PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment Of The District

The Ga Central Municipal Assembly (GCMA) came into existence on 28th June 2012 under the promulgation of the Legislative Instrument 2135. The Municipal Assembly is made up of 22 members comprising;

- 13 Elected Assembly Members
- 7 Appointed Members
- 1 Member of Parliament and
- 1 Municipal Chief Executive

Population Structure

The 2021 Population and Housing Census (2021 PHC) showed an increased in the total population of the country which had an influence in the total population of the Ga Central Municipal Assembly (GCMA). There is therefore a total percentage increase in the population size and distribution in 2021 as compared to 2010.

According to the 2010 PHC District Analytical Report, the total population of Ga Central Municipal Assembly was 117,220 with female constituting 59,899 representing 51.1percent and 57,321 males representing 48.9 percent leading a sex ratio of 95:7.

The GCMA has a fertility rate of 3.1 births per women which is higher than the regional average (that is, 2.6 births per women). The fertility age of women within15-49 years is 34,365 out of the total population of female with 3,193 number of births in the last 12 months.

As stated in the 2021 PHC, population census is the complete enumeration of all persons in a country at a specify time. It involves the collection, compilation and dissemination of demographic, social and economic statistics relating to the population. It was estimated that, GCMA has a total population of 332,232 with 161,592 males representing 48.6% and 170,640 females representing 51.4%. The 2021 PHC shows a decrease of 0.3% in the total number of males as compared to 2010 and a 0.3% increase in the total population of female. It is projected that, the age distribution; 0-14 of males will be

estimated at 59,894 representing 35.1%, female 57,505 representing 33.7%. Ages 15-64 comprise of male population of 106,820 representing 62.6% and female 108,868 representing 63.8%. Lastly, ages 65+ is made up 39,247 males representing 2.3% and 42,660 females representing 2.5%. It's estimated that 84,297 of residents representing 71.9% living within the Municipality are migrants.

Vision

To position the Municipality as a distinct district that provides diverse economic opportunities for the total development of the people.

Mission

The Municipal Assembly exists to facilitate the development and delivery of socioeconomic infrastructure and services for the total improvement of the living conditions of the people.

Goals

The goal of the Ga Central Municipal Assembly is "to improve the lives of the people in the Municipality by providing essential services and to promote growth in all sectors".

Core Functions

Section 12 of the Local Governance Act, 2016 (Act 936) empowers the District Assembly to exercise deliberative, administrative and executive functions. The following are the core functions of the Ga Central Municipal Assembly:

- Formulate and execute plans, programmes and strategies for the effective mobilization of the resources necessary for the overall development of the Municipality;
- Promote and support productive activity and social development in the Municipality and remove any obstacles to initiative and development;
- Initiate programmes for the development of basic infrastructure and services in the Municipality;
- Responsible for the development, improvement and management of human settlements and the environment in the district;

- In co-operation with the appropriate national and local security agencies maintain security and public safety in the Municipality;
- Ensure ready access to courts in the Municipality for the promotion of justice;
- Perform such other functions as may be provided under any other enactment

District Economy

The Ga Central Municipality is projected to have an economically active population. The structure of the local economy is gradually shifting away from Agriculture activities.

The informal sector is the largest employer in the Municipality, followed by the private formal sector. The Municipality is fortunate to have a few companies, industries, financial institutions, coupled with enormous small-scale businesses. These institutions contribute a lot to the Assembly's Internally Generated Funds as well as provide employment for most of the inhabitants.

In spite of the seemingly booming economy, there are a lot of challenges in the Municipality. The high levels of unemployment with it associated vices and the lack of access to credit faculties for Small-Scale Enterprise owners are the key challenges facing the growth of the Municipal economy.

Agriculture

The major agricultural activity within the Municipality is poultry farming. The predominant poultry birds reared include; ducks, fowls, guinea fowls, quails and turkey. Livestock such as pigs, sheep, goat, rabbit, cattle and grasscutter are also reared within the Municipality. Tree crops such as mango, coconut, avocado pear, sour sop are grown on individuals' plots. Container farming of vegetables is predominant within the Municipality. Farmers are also engaged in mushroom, snail, and aquaculture (catfish and tilapia) farming Municipal-wide.

Two major challenges facing the agriculture sector of the Municipality's economy borders on the lack of farm lands to engage in large scale farming as well as lack of credit facilities for farmers. To address these challenges, the Extension Officers with the Agriculture Department of the Assembly, have over the years intensified the education on backyard farming, container-based farming practices among others. Aquaculture farming has also

seen an increase within the Municipality through the extension services of the Extension Officers.

