PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the District

The Kwabre East Municipality was part of the former Kwabre District which was carved out of the former Kwabre Sekyere District in 1988. It became Kwabre East District after the creation of Afigya Kwabre District out of the Kwabre District in 2008. In November, 2017, it was upgraded into a Municipal status by LI 2265.

Location and Size

The Kwabre East Municipal Assembly is one of the forty-three (43) districts in the Ashanti region. It is located almost at the central portion of the Ashanti region. The Municipality shares common boundaries with Sekyere South District to the North; Old Tafo Municipality to the South; Asokore Mampong to the South East. Ejisu - Juaben Municipality to the East and Afigya Kwabre south to the West. It has a total land surface area of approximately 214.3 km² which is about 0.9 percent of the Ashanti Region's land area. There are 43 communities, 6 Zonal Councils, 31 Electoral Areas and One Constituency.

Population Structure

The population of Kwabre East Municipality according to 2021 population and housing census stands at 296,814 with 143,684 males 48.41% and 153,130 females 51.64%.

Vision

A well – secured environment where people have decent livelihood and easy access to quality social services.

Mission

To provide quality services through effective mobilization and prudent utilization of resources for sustainable socio- economic and cultural development of the Municipality in partnership with all stakeholders.

Goals

The goal of the Kwabre East Municipal Assembly is to ensure that all people in the Municipality have access to quality basic social services such as health care, education and to create enabling environment for job creation and protection of the vulnerable in collaboration with all stakeholders.

Core Functions

Section 12 of the Local Governance Act, 2016 (936) stipulates the functions of Metropolitan, Municipal and District Assemblies (MMDAs) for which Kwabre East Assembly is not an exception. The functions include the following;

- 1.1 Exercises political and administrative authority in the Municipality, provides guidance gives direction and supervises other administrative authorities in the Municipality as may be prescribed by law.
- **1.2** Formulates and executes plans, programmes and strategies for the effective mobilization of resources necessary for the overall development of the Municipality.
- **1.3** Takes the steps and measures that are necessary and expedient to execute approved Development Plans for the Municipality.
- **1.4** Exercises deliberative, legislative and executive functions.

- 1.5 Monitors the execution of projects under approved development plans, assesses and evaluates their impacts on the development of the Municipality and national economy in accordance with government policy.
- **1.6** Ensures ready access to courts in the municipality for the promotion of justice.
- 1.7 Co-ordinates, integrates and harmonizes the execution of programmes and projects under approved development plans for the Municipality and other development
- **1.8** programmes carried out by Ministries, Departments, public corporation and other statutory bodies in the Municipality.
- **1.9** Act to preserve and promote the cultural heritage within the Municipality.

District Economy

The Municipality is economically vibrant. As a result of it being closer to Kumasi and being part of "The Greater Kumasi" and easy accessibility to Social Amenities, it keeps on attracting more investors into the municipality. The economic activities in the Municipality can be grouped under Agriculture, Industry and Services among others.

Service: Trading, personal services such as hairdressing and barbering, drinking and 'chop bar' operations, transport, tourism and other services make up the service sector. Out of the 60.9% of the population who are employed, 92.8% are in the private sector with 86% of them engaging in private informal economic activities (GSS 2010). Out of the 35.5%, hair dressing and dressmaking stand out as the highest employer. Most of the people in the municipality engage in hairdressing and dressmaking activities with these activities being carried out in all the settlements within the municipality.

Industry: Commodities traded range from agricultural produce to industrial products (food and non-food items). These trading activities are both in and out of the municipality. The bulk of the commodities that are brought from Kumasi are mostly industrial (finished) products. The locally produced goods such as handicrafts and Kente are transported to other districts for commercial purposes. Auto mechanic repairs is not a major activity in the district. However, there are a few auto mechanic shops in the municipality with the most popular of them all being situated at Mamponteng

• Agriculture

Agriculture is still an important economic activity since it employs about 40% of the active labor force even though the Municipality is fast becoming more urbanized. The major crops cultivated in the Municipality are food crops such as maize, rice, cassava, yam, plantain, tomato, pepper, garden eggs and okra, which are produced for both subsistence and commercial purposes. Poultry and livestock farming also engage many people in the Municipality. The Planting for Export and Rural Development (PERD) programme has been of immense benefit to farmers within the Municipality. Since the programme's inception in 2019, farmers within the Municipality have annually been supplied with significant quantities of cocoa and coconut seedlings. In (2023), 40 males and 6 females constituting 46 farmers were supplied with 4,350 coconut seedlings, planted in 24.9 hectares of farmland. Another government's flagship programme bringing about positive transformational changes in the Agricultural sector is the Planting for Food and Jobs (PFJ) programme where the Department received and distributed livestock to farmers.

