajaji and Kojokrom and five functional CHPS Compounds a lower-level health facility at Nyankontre and improvised CHPS at Asuoso and Premuase. Since there is no hospital, the health centres cannot admit patients and therefore refer all critical cases to Sene West District of about 60km by road and Kete-Krachi hospital a two-hour journey across the Volta Lake. (GHS Sene East)

### **Health Infrastructure**

Sene East District has a total of Nine (9) health facilities comprising, Three (3) Health Centers, Five (6) CHPS Compounds.

Below is the list of health facilities available and ownership in the District,

## TOP TEN CAUSES OF MORBIDITY /HOSPITAL ATTENDANCE

Malaria continues to be the leading cause of OPD morbidity followed by Acute Respiratory Tract Infection since 2018 to 2021.

Though, malaria contribution to the total OPD cases had seen a marginal decrease for 2021 with total cases 13,380 and 2020 with total cases 13, 639 but increase in 2019 with total cases 19,599 during the period under review. (GHS Sene East)

#### **e. EDUCATION**

There are 493 Teachers in the District, 89.7% are Trained Teachers. The percentage of Trained Teachers in pre-school, primary and JSS are 16.29%, 47.51% and 24.66% respectively. Comparatively the teacher pupil ratio in the district is lower than the national and regional average at the basic and second cycle levels. The teacher pupil ratio for KG, primary and JHS are 33:1, 33:1, 14:1 respectively.

However, it has been revealed that in spite of the good Pupil-Teacher ratio there are quite a number of schools with very few teachers because those are hard to reach areas.

The performance of BECE for the 2020/2021 academic year stood at 68% which is an improvement over the previous year performance. The reasons for the poor performance include lack of school logistic, Poor Parents participation in Education, poor supervision of teaching and learning especially in the remotest communities. #### **f. F. MARKET CENTERS**

The district is privileged with only one major and vibrant market centre located at Kajaji, the district capital with other community market centres at Premuase- Asuoso ,Akroka and Nyankontre. With the exception of Kajaji fish market which is large, the rest are small village level markets which are slated for upgrading by the Assembly. The traders travel far and near to purchase farm produce such as yam and fish to retail in the large markets all over the country.

Currently, the district has four market centres these are Kajaji, Nyankontre, Premuase and Akokra. In the 2023 Composite Budget, provision is made for construction of meat shop and slaughter slap in Kajaji market.

#### **g. WATER AND SANITATION**

The major sources of water supply in the district are pipe -born water, boreholes with pump, protected well, unprotected well, and rivers/streams, dugout/pond/lake/dam.

In percentage terms it may seem the district is doing well in terms of water coverage as about 70% of the communities have access to portable water. However, going by the United Nations (UN) requirement of 300 people to a borehole, water supply is woefully inadequate as the best community in terms of adequacy of water supply has a ratio of one borehole to over 400 people.

More than half (52.6%) of the total households in the district have no toilet facilities and use the bush and open fields. This shows how residents of the district are patronizing open defecation which is very dangerous to human health. Other toilet facilities used by household in the district are public toilets (29.6%), pit latrine (14.5%) and KVIP (2.5%). The dominant toilet facilities are a reflection of the largely rural nature of the district.

#### **h. ENVIRONMENTAL SITUATION**

The status of the environment in the district is captured under two categories, namely, the Natural Environment where most of the people spend the day to obtain their livelihood and the Built Environment or Human settlement.

##### *Natural Environment*

The natural Environmental consist of the natural physical and non-physical elements that support human life. The Digya National Park (Forest Reserve) has a size of about 3,478 sq. km. This forest reserve provides a natural habitat for wildlife, including the African Elephant, Lion, Leopard, Antelope and others. The reserve also provides protective cover for streams in the district. Since a significant portion of the park is located in the district when fully developed it will attract tourists to the area. Reports indicate that the district has some mineral resources such as petroleum and clay deposits at Premuase, Kojokrom and Krenkuase respectively. It is expected that exploration of this mineral will bring development to the district.