Road Network

GCMA is linked to major tarred roads, specifically; the Awoshie-Pokuase, and the Kwashieman-Ofankor roads. The Municipality can also boast of few arterial roads comprising of the Tabora Main, Tabora By-pass, Race Course, Chantan area roads, Lomnava area roads, Bokoboko, Fanmilk-Sowutuom roads and few tarred roads which mostly are in bad state.

The Municipality is easily accessible to the Trans- Continental Road from Lome (Togo) to Abidjan (Ivory Coast). The Trans-Continental Road serves as the Nation's Number One (N1) road linking to the main national harbour at Tema.

Road accessibility within the Municipality is generally poor. The Municipality has over 660 kilometers of road out of which only 70km is tarred representing 11%.

To address the issue of the bad nature of roads within the Municipality, adequate provisions have over the year been made in the Assembly's Composite Budget for reshaping, gravelling and minor maintenance of these access roads.

Energy

The Energy sector is vital for the social and economic development of the Municipality and the nation as a whole. The main source of energy in the Municipality is electricity.

The entire population has access to electricity. A small proportion of the residents living within the Municipality use private generators during the power outages and the rest of the households use other alternatives like flash lights, candles, solar etc. In terms of cooking, gas is the main source of energy within the Municipality.

Health

There are 33 health facilities within the Municipality. Three (3) have elevated to the status of hospitals, seventeen (17) clinics, three (3) CHPS compounds and eight (8) maternity homes. The three main private hospitals are Agbeve Herbal at Sowutuom, Deseret at Santa Maria, and Mary Lucy at Awoshie. These health facilities render laboratory,

pharmacy, family planning, reproductive and child health and maternal services. The Municipality also has high patronage of herbal clinics.

Ga Central Municipality has six (6) Public Health facilities, namely;

- Municipal Health Clinic, Kwashiebu
- Abease Health Facility (which is about 75% complete)
- Anyaa Terminal Clinic
- Olebu Clinic
- Three (3) No. CHPS Compounds which only offer first aid for minor ailments.

The Municipality has about 152 pharmacy and chemical shops / stores which cater for dispensary of drugs to clients.

NB: there are high rates of Doctor-Patient as well as Nurse-Patient ratios at the public facilities:

- Population to Doctor Ratio is 158,437:1 (public facility)
- Population to Nurse Ratio is 4,062:1 (public facility)

Other major challenges affecting health care delivery within the Municipality are issues pertaining to inadequate health facilities/ infrastructure and inadequate health supplies/ logistics for which the provisions have been made in the budget to address.

The top ten (10) prevailing diseases and morbidity recorded in health facilities within the Municipality during the period under review are as follows;

Education

GCMA has a total of fifty-five (55) public schools at different levels being run in only seventeen (17) educational blocks. There are a total of six hundred and ninety-eight (698) private schools within the Municipality. The distribution of schools within the Municipality are shown on Table 1 below;

Table 2: Distribution of schools with the GCMA

The Municipal also has three (3) tertiary institutions which are the Pentecost University College (PUC), Maranatha University and Catholic Seminary where Catholic Priests and Brotherhood are trained. All the three tertiary institutions are located within the Sowutuom electoral area.

The main problem facing the educational sector in the Municipality is inadequate infrastructure which has led to overcrowded classrooms. The current number on roll in the public schools is between 55 to 70 pupils per class. This situation puts a lot of stress on the teachers and makes learning environment not conducive for the pupils. There is the urgent need to construct additional classrooms to solve this problem. The Teacher: Pupil ratio prevalent in the Municipal is 1:34.

Adequate provisions have been made in the 2025 Composite Budget of the GCMA to address the challenges facing the educational sector.

Market Centres

The most common occupation in the Municipality is commerce and trading. This is obvious owing to the fact that most households within the Municipality have either in-built shops or 'table' in front trading. Other noticeable trading activities include block making, dress making, mechanic garages, hawking, among others. The Municipality has 2 vibrant open markets where food stuffs are sold; that is, the Anyaa and Chantan markets.

Water and Sanitation

GCMA has a few water bodies running through the Municipality; notable among them are the Lafa, Olebu streams, among others. Currently, these water bodies are not being properly maintained and are gradually collecting waste materials in the form of used papers and polythene bags.

