PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the District

The Sissala West District was established in 2004 by the Legislative Instrument, LI 1771 It was carved out of the then Sissala District. The district has as its administrative capital at Gwollu.

Sissala West district is located in the northern part of Upper West Region. It lies approximately between Longitude 213W to 2:36W and Latitude 10:00N 11:00N. The district forms part of the eleven (11) District/Municipal areas in the region. The district shares boundaries with the Jirapa and Lambusia Districts to the West, Sissala East District to the East, Daffiama-Bussie-Issah to South-West, Burkina Faso to the North and Wa East District to the South. It covers a land area of approximately approximately 1,814 square kilometres, which is about 9.82% of the total landmass of the Upper West Region

Population Structure

The 2021 PHC revealed that the district has a total population of 63,828 with 49.44 percent as males and 50.56 percent as females. The proportion of population below 15 was 45.2 percent while those who are 65 years and older represents 5.3 percent. On the other hand, the proportion of the labour force age (15 to 64 years) stood at 49.4 percent of the total population. The district's share to regional population is 7.1% and a population density of 35.2 (thus approximately 35 persons per square kilometre). The demographic characteristics of a population analyses the size, composition, growth, distribution, density, and age-sex structure and any vital statistics related to the population.

Population size, composition and age-sex structures are critical in understanding the components of population change (fertility, mortality and migration dynamics) of any geographic area. The age-sex structures are useful for population projections and socioeconomic development planning. The objective of this chapter is to analyse the size/distribution, composition and age-sex structure of the Sissala West District's population based on the 2021 Population and Housing Census.

Vision

Sissala West District Assembly's vision is to champion decentralization in the district through effective local Governance Administration for creating shared prosperity and equal job opportunities for its citizenry.

Mission

The District Assembly exists as the highest corporate body with political, administrative and planning authority that seeks to improve the quality of life of the people through effective harnessing of its human, financial and material resources for the provision of basic socio-economic infrastructure and services.

Goals

The ultimate goal of Sissala West District Assembly is to actualize the agenda for jobs by creating equally opportunity and a shared prosperity for all without leaving no one behind.

Core Functions

Metropolitan, Municipal and District Assemblies are defined and established under Chapter Twenty of The Constitution of the Republic of Ghana (1992) and their functions well defined by the Local Governance Act, 2016 — Act 936. The functions include:

- 1. To exercise political and administrative authority in the district;
- 2. To promote local economic development; and
- 3. To provide guidance, give direction to and supervise other administrative authorities in the district as may be prescribed by law.
- 4. To exercise deliberative, legislative and executive functions.
- 5. To be responsible for the overall development of the district;
- 6. To formulate and execute plans, programmes and strategies for the effective mobilisation of the resources necessary for the overall development of the district.
- 7. Resource mobilisation is one of the cardinal mandates of MMDAs, as the Constitution and other legislation have given.

District Economy

• Agriculture

The agricultural sector is primarily characterized by crop and livestock production. In spite of various efforts to boost food production, production still remains at subsistence level in the district. The 2010 PHC revealed that agriculture sector employs 82.3% of the district's work force (GSS, 2010). Farmers mainly depend on rain fed (single maximum rainfall that occurs mostly between April and October every year) agriculture. They rely on the use of traditional methods of farming using simple tools such as hoe and cutlass for cultivation. However, more farmers use tractor services which is inadequate and few others also use animals' traction. Single rains render a lot of farmers idle during the off-farm season. Women are usually engaged in agro-procession, whiles other and the youth migrate to the south for "Kayaye" thereby engaging in social vices such as pregnancy, arm robbery and some return home with HIV Aids and other illnesses. There is the need for the district to design programs to engage the youth and women into labour Intensive Public Works under the GSOP activities and other rural enterprises projects.

• Average of Major Crops Produced

The major food crops grown are maize, soybeans, groundnuts, cowpea (white), millet, sorghum (Guinea Corn), yam and sweet potato. Cash crops such as cotton, cashew, shea-nut and *dawadawa* are also found in the district though the latter two grow in the wild. It is worth noting that though economic trees such as the shea contribute substantially to household income in the district, this tree species are threatened by the activities of charcoal burners and poor farming practices.

Livestock Production

Sissala West is endowed with good vegetation and a conducive that is environment favorable for livestock production. There are many livestock produced in the district but the predominant ones are cattle, sheep, goat, pigs, guinea fowl and local fowls. Sheep are mainly use for sacrifices by Muslims annually. The neighboring Burkina Faso have also helped to promote production of improve breeds of ruminants in the district due to cross breeding. Availability of dams and dug-out in the district serve as a water stock for

the ruminants. This provides fresh water for the livestock. However, the dugout gets dried up during the dry season due to the domestic use of the water for construction. The district is therefore required to rehabilitate existing dugout and dams in communities.

