PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the Municipality

Ahafo Ano North Municipal is among the 43 administrative districts in the Ashanti Region. The district was elevated into a Municipal status in November 2017 (L.I. 2264). The Municipality has 39 electoral areas with 7 zonal councils.

The Assembly has 58 Assembly members made up of 39 elected and 17 appointed members including (MCE & MP). The Assembly has 6 female members and 50 male members.

The Municipality has one (1) constituency and one (1) Member of Parliament

Population Structure

The total population of the Municipality according to 2021 PHC is 92,742, made up of **50.40% (46,753)** males and **49.60% (45,988)** females.

Vision

Aspire to achieve a healthy, literate and democratic society with equal and fair socioeconomic opportunity for all citizens

Mission

The Ahafo Ano North Municipal Assembly exists to improve the living conditions of people in the Municipality by mobilizing the human and material resources in providing social and infrastructural facilities and services for balanced development

Goals

The development goals of the Ahafo-Ano North Municipal Assembly are to ensure;

- Build a prosperous society
- Create opportunities for all
- Safeguard the natural environment and ensure a resilient built environment and
- Maintain a stable, united and safe society.

Core Functions

The core functions of the Ahafo-Ano North Municipal Assembly are outlined below:

- i. Formulate and execute plans, programmes and strategies for the effective mobilization of the resources necessary for the overall development of the Municipal.
- ii. Promote and support productive activity and social development in the Municipal and remove any obstacles to initiative and development.
- iii. Initiate programmes for the development of basic infrastructure and provide works and services in the Municipal.
- iv. Be responsible for the development, improvement and management of human settlements and the environment in the Municipal.
- v. In co-operation with the appropriate national and local security agencies, be responsible for the maintenance of security and public safety in the Municipal.
- vi. Ensure ready access to courts and public tribunals in the Municipality for the promotion of justice;
- vii. Initiate, sponsor or carry out such studies as may be necessary for the discharge of any of the functions conferred by the act or any other enactment;
- viii. Co-ordinate activities of all the decentralized departments for incorporation into the Municipal Assembly's main plan.
- ix. Perform such other functions as may be provided for under any other enactment.

Municipal Economy

• Agriculture

Agriculture which is the mainstay of the Municipal economy employs about 78.7 % of the labor force. Farming in the Municipality is mostly subsistence (90%) and the farmers cultivate both food and cash crops. The main food crops produced, to mention a few, are cassava, plantain, rice, cocoyam, maize, yam, and vegetables. Cocoa is the major cash crop grown in the Municipality followed by Oil Palm. There

has been the emergence of non-traditional crops like, Citrus, Pineapple, Mango, Pawpaw, Banana, and Coconut.

Road Network

There is a total of 520km road network in the Municipality of which 49km is tarred with 471km untarred. This has been a major problem to development as mobility from some community to the other becomes impossible during the rainy seasons.

• Energy

The Municipality is hooked onto the National Electricity Grid with nearly all the major communities. Power production and supply is done by the Volta River Authority (VRA) while distribution is carried out by NEDCo. Beposo, Katapei and Nyameadom have been connected to solar energy by a private solar operator, Black Star Energy. The Ministry of Energy and Petroleum intends to connect additional 33 communities in the Municipality to the National Power Grid.

Health

The Municipality has 1 Hospital, 6 Health Centres, 7 CHPS Compounds, 2 Maternity Home / Clinic. These health facilities are fairly distributed across the length and breadth of the Municipality. The Municipality can also boast of 1 Nursing and Midwifery Training College which has campuses at Tepa and Anyinasuso.

• Education

Almost all the major communities in the Municipality have basic schools. The Municipality has 2 Senior High Schools at Tepa and Mabang. There are 76 Primary Schools and 65 Junior High Schools.

• Market Centres

Tepa has a weekly market where traders converge on Thursdays to sell their goods and also buy local staples like Rice, plantain, cassava, maize, vegetables

in large quantities. There are also small daily markets in other communities like Anyinasuso, Mabang, Akwasiase, Abonsuaso and Betiako.

• Water and Sanitation

The residents of Tepa have access to pipe borne water provided and managed by the Ghana Water Company. Small Town Pipe Systems exist in Akwasiase, Mabang, Asuhyiae and Ayinasuso. Other communities within the Municipality are also served with bore holes fitted with hand pumps and mechanized boreholes. Some communities have grown in size and need to be provided with small town water supply system. These communities include Bonkrom-Kyekyewere, Abonsuaso, Betiako, Twabidi, Amakrom/Tettekrom, Subriso, Manfo and Dwaaho. Current interventions under the Infrastructure for Poverty Eradication Programme (IPEP) in the Municipality include three Community-Based Mechanized Solar Powered Water Systems at Bredi, Numesua and Subriso.