Also, the other natural resources in the district are land and water bodies. Only a third of the district's land size is inhabited by human. The rest are available for agricultural production and investment. Indeed, the land could be seen as potential for commercial

agriculture. Notably, the water bodies are the Volta Lake, and the Sene River. The water bodies in the district serve as a potential source of fishing, irrigation schemes and small-town piped system for potable water. The water resources have provided opportunities for water transport and serve as economic activity for income generation to the inhabitants.

### *Built Environment*

The built environment comprises the settlements and other infrastructure (drainage system, housing for dwellings, road constructions, settlement plans among others) that supports human living. Settlements are dispersed types and most of the houses in the district are constructed with mud or mud bricks, accounting for about 90% of dwelling units. The conditions of houses are generally poor which eventually exposes the houses to disasters such as rainstorm, windstorm and roof leakages, especially rainy seasons. The new district is yet to have full complement of departments such as physical planning to assist the Assembly in land use planning and to improve housing structure.

#### **i. Environmental Pollution**

Water bodies in the district are made up of rivers, streams, lagoon, the sea, dams and wells. Human activities have more or less affected the quality and quantity of this environment which make the resources scarce in nature. These include farming activities around water sources, sand winning, charcoal burning, clearing of vegetation for construction and other purposes thereby exposing the water body and the land to the direct rays of the sun. This eventually dries up the water and causing soil erosion rendering the land infertile which lowest agriculture productivity thereby facilitating hunger and food insecurity.

### **Key Issues/Challenges**

1. Poor access to potable water
2. Poor roads surface condition
3. Lack of modern Market centres
4. Limited coverage of school feeding program
5. Inadequate sanitation facilities in schools
6. Lack of Permanent office accommodation for decentralised departments
7. Inadequate staff residential accommodation

## PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

### **Programme 1: Management And Administration**

#### **1. Budget Programme Objectives**

- To provide support services, effective and efficient general administration and organization of the District Assembly.
- To insure sound financial management of the Assembly's resources.
- To coordinate the development planning and budgeting functions of the Assembly.
- To provide human resource planning and development of the District Assembly.

#### **2. Budget Programme Description**

The program seeks to perform the core functions of ensuring good governance and balanced development of the District through the formulation and implementation of policies, planning, coordination, monitoring and evaluation in the area of local governance.

The Program is being implemented and delivered through the offices of the Central Administration, Human Resource and Finance Departments. The various units involved in the delivery of the program include; General Administration Unit, Budget Unit, Planning Unit, Accounts Office, Procurement Unit, Internal Audit and Records Unit.

A total staff strength of ninety- four (94) is involved in the delivery of the programme. They include Administrators, Budget Analysts, Accountants, Planning Officers, Revenue Officers, and other support staff (i.e. Executive officers, and drivers). The Program is being funded through the Assembly's Composite Budget with Internally Generated Fund (IGF) and Inter-governmental Transfers such as the District Assemblies' Common Fund (DACF) and District Development Facility (DDF).

## ***Sub-Programme 1.1: General Administration***

### **1. Budget Sub-Programme Objective**

- To provide administrative support and ensure effective coordination of the activities of the various departments and quasi-institutions under the District Assembly.
- To ensure the effective functioning of all the sub-structures to deepen the decentralization process.

### **2. Budget Sub-Programme Description**

The General Administration sub-programme looks at the provision of administrative support and effective coordination of the activities of the various departments through the Office of the District Co-ordinating Director. The sub-programme is responsible for all activities and programmes relating to general services, internal controls, procurement/stores, transport, public relation and security.

The core function of the General Administration unit is to facilitate the Assembly's activities with the various departments, quasi-institution, and traditional authorities and also mandated to carry out regular maintenance of the Assembly's properties. In addition, the District Security Committee (DISEC) is mandated to initiate and implement programmes and strategies to improve public security in the District.