Perennial water shortage is predominant within the Municipality. GCMA has limited access to potable pipe borne water, thus most of its residents' resort to poly tanks, concrete-built tanks to store water and whiles others depend on borehole water. Some residents also harvest rainwater during the rainy seasons. Access to potable water within the Municipality becomes the most essential commodity during the dry season leading to the charging of exorbitant fees by operators of water tankers who ply their trade within

the Municipality. A major concern is the fact that the quality of the water supplied by these water tanker operators is not guaranteed considering the health implications of consuming unwholesome water.

The GCMA has no final disposal sites for both liquid and solid wastes. This situation increases the cost of final disposal of waste due to travel distance. The Assembly also has no land to develop into an engineered Land-fill site for the final disposal of its waste. To address these challenges, the Assembly has partnered a private company for final disposal of solid waste and has also entered into franchise contracts with private companies to provide waste management services within the Municipality. These companies include; Honest Waste Company Limited, Tropical Waste Company Limited, Tiger Waste Company Limited, Blue Olives Company Limited, City Top Company Limited, Asadu Royal Seeds and Waste Management Company Limited.

GCMA currently depends on Adjen Kotoku liquid waste treatment facility owned by Zoomlion and the sewerage treatment plant located near Korle-Bu in Accra for the final disposal of liquid waste. Grey water management remains a major challenge for the Municipality. This is due to the absence of major primary drains to receive the huge volumes of grey water generated within the Municipality. The few existing ones frequently get silted and do not serve their purpose. The Assembly has over the years not relented and will not relent going forward in the construction of more drains and desilting of existing ones in other to curb these challenges.

Tourism

The Garden of Eden, also known as the Sowutuom Zoological Gardens located within the Sowutuom Electoral Area of the Municipality is a popular tourism destination for both locals and foreign tourists, offering a peaceful retreat with lush greenery and diverse wildlife.

The Municipality founded on Ga land celebrates the annual Homowo festival (Hooting at Hunger) for the people of Ga. The rationale behind the festival is to celebrate good harvest and promote peace among families and friends.

Environment

The main soil type within the Municipality is the Coastal Savannah Ochrosols. This soil is rich in sandstone and limestone and is a good source of material for the construction industry. The Municipality falls within the coastal savannah agro-ecological zone.

Climate

The Municipality falls within the coastal savannah agro-ecological zone. February and March are normally the hottest months. Temperature is generally high throughout the year, which contributes to the major and minor rainfall seasons experienced in the Municipality. Rainfall pattern is bi-modal with the average annual temperature ranging between 25.1oc in August and 35oc in February through to June. The major rainfalls are experienced between the months of May to July and minor between September and October. These rainfall patterns ideally provide suitable environmental conditions for farming activities to enable residents practice backyard gardening and peasant farming of different crops within each season.

The main challenge facing the sector is getting reliable and safe water sources for cultivation apart from the phenomenal land problem. The Municipality however has various water courses running through it which could be utilized for irrigation purposes.

Key Issues/Challenges

- 1. Limited land for large scale farming purposes
- 2. Poor road networks
- 3. Poor drainage systems
- 4. Inadequate infrastructure which has led to overcrowded classrooms
- 5. No Final disposal sites for both solid and liquid waste management
- 6. High unemployment rate

Key Achievements in 2024

- 1. The Urban Roads Department facilitated the grading of 4No. 24km access roads within the Municipality (that is, Anyaa, Awoshie, Kwashiebu and Tabora roads).
- 2. The Urban Roads Department facilitated the dredging and desilting of 5No. (2.5km) Drains within the Municipality.
- Social Welfare & Community Development Department facilitated the distribution of various items to eighteen (18) persons living with disability living within the Municipality.
- 4. The Department of Agric organized training for forty (40) farmers on the effective use of agro chemicals.
- 5. The Department of Agric distributed 50No. tapoline ponds, fingerlings and feed to farmers for catfish farming.
- 6. The Women in Agric Development (WIAD) Division of the Department also trained women groups within the Municipality on processing of soya products.
- 7. The Business Advisory Centre (BAC) successfully trained and provided startup kits for 398 No. persons on handicraft works.
- 8. The Works Department successfully completed the renovation of office annex at Agape.
- 9. The Environmental Health Department successfully organized cleanup exercise & sensitization activities in selected communities within the Municipality.
- 10. The NCCE Unit facilitated the sensitization of students during the Citizenship Week Celebration in some selected schools.
- 11. The Budget Unit facilitated the organization of 2No. Rate Payer Stakeholder Engagements within the two (2) Zonal Councils.

Revenue Mobilization Strategies

The most important leg of a budget is the revenue leg. This is because it is the determinant of what can and cannot be done. For the budget year 2025, the GCMA is looking forward to raising a total IGF revenue of Six Million, Eight Hundred and Sixty-five Thousand, Four Hundred and Thirty Ghana Cedis (GH¢6,865,430.00) to complement the budgeted revenue from Central Government and other related revenue sources to carry out the planned activities and programmes for the year.