Road Network

The Municipality has a good road network, however, besides the main Kumasi-Mampong Trunk Road, majority of the roads in the municipality are under construction. This has led to heavy traffic congestion on the main truck road. The total road network as at 2024 is 1003km, made up of 61km tarred and 936km untarred road. Under the Ghana Secondary Cities Support Programme to upgrade some selected roads in the Municipality, 6.70km are been tarred.

Energy

Almost all the major communities in the Municipality are connected to the national grid. Extension of electricity to the newly-developed areas is however, a challenge, but the Assembly is working seriously with the ECG office in the municipality to get it solved.

Health

The Municipality has 27 health facilities made up of 2 Government Hospitals, 15 Private Health facilities, 1 Mission Health Hospital, 4 Health centers, and 5 Maternity Homes.

There are 7 Medical Doctors, 5 Physician Assistants, 653 Nurses and other Health Professionals. The 2 top OPD cases are malaria and Upper Respiratory Tract Infection (URTI). Currently, 3 CHPs compounds are fully operational at Kasaam, Bosore and Truba. Construction of Health Centre at kenyase is completed but yet to be furnished with medical equipment while a CHPs compound at Bampenase is still in progress.

• Education

The Municipality currently has 252 pre-schools, 251 primary schools, 168 JHS and 10 SHS. There is also one private university, (Garden City University College, Kenyase). The Municipality is equipped with a total number of 2804 teachers; made up of 258 for kindergarten, 656 for primary, 879 for Junior High School and 830 for senior high school. A number of classroom blocks and teachers' quarters have been constructed to support the educational sector. The total number of educational institutions in Kwabre East now stands at 682.

• Market Centers

The Assembly has few market facilities, a situation which does not promote local economic development in the municipality. The Assembly in its quest to improve on the market centres renovated the Adanwomase to include some lockable stores to secure the wares of the traders in the market. A market complex under Construction at Mamponteng has stalled since 2012. However, under the Ghana Secondary cities programme, the assembly has completed the Phase one of the 80 number lockable stores with 120 stalls.

Water and Sanitation

Provision of water facilities have been improved significantly. Aside the Mamponteng community that enjoys the Small Water System, the Assembly has put in much effort to construct and mechanize some boreholes across the Municipality. With respect to sanitation, the Municipality is becoming urbanized and therefore effective waste management has become a major challenge. In solid waste management, the Assembly has managed to evacuate one refuse dump within the municipality this year. Some

commitment has also been made to acquire an additional dumping site. In liquid waste management, the Assembly is also in collaboration with other private investors to construct water Closet Public Toilet Facilities throughout the Municipality. There are heaped refuse dumps scattered in the communities. The evacuation of these refuse requires huge resources, that, the Assembly is doing its best to get them evacuated.

• <u>Tourism</u>

The Kwabre East Municipality is renowned for its tourism potentials. The main tourist attractions are the manufacturing and sale of traditional textiles such as Kente, Adinkra prints, woodcraft and artifacts. Ahwiaa is noted for wood-carving, Ntonso is also noted for Adinkra print- making and Adanwomase, Wonoo, Bamang and others are renowned for the rich kente-weaving. Another important tourist attraction site is the Antoa Shrine at Antoa which brings not less than 100 people daily to the place. All these sites are less than 10 km from Kumasi, the regional capital and as such boosts the tourism potential of the municipality.

• Environment

To provide safe environment for economic activities and habitation, the Assembly embarks on fumigation and regular clean-up exercise of public places and institutions within the municipality. It also organizes public education programmes to sensitize the citizens on promoting safe environment as well as tree planting programmes.