The Internal Audit Unit is authorized to spearhead the implementation of internal audit control procedures and processes to manage audit risks, detection and prevention of misstatement of facts that could lead to fraud, waste and abuse to the Assembly.

Under the sub-programme the procurement processes of Goods and Services and Assets for the Assembly and the duty of ensuring inventory and stores management is being led by the Procurement/Stores Unit.

The number of staff delivering the sub-programme is Eleven (11) with funding from Inter-governmental Transfer, DACF, DACT-RFG etc. and the Assembly's Internally Generated Fund (IGF). Beneficiaries of this sub-program are the departments, Regional Coordinating Council, quasi-institutions, traditional authorities, non-governmental organizations, civil society organizations and the general public.

The main challenges this sub programme will encounter are inadequate, delay and untimely release of funds, inadequate office space, and non-decentralization of some key departments.

### 3. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

## ***Sub-Programme 1.2: Finance and Revenue Mobilization***

### **1. Budget Sub-Programme Objective**

- To insure sound financial management of the Assembly's resources.
- To ensure timely disbursement of funds and submission of financial reports.
- To ensure the mobilization of all available revenues for effective service delivery.

### **2. Budget Sub-Programme Description**

This sub-programme provides effective and efficient management of financial resources and timely reporting of the Assembly finances as contained in the Public Financial Management Act, 2016 (Act 921) and Public Financial Management Regulation, 2019 (L. I. 2378). It also ensures that financial transactions and controls are consistent with prevailing financial and accounting policies, rules, regulations, and best practices.

The sub-program operations and major services delivered include: undertaking revenue mobilization activities of the Assembly; keep, render and publish statements on Public Accounts; keep receipts and custody of all public and trust monies payable into the Assembly's Fund; and facilitates the disbursement of legitimate and authorized funds.

The sub-programme is manned by Twenty Seven (27) officers comprising 2 Accounts officers, 16 permanent Revenue Officers and 9 Commission collectors with funding from DACF and Internally Generated Fund (IGF).

The beneficiaries of this sub- program are the departments, allied institutions and the general public. This sub-programme in delivering its objectives is confronted by, inadequate data on ratable items and lack of vehicle for revenue mobilization and public sensitization.

### **3. Budget Sub-Programme Results Statement**

The table indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

### ***Sub-Programme 1.3: Human Resource Management***

#### **1. Budget Sub-Programme Objective**

- To achieve institutional performance goals that are linked to the individual and team performance objectives, as the basis for measuring performance results and merit.
- To provide Human Resource Planning and Development of the Assembly.
- To develop capacity of staff to deliver quality services.

#### **2. Budget Sub-Programme Description**

The Human Resource Management seeks to improve the departments, division and unit's decision making and build capacity of the manpower which will ultimately improve the workforce and organizational effectiveness. In carrying out this sub-programme it is expected that productivity would be enhanced at the Assembly as well as decision making in the management of Human Resource.

Major services and operations delivered by the sub-program include human resource auditing, performance management, service delivery improvement, upgrading and promotion of staff. It also includes Human Resource Management Information System which ensures frequent update of staff records through electronic means, guaranteeing efficient and good salary administration, facilitation of recruitment and selection as well as postings of competent staffs to fill available vacancies at the district.

Under this, one (1) staff will carry out the implementation of the sub-programme with main funding from Inter-governmental Transfer, DACF Assembly and Internally Generated Fund. The work of the human resource management is challenged with inadequate staffing levels, inadequate office space and logistics. The sub-programme would be beneficial to staff of the Departments of the Assembly, Local Government Service Secretariat and the general public.

#### **3. Budget Sub-Programme Results Statement**

The table indicates the main outputs, its indicators and projections by which the District Assembly's measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

## **Sub-Programme 1.4: Planning, Budgeting and Coordination**

### **1. Budget Sub-Programme Objective**

To facilitate, formulate and co-ordinate the development planning and budget management functions as well as the monitoring and evaluation systems of the Assembly.