The Municipal Assembly is collaborating with Zoom Lion Company Ltd to manage the collection of refuse in some selected communities in the Municipality. Communal containers have been placed at some vantage points in the selected communities and are evacuated daily to the final disposal site at Kruboa.

A total of twenty eight (28) public toilets can be found in the Municipality made up of two Water Closets, Two Environ loom, and one Aqua Privy with the rest being KVIPs. These toilet facilities are mostly found in the major communities such as Tepa, Akwasiase, Mabang, Anyinasuso, Betiako, Subriso, Manfo, Dwaaho, Asuhyiae and Abonsuaso.

• Tourism

Asuhyiae Confluence

River Tano and its tributaries converging at Asuhyiae have attractive scenery, thus placing it on high tourist potential. To open up the confluence at Asuhyiae to tourists, the Municipal Assembly is going to construct better roads to the site

Grotto Sacred Spot

The Municipality has undulating landscape with few high grounds between Dwaaho and Manfo. This area has beautiful scenery and currently serves as an ideal praying ground for religious groups.

This is the highest point in the Municipality at Manfo about Nine (9) kilometres from the Municipal capital. When one stands on this highland, one can see all the communities around the area far and near. This spot offers a convenient and congenial atmosphere for Catholic faithful and other Christians who come to offer Prayers annually

Environment

The green economy of the Municipality has been extensively disturbed by human activities depriving the Municipality of valuable tree species and other forest products. There is a great need to integrate environmental concerns in planning in the light-of competing need of urbanization, agriculture and industrialization and their impact on the environment. Since the mainstay of the Municipality economy is agrarian, there is the need to develop sustainability in the use of agricultural land. There are a number of programmes initiated to replant and green some of the degraded lands. Efforts would be made to restore degraded natural resources through National Forest Plantation Development Programme and restoring degraded mining areas. Effort would be made to enforce the existing laws on environment and the staff of Forestry commission would need to be adequately resourced to enable them carry their day-to-day monitoring. Local communities, as custodians of natural resources often possess immense knowledge about local ecosystem, resources and their use that could serve as a useful resource for the management of natural resources. Communities would continue to be involved in the management of natural resources at the local level to assist Forestry Commission in forest governance. Forestry Commission would be encouraged to develop more innovative mechanisms such as establishing Reforestation Committees in the in the management of natural resource.

To contain the situation and restore the Municipality's ecological balance, there is the need to expand and intensify the on-going conservation activities. Environmental conversation bye-laws of the Assembly must be enforced without fear or favor to the letter to help reduce the pressure on the environment, climate change and green economy.

Landscaping would be vigorously mainstreamed into all the assembly's new constructional projects. This is to ensure that project sites are protected from both wind and water erosion. The general public would be encouraged to mainstream landscaping into the constructional projects to reduce their compounds' exposure to wind and water erosion. Enforcement of appropriate laws on chain saw operations in the Municipality would continue to engage the authorities' attention. Tree planting would need to be on the Municipality's development agenda and aggressive efforts would be made to plant more trees. Efforts to enforce appropriate laws on illegal mining activities in the municipality would be aggressively pursued. Farmers would be educated on modern farming technology including construction of fire belts and appropriate use of chemicals.

Key Issues/Challenges

- Poor state of roads in the Municipality
- Inadequate Access to Portable Water
- Inadequate and Poor Electricity Supply
- Inadequate Sanitation Services
- Inadequate and inequitable distribution of critical health staff mix
- Poor Telecommunication Services

Key Achievements in 2024

Revenue Mobilization Strategies

1. Improving the Local Tax Base

The Ahafo Ano North Municipal Assembly shall make conscious efforts to increase her local revenue coverage (tax base) to improve collection by adopting the following strategies:

- Consciously identify new revenue items within the confines of the law on a continuous basis;
- Regular update of the tax base to ensure that the data is reliable credible at all times. This involves ensuring that new properties, businesses and other revenue items are captured in the database and those that have ceased to exist deleted;
- Valuation, revaluation and supplementary valuations are carried out accordingly.
- Addressing of physical developments is controlled to ensure that new ones are addressed and processed into the database.