• **SERVICES**

Services offered in the Municipality include petty trading, transport, auto mechanic, hairdressing, dressmaking among others. The services sector employs about 53% of the labor force.

INDUSTRY

The industrial sector consists of a wide range of Micro, Small and Medium Scale manufacturing and processing activities including agro processing, wood-based,

handicrafts, textiles based, metal-based factory, quarrying, construction and other activities. Industry also takes about 7% of the work force.

• SOCIAL PROTECTION ISSUES

The Municipality is benefiting from Social Protection Programmes with Persons with Disability, LEAP, NHIS and now the Inter Sectorial Social Services (ISS) initiative with support from UNICEF.

SUB-PROGRAMME 1.1 General Administration Budget Sub-Programme Objective

To broaden participation in global governance

Budget Sub- Programme Description

The General Administration sub-programme looks at the provision of administrative support and effective coordination of the activities of the various departments through the Office of the Co-ordinating Director. The sub-programme is responsible for all activities and programmes relating to general services, internal controls, procurement/stores, transport, public relation and security. The core functions of the General Administration Unit are to facilitate the Assembly's activities with the various departments, quasi-institution, and traditional authorities and also mandated to carry out regular maintenance of the Assembly's properties. In addition, the Municipal Security Committee (MUSEC) is mandated to initiate and implement programmes and strategies to improve public security in the Municipality. The Internal Audit Unit is mandated to spearhead the implementation of internal audit control procedures and processes to manage audit risks, detection and prevention of misstatement of facts that could lead to fraud, waste and abuse to the Assembly. Under the sub-programme, the procurement processes of Goods and Services and Assets for the Assembly and the duty of ensuring inventory and stores management is being led by the Procurement Unit.

The number of staff delivering this sub-programme is forty-two (41) with funding from GoG transfers (DACF, DACF-RFG) and the Assembly's Internally Generated Fund (IGF). Beneficiaries of this sub-program are the departments, Regional Coordinating Council, quasi-institutions, traditional authorities, non-governmental organizations, civil society organizations and the general public.

The main challenges this sub-programme seems to encounter are unavailability of revenue data, Revenue malpractices, High default rate by rate payers, Low capacity of Revenue Collectors, Inaccurate revenue data, Inadequate and outdated valuation list logistics, inadequate office space, and non-decentralization of some key departments.

SUB-PROGRAMME 1.3 Human Resource Management Budget Sub-Programme Objective

- To improve human capital development and management
- To provide legal identity for all, including birth registration

Budget Sub- Programme Description

The Human Resource Management seeks to improve the departments, division and unit's capacity building of the manpower which will ultimately improve the workforce and organizational effectiveness. In carrying out this sub-programme it is expected that productivity would be enhanced at the Assembly as well as decision making in the management of Human Resource.

Major services and operations delivered by the sub-program include human resource auditing, performance management, service delivery improvement, upgrading and promotion of staff. It also includes Human Resource Management Information System which ensures frequent update of staff records through electronic means, guaranteeing efficient and good salary administration, facilitation of recruitment and selection as well as postings of competent staff to fill available vacancies at the Municipal.

Under this, three (3) staff will carry out the implementation of the sub-programme with main funding from GoG transfer and Internally Generated Fund. The work of the human resource management is challenged with inadequate office space and logistics. The sub-programme would be beneficial to staff of the Departments of the Assembly, Local Government Service Secretariat and the general public.

PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

Budget Programme Objectives

- To develop quality, sustainable & resources infrastructure to support economic development & human well-being
- To increase water-use efficiency to address water scar across all sectors
- To provide access to safe, affordable, accessible & sustainable transport system for all

Budget Programme Description

The four main organizations tasked with the responsibility of delivering the program are Physical Planning, transport, urban roads and Works Departments. The Spatial Planning department seeks to advise the Municipal Assembly on national policies on physical planning, land use and development. It basically focuses on human settlement development and ensuring that human activities within the Municipality are undertaken in a more planned, orderly and spatially organized manner. The transport department also play considerable role of managing the traffic and transport system in the municipality as well as oversee the day to day running of the Assembly's vehicles and its maintenance as well. The Department of Works of the Municipal Assembly is a merger of the former Public Works Department, Department of Feeder Roads and Water and Sanitation Unit, of the Assembly and responsible to assist the Assembly to formulate policies on works within the framework of national policies.