### **2. Budget Sub-Programme Description**

The sub-programmes coordinate policy formulation, preparation and implementation of the District Medium Term Development Plan, Monitoring and Evaluation Plan as well as the Composite Budget of the District Assembly. The two (2) main unit for the delivery is the Planning and Budget Units. The main sub-program operations include;

- Preparing and reviewing District Medium Term Development Plans, M& E Plans, and Annual Budgets.
- Managing the budget approved by the General Assembly and ensuring that each program/project uses the budget resources allocated in accordance with their mandate.
- Co-ordinate and develop annual action plans, monitor and evaluate programmes and projects
- Periodic monitoring and evaluation of entire operations and projects of the Assembly to ensure compliance with rules, value for money and enhance performance.
- Organizing stakeholder meetings, public forum and town hall meeting.

Six (6) officers will be responsible for delivering the sub-programme comprising 4 Budget Analysts and 2 Planning Officers. The main funding source of this sub-programme is DACF Assembly transfer and the Assembly Internally Generated Funds. Beneficiaries of this sub- program are the departments, allied institutions and the general public.

Challenges hindering the efforts of this sub-programme include inadequate office space for Budget and Planning officers, inadequate data on ratable items and inadequate logistics for public education and sensitization.

## ***Sub-Programme 1.5: Legislative Oversight***

### **1. Budget Sub-Programme Objective**

To ensure full implementation of the political, administrative and fiscal decentralization reforms.

### **2. Budget Sub-Programme Description**

This sub-programme formulates appropriate specific district policies and implements them in the context of national policies. These policies are deliberated upon by its Zonal Councils, Sub-Committees and the Executive Committee. The report of the Executive Committee is eventually considered, approved and passed by the General Assembly into lawful district policies and objectives for the growth and development of the district.

The office of the Honourable Presiding Member spearheads the work of the Legislative Oversight role and ably assisted by the Office of the District Coordinating Director. The main unit of this sub-programme is all the Two (2) Area Councils, Office of the Presiding Member and the Office of the District Coordinating Director.

The activities of this sub-programme are financed through the IGF, and DACF of the Assembly. The beneficiaries of this sub-programme are the Area Councils, local communities and the general public.

Efforts of this sub-programme are however constrained and challenged by the inadequate logistics to the Area Councils of the Assembly to operate effectively.

## **Sub-Programme 2.5: Environmental Health**

### **1. Budget Sub-Programme Objective**

The main objective of this sub-programme is to formulate, plan and implement district environmental and sanitation health policies within the framework of national sanitation policies and guidelines provided by the Minister of water and sanitation.

### **2. Budget Sub-Programme Description**

The sub-programme aims at facilitating improved environmental sanitation and good hygiene practices in both rural and urban dwellers in the District. It provides, supervises and monitors the execution of environmental health and environmental sanitation services. It also aims at empowering individuals and communities to analyse their sanitation conditions and take collective action to change their environmental sanitation situation. The sub-program operations include;

- Advising the Assembly on all matters relating to environmental health including diseases control and prevention.
- Inspection of meat, fish, vegetables and other foodstuff and liquids of whatever kind or nature, whether intended for sale or not and to seize, destroy and otherwise deal with such foodstuff or liquids as are unfit for human consumption.
- Supervise and control slaughter houses and pounds and all such matters and things as may be necessary for the convenient use of such slaughter houses.
- Advise and encourage the keeping of animals in the district including horses, cattle, sheep and goats, domestic pets and poultry.

The sub-programme would be delivered through the offices of the District Environmental Health Unit with total staff strength of fourteen (14). Funding for the delivery of this sub-programme would come from Inter-governmental Transfers, development partner fund and Internally Generated Funds. The beneficiaries of the sub-program are the various health facilities and entire citizenry in the district.

Challenges militating against the success of this sub-programme include delay and untimely release of funds from central government, inadequate office space, inadequate equipment and logistics to environmental health unit.