2. Improving Collection Operations

The following will be used to enhance revenue collection:

- Involve of ratepayers in the FFR processes by getting to contributing to the setting of the amounts and how they think collection can be improved;
- Gazette the FFR resolutions;
- Introduce an effective and efficient billing system; and
- Establish collection points closer to ratepayers and publicise it.
- Provide services to the public for payment of their rates and fees;
- Educate public on the use of the IGF;
- Build on best practices of improving on general collection.

3. Increasing Controls to Reduce Leakage

To reduce revenue leakages, the Assembly will perform the following actions:

• Organise surprise field check of the billing and collection processes (for collections it should be to check both the collectors and payers);

- Set targets for the collectors based on the data available;
- Have a process of tracking collections, defaulters and outstanding payments; and
- Educate the public on the payment requirements and consequence of defaulting.

4. Improving Administrative Efficiency to Reduce Collection Costs Improving revenue performance depends on the cost of collecting revenues and simplified administrative procedures. The following will be adapted by the Assembly to improve administrative efficiency:

- Apply simple budget effective rates and fees administration procedures;
- Reduce cost of collection or compliance by assigning appropriate staff, setting targets and tracking performance;
- Recruit of competent staff and retraining of existing ones;
- Establish of an effective control, supervision and monitoring mechanism over the collection process;
- Increase allocation of resources for investment in revenue generation ventures such as stores, markets, lorry parks and sanitation facilities (toilets and bathrooms).
- Set revenue targets to be achieved and organise sessions to review performance;
- Set-up rewards system for revenue collectors;
- Arrange for the requisite logistics to facilitate improved collections; and monitor and report on the progress of plan.

PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

Budget Programme Objectives

- To provide support services, effective and efficient general administration and organization of the Municipal Assembly.
- To ensure sound financial management of the Assembly's resources.
- To coordinate the development planning and budgeting functions of the Assembly.
- To provide human resource planning and development of the Municipal Assembly

Budget Programme Description

The program seeks to perform the core functions of ensuring good governance and balanced development of the Municipality through the formulation and implementation of policies, planning, coordination, monitoring and evaluation in the area of local governance.

The Program is being implemented and delivered through the offices of the Central Administration, Human Resource and Finance Departments. The various units involved in the delivery of the program include; General Administration Unit, Budget Unit, Planning Unit, Accounts Office, Procurement Unit, Internal Audit and Records Units.

A total staff strength of Seventy (70) are involved in the delivery of the programme. They include Administrators, Budget Analysts', Accountants, Planning Officers, Revenue Officers, and other support staff (i.e. Executive officers, and drivers). The Program is being funded through the Assembly's Composite Budget with Internally Generated Fund (IGF) and Government of Ghana transfers such as the District Assemblies' Common Fund (DACF) and District Assembly Common Fund Responsive Factor Grant (DACF-RFG).

SUB-PROGRAMME 1.1 General Administration

Budget Sub-Programme Objective

- To provide administrative support and ensure effective coordination of the activities of the various departments and quasi-institutions under the Municipal Assembly.
- To ensure the effective functioning of all the sub-structures to deepen the decentralization process

Budget Sub- Programme Description

The General Administration sub-programme looks at the provision of administrative support and effective coordination of the activities of the various departments through the Office of the Municipal Co-ordinating Director. The sub-programme is responsible for all activities and programmes relating to general services, internal controls, procurement/stores, transport, public relation and security.

The core function of the General Administration unit is to facilitate the Assembly's activities with the various departments, quasi-institution, and traditional authorities and also mandated to carry out regular maintenance of the Assembly's properties. In addition, the Municipal Security Committee (MUSEC) is mandated to initiate and implement programmes and strategies to improve public security in the Municipality.

The Internal Audit Unit is authorized to spearhead the implementation of internal audit control procedures and processes to manage audit risks, detection and prevention of misstatement of facts that could lead to fraud, waste and abuse to the Assembly.

Under the sub-programme the procurement processes of Goods and Services and Assets for the Assembly and the duty of ensuring inventory and stores management is being led by the Procurement/Stores Unit.

The number of staff delivering the sub-programme is forty-two (42) with funding from GoG transfers (DACF, DACF-RFG etc.) and the Assembly's Internally Generated Fund (IGF). Beneficiaries of this sub-program are the departments, Regional Coordinating Council,

quasi-institutions, traditional authorities, non-governmental organizations, civil society organizations and the general public.

The main challenges this sub programme will encounter are inadequate, delay and untimely release of funds, inadequate office space, and non-decentralization of some key departments.