The programme is manned by Twenty-two (22) officers. The programme is implemented with funding from GoG transfers and Internally Generated Funds from of the Assembly. The beneficiaries of the program include urban and rural dwellers in the Municipality. Challenges faced in delivering the programme are the untimely release of funds from central government, interference from Chiefs with respect to land acquisition and usage as well as land boundary disputes.

SUB-PROGRAMME 3.1 Physical and Spatial Planning Development Budget Sub-Programme Objective

• To enhance inclusive urbanization & capacity for part human settlement management in all country's

Budget Sub- Programme Description

The sub-programme seeks to co-ordinate activities and projects of departments and other agencies including non-governmental organizations to ensure compliance with planning standards. It also focuses on the landscaping and beautification (aesthetics) of the Municipal Assembly at large. The Physical and Spatial Planning sub-programme is delivered through the Department of Physical Planning and tasked to manage the activities of the former department of Town and Country Planning. Major services delivered by the sub-program include;

- Assist in the preparation of local plans as a guide for the formulation of development policies and decisions.
- Advise on setting out approved plans for future development of land at the Municipal level.
- Assist to provide buildings designs for improved housing layout and settlements.
- Undertake street naming, numbering of house and related issues.

This sub programme is funded from the Central Government transfers which goes into the benefit of the entire citizenry in the Municipality. The sub-programme is manned by the 5 officers with the operational challenges which include inadequate staffing levels, inadequate office space and untimely releases of funds.

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

Budget Programme Objectives

- To reduce the adverse precap environmental impact of cities
- To strengthen resilience & adaptive capacity to climate related hazards & national disaster

Budget Programme Description

The Sub-Programme also seeks to implement government's policies on disaster control and management thereby reducing manmade and natural disasters to the barest minimum. It also seeks to promote sustainable forest, wildlife and mineral resource management and utilization. The programme seeks to mitigate and manage disasters by coordinating the resources of government institutions and developing the capacity of voluntary community-based organizations to respond effectively to disasters. The programme again seeks to promote activities that will encourage positive attitudes towards climate change issues. The programme has two (2) Sub-Programme's namely; Disaster Prevention and Management, and Natural Resource Conservation.

Disaster Prevention and Management programme is responsible for the management of disasters as well as other emergencies in the Municipality. It seeks to enhance the capacity of society to prevent and manage disasters and to improve the livelihood of the poor and vulnerable in the rural communities through effective disaster management, social mobilization and employment generation. Funding to deliver the Programme will come from DACF and IGF sources with total staff strength of 11 all on NADMO's GOG payroll. There is one (1) over-seeing staff for the Forestry and Game Life Section of the Forestry Commission in the Municipality to undertake the programme. The programmes have their funding from GoG transfers and Internally Generated Funds of the Assembly. The beneficiaries of the program include urban and rural dwellers in the Municipality.

SUB-PROGRAMME 5.1 Disaster Prevention and Management Budget Sub-Programme Objective

 To strengthen resilience & adaptive capacity to climate related hazards & national disaster

Budget Sub- Programme Description

The National Disaster Management Organization (NADMO) section under the Assembly is responsible for delivering the sub-programme. It seeks to assist in planning and implementation of programmes to prevent and/or mitigate disaster in the Municipality within the framework of national policies. The programme also will facilitate the organization of public disaster education campaign to create and sustain awareness of hazards of disaster and emphasize the role of the individual in the prevention of disaster. The programme will again enhance the preparation and review disaster prevention and management plans to prevent or control disasters arising from floods, bush fires, and human settlement fire, earthquakes and other natural disasters.

The sub-programme is undertaken by eleven (11) officers from the NADMO section with funding from the GoG transfers and Assembly's support from the Internally Generated Fund. The sub-programme goes to the benefit of the entire citizenry within the Municipality. Some challenges facing the sub-programme include inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.