## **BUDGET PROGRAMME SUMMARY**

### **PROGRAMME 5: ENVIRONMENTAL MANAGEMENT**

#### **1. Budget Programme Objectives**

- To ensure that ecosystem services are protected and maintained for future human generations.
- To manage disasters by co-ordinating resources and developing the capacity of communities to respond effectively to disasters and improve their livelihood through social mobilization, employment generation and poverty reduction projects.

#### **2. Budget Programme Description**

The Environmental Management offers research and opinions on use and conservation of natural resources, protection of habitats and control of hazards. It also seeks to promote sustainable forest, wildlife and mineral resource management and utilization.

The Disaster Prevention and Management programme is also responsible for the management of disasters as well as other emergencies in the District. It seeks to enhance the capacity of society to prevent and manage disasters and to improve the livelihood of the poor and vulnerable in the rural communities through effective disaster management, social mobilization, and employment generation.

Staff from NADMO and Forestry Commission in the District are undertaking the programme with funding from Inter-governmental Transfers and Internally Generated Funds of the Assembly. The beneficiaries of the program include urban and rural dwellers in the District.

## ***Sub-Programme 5.1: Disaster Prevention and Management***

### **1. Budget Sub-Programme Objective**

To manage disasters by co-ordinating resources and developing the capacity of communities to respond effectively to disasters and improve their livelihood through social mobilization, employment generation and poverty reduction projects.

### **2. Budget Sub-Programme Description**

The National Disaster Management Organization (NADMO) section under the Assembly is responsible for delivering the sub-programme. It seeks to assist in planning and implementation of programmes to prevent and/or mitigate disaster in the District within the framework of national policies.

The sub-program operations include;

- To facilitate the organization of public disaster education campaign programmes to create and sustain awareness of hazards of disaster and emphasize the role of the individual in the prevention of disaster.
- To assist and facilitate education and training of volunteers to fight fires including bush fires or take measures to manage the after effects of natural disasters.
- Prepare and review disaster prevention and management plans to prevent or control disasters arising from floods, bush fires, and human settlement fire, earthquakes and other natural disasters.
- To participate in post disaster assessment to determine the extent of damage and needs of the disaster area.
- Co-ordinate the receiving, management and supervision of the distribution of relief items in the District.
- Facilitate collection, collation and preservation of data on disasters in the District.

The sub-programme is undertaken by officers from the NADMO section with funding from the Inter-governmental Transfers and Assembly's support from the Internally Generated Fund and DACF. The sub-programme goes to the benefit of the entire citizenry within the District. Some challenges facing the sub-programme include inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.

## ***Sub-Programme 5.2: Natural Resource Conservation and Management***

### **1. Budget Sub-Programme Objective**

- To ensure that ecosystem services are protected and maintained for future human generations.
- To implement existing laws and regulations and programmes on natural resources utilisation and environmental protection.
- Increase environmental protection through re-afforestation.

### **2. Budget Sub-Programme Description**

The Natural Resource Conservation and Management refers to the management of natural resources such as land, water, soil, plants and animals, with a particular focus on how management affects the quality of life for both present and future generations.

Natural Resource Conservation and Management seek to protect, rehabilitate and sustainably manage the land, forest and wildlife resources through collaborative management and increased incomes of rural communities who own these resources.

The sub-programme brings together land use planning, water management, biodiversity conservation, and the future sustainability of industries like agriculture, mining, tourism, fisheries and forestry. It also recognises that people and their livelihoods rely on the health and productivity of our landscapes, and their actions as steward of the land plays a critical role in maintaining this health and productivity. The sub-programme is spearheaded by Central Administration of the Assembly and in collaboration with Forestry and Game Life Sections of the Forestry Commission since that department is not yet established under the Assembly.

The funding for the sub-programme is from Central Government transfers. The sub-programme would be beneficial to the entire residents in the District. Some challenges facing the sub-programme include inadequate office space and inadequate logistics for public education and sensitization.

### 3. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.