The focus areas for the revenue mobilization strategies outlined on the table below borders on the strategies the Assembly seeks to roll out during the Budget Year 2025 to raise the approved IGF revenue. This is because as an Assembly, we have control on the mobilization of IGF revenues unlike the Central Government and other related funds. Another reason, is the fact that, as an Assembly we have realized how important it is to break the over dependence on Central Government releases considering how untimely these releases have been. The intended strategies have been outlined taking into consideration the revenue heads that make up the IGF revenue of the Assembly.

Details of the strategies are outlined on Table 7 below;

Table 7: Revenue Mobilization Strategies

No.	Revenue Item	Activity
1.	Rates	 Tie the payment of basic rate to the services we provide, that is, registration of marriages, permits and business operating permits for signages, sale of commercial driver's licenses and stickers, building permit, among others Educate and sensitize our citizens on their civic responsibilities Enforce payment of Basic Rate at all stakeholder engagements of the Assembly
		Addembly
2.	Lands and Royalties	Process all Permits within thirty (30) working days of application
		Undertake planned development control activities
		Undertake regularisation of building permits
		Issuing of Habitation certificate for newly completed buildings

3.	License (Business Operating Permit-BOP)	 Undertake Revenue Mobilisation mop up task force activities Undertake field and Zonal Councils visits Siting of revenue pay points at vantage places Undertake collection of data on the field
4.	Fees	 Monitor collection of lorry park & market tolls, and taxi embossment activities Educate and sensitize our citizens on their civic responsibilities Educate and sensitize the electorates on the existence of the marriage registration desk at the Assembly Establish Marriage Registration Desk at the Zonal Councils
5.	Fines	 Monitor and obtain nominal roll-on billboards and signages. Serve warning notice on rate payers who fail to pay their fees within stated deadlines To educate and sensitize rate payers

PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

Budget Programme Objectives

- To provide support services, effective and efficient general administration and organization of the Municipal Assembly.
- To ensure sound financial management of the Assembly's resources.
- To coordinate the Development Planning and Budgeting functions of the Assembly.

Budget Programme Description

The Management and Administration Programme provide administrative and logistical support for efficient and effective operations of the Assembly. It ensures efficient management of the Assembly's resources as well as promoting a cordial and professional relationship with all stakeholders.

The programme comprises of five (5) sub- programmes. These are;

- General Administration
- Finance and Audit
- Planning, Budgeting, Monitoring, Evaluation and Statistics
- Human Resource Management
- Legislative Oversight

SUB-PROGRAMME 1.1 General Administration

Budget Sub-programme Objective

- To implement policies and organisational strategies for efficient and effective delivery.
- To provide support services, effective and efficient general administration and organization of the Municipal Assembly

Budget Sub- Programme Description

The program seeks to perform the core functions of ensuring good governance and balanced development of the Municipality through implementation of policies, planning, coordination, monitoring and evaluation in the area of local governance.

The Programme is being implemented and delivered through the offices of the Central Administration and Finance Departments. The various Units in Central Administration involved in the delivery of the program include; General Administration, Client Service, Security, NCCE, Management Information System (MIS) Unit, Information Service Unit, Registry, Zonal Councils and Procurement/Stores.

The core function of the General Administration Unit is to facilitate the Assembly's activities with the various Departments/ Units, quasi-institutions, and Traditional Authorities. The Unit is also mandated to carry out regular maintenance of the Assembly's properties. In addition, the Municipal Security Committee (MUSEC) is mandated to initiate and implement programmes and strategies to improve public security in the Municipality. The MIS Unit facilitates the data sharing and management activities of the Municipality. The Procurement/ Stores Unit is tasked with the responsibility of processing the approved Goods and Services and Assets needs of the Assembly; and also ensuring inventory and stores management.

The number of staff delivering the Sub-programme is two hundred and sixty-four (264) comprising one hundred and thirty-one (131) GoG staff and ninety-five (95) IGF staff. The activities of the Sub-programme are funded from GoG transfers, DACF, DDF and the Assembly's Internally Generated Fund (IGF).

The activities of the Sub-programme are funded from GoG transfers, DACF, DDF and the Assembly's Internally Generated Fund (IGF). Beneficiaries of this Sub-programme are the Departments/Units, Regional Coordinating Council, Quasi institutions, Traditional Authorities, Non-Governmental Organizations, Civil Society Organizations and the general public.

The main challenges facing the Sub-programme are inadequate delay and untimely release of funds, inadequate office space, and non-decentralization of some key departments.

SUB-PROGRAMME 1.2 Finance and Audit

Budget Sub-programme Objective

- To evaluate compliance of the Assembly with enactments, policies, standards, systems and procedures.
- To facilitate sound financial management of the Assembly's resources.
- To ensure timely disbursement of funds and submission of financial reports.

Budget Sub- Programme Description

This Sub-programme provides assurance on the efficiency, effectiveness and economy in the administration of the programmes and operations of the Assembly. The Sub-programme also provides effective and efficient management of financial resources and timely reporting of the Assembly finances as contained in the Public Financial Management Act, 2016 (Act 921) and other related laws.

The Sub-programme will be delivered through, appraising and reporting on the soundness and application of the system of controls operating in the Assembly; undertaking revenue mobilization activities; preparation and submission of financial statements and audit reports; keeping funds and receipts of expenses of all public and trust monies; and evaluation of the effectiveness of risk management.

The Sub-programme is funded by Internal Generated Fund (IGF) and District Assemblies Common Fund (DACF)

Currently, the Sub-programme has fifteen (15) officers on GoG payroll, seven (7) on IGF and forty-five (45) commissioned revenue collectors.

The beneficiaries of this Sub- programme are the departments, allied institutions and the general public. Some key challenges facing the Sub-programme include; inadequate data on ratable items, inadequate logistics for revenue mobilization and inadequate public education and sensitization.

SUB-PROGRAMME 1.3 Human Resource Management

Budget Sub-programme Objective

- To forecast how many people are required in the Assembly so as to facilitate
 advertisements that seek to attract competent and qualified human resource
 aimed at helping the Assembly to achieve its mandate and goals.
- To facilitate the training and staff development activities.
- To have an effective Human Resource Planning system in place to ensure that the organization has the right people with the right skills in the right place and at the right time.

Budget Sub- Programme Description

The Human Resource Management Sub-programme seeks to improve the Departmental and Units' decision making through capacity building of the manpower ultimately geared at improving upon the efficiency and effectiveness of the workforce of the Assembly.

Major services and operations delivered by the Sub-programme include human resource auditing, performance management, service delivery improvement, upgrading and promotion of staff. The use of Human Resource Management Information System also ensures frequent update of staff records through electronic means, guaranteeing efficient and good salary administration, facilitation of recruitment and selection as well as postings of competent staff to fill available vacancies within the Municipality.

The Sub-programme also facilitates the capacity building/staff development activities of the Assembly through external and in-house training and development programmes. Externally, staff are sponsored to take up programmes with institutions such as GIMPA and ILGS, whereas consultants are engaged to render in-house training for officers when required. The beneficiaries of this Sub- programme are staff of the Assembly as well as Honourable Assembly Members.

The Sub-programme is funded from the District Assemblies Common Fund (DACF), GOG and Internally Generated Fund (IGF)

The total staff strength of the Sub-programme is Nine (9), Seven (7) GOG and Two (2) IGF.

The challenges the Sub-programme faces are;

- i. Inadequate funds to cater for planned capacity building activities
- ii. Inadequate funds to pay qualified graduate staff to work with the Assembly.

SUB-PROGRAMME 2.4 Birth and Death Registration Services Budget Sub-programme Objective

 The objective of this Sub-programme is to attain universal births and deaths registration in the Municipality

Budget Sub- Programme Description

The Births and Deaths Department in the Municipality aims at providing accurate, reliable and timely information of all births and deaths occurring within the Municipality for socio-economic development through their registration and certification The Department also seeks to increase fresh birth registrations within the Municipality among other duties through;

- Taking the registrations to the door steps of clients through door-to-door registration.
- Organising a mass registration for infants below the ages of one at suitable locations wherein the Municipality.

The Sub-programme shall carry out its planned programmes with the assistance of other Sub-programmes such as Health and Social Welfare & Community Development.

The Sub-programme is to be funded through Internally Generated Fund (IGF) of the Assembly.

The beneficiaries of the programme are all persons living within the Municipality. This is because, acquiring a birth certificate is very important to everyone in our communities, thus since capturing the data of infants below one year into the birth register is totally free it helps to prevent issues of late birth registrations

The staff strength of the Sub-programme is fifteen; ten volunteers for the mass birth registration, the Registration officer, two Health workers and two Social Welfare Officers.

The key issues/challenges for the Sub-programme will be transportation and other related logistics for the mass registration activity.