Road Network

The district has a total road network of 281.15 Km Road length, representing 8.5% of roads in the region. The major roads (highways) in the District include Hain-Kuntulo-Jeffisi to Gwollu, Hain-Zini-Gwollu, Gwollu- Fielmua, Gwollu-Silbelle and Pulima-Jeffisi. There are also feeder roads that link communities to farm lands. Basically, all the roads in the district are classified as Feeder. The Feeder Roads in the District are further divided into engineered, partially engineered and non-Engineered. About 13.7% of the 281.15Km road length is engineered, while 5.3% constitute partially engineered. The remaining 77.4% is non-engineered. The district capital is not tired. There is the need to tire the road within the district, especially the District Assembly premises to the town centre through the chiefs' palace.

• Energy

Almost all the communities in the district are hooked to the National grid especially communities along the highway with 95% coverage. This has improved the lives of the people since cases of snake bites have reduced drastically. Both the health facilities and some basic schools are also connected to electricity and students learn at night. However most people still depend on firewood and charcoal for domestic and commercial fuel, since they are obtained free of charge. The implication is that the trees are depleted and degradation of the environment will seriously affect the district.

The presence of electricity in the district has facilitated the establishment of three fuel stations operating and three more under construction. Meanwhile there is no gas station in the entire district as people get the biogas from Tumu. The absence of the gas supply station in the district has restricted the usage to few individuals (about 1.0%) in the area. These could have supplemented the usage of fire wood (87.5%), charcoal (6.4%) and electricity (41.9) (GSS, 2010). It is hope that private businesses would take advantage of this by establishing gas station in future.

• Health

The district has a hospital and a number of health facilities (CHPs) in the district completed. However, the district still requires a public health facility in the district capital to decongest the hospital. The table below shows the number of health facilities in the district.

District Health Facilities

Name	Community
Hospital	1
Number of Sub-Districts	5
Number of Health Centres	6
Demarcated CHPS Zone	42
Functional CHPS Zone	32
CHPS Compound	20
Population Covered by CHPS	71.3%
Source: DHMT, SWD 2022	

• Education

Education remains the utmost priority of the District Assembly and for that matter several amounts of the district resources are channeled in that regard. There has been an increased in the number of educational facilities at all levels over the years under review. The Hill Liman SHS is the only SHS in the district and was established in the year 2012 at the District Capital, Gwollu.

Market Centres

In the district, there are four markets namely, Gwollu, Fielmua, Jeffisi and Zini. The Gwollu and Fielmua markets serve as international (cross border) markets, serving neighbouring Burkina Faso. The trading activities in the district particularly the weekly market centers serve as one of the major sources of revenue to the District Assembly. In order to improve this potential, measures should be put in place to check cross border smuggling of goods and also expand and rehabilitate the existing markets.

Much has not been done in promoting local economic growth in the district in the past. It is necessary to design training Programmes for Small Enterprises in the district to build

their capacity in group dynamics and enterprise development and to link them to financial institutions for credit.

• Financial Institutions

The District currently boast of agencies of two rural banks at Fielmua and Gwollu. There is also the presence of cooperative credit unions. Despite the existence of these financial Institutions, government workers and traders still risk to commute to Wa and Tumu for their banking business due to inadequate modern facilities in the existing banks. The absence of a government banks such as GCB and ADB in the district affects work output especially during payment of salaries. Traders also faced dangers with arm rubbers and sometimes result into casualties. There is the need for the establishment of a bank with modern facilities in the district.

• Water and Sanitation

The human right to water is the fundamental right to life, health, and livelihood. The essence to meet basic human water needs are more than just moral, they are rooted in social justice and law and the responsibilities of individuals and governments. 'Improved water sources' as an indicator measures the proportions of the population who use any of the following types of water supply for drinking: piped water, public tap, borehole or pump, protected well, protected spring or rain water.

Almost 9 out of every 10 (89.4%) households in the district use improved sources of water as their main source of drinking water in their dwelling units. The various proportions are Bore-hole (72.6%), Pipe-born (14.7%), protected well (1.7%), and protected spring (0.4%). For other domestic uses such as cooking and washing, a similar proportion of households (88.6%) rely on improved sources of water.

The District has 148 boreholes out of which only 110 of the boreholes are functional and 38 non-functional. The district has only one Small Water System in the district capital Gwollu with a population of 7000 beneficiaries.

• Tourism

The district is blessed with tourist sites. These include the Gwollu slave defense wall, the tomb of the late President, Dr Hilla Limann and the Traditional Bone Setting Centre. Other sites include the grave of King Tanjia (the King who facilitated the construction of the defense wall), the impotency clinic, the shrines that were used during the slave trade war and the crocodile's ponds. Also, the district's festivals especially the traditional dances such as the 'Yong-Daasi' (the slave-stick dance) by the people of Pulima also serve as tourist attraction activities.

However, the tourism sector is needs to be properly developed to promote the history of the district and improve the economic situation of the district.

• Environment

The land use in this district is mainly for crop production, especially the faraway lands, whilst the lands near settlements are reserved for pasture for livestock. Human activities, notably annual routine bush burning, activities of Fulani herdsmen, inappropriate farming practices and indiscriminate felling of trees for fuel wood and charcoal as well as poor animal husbandry practices have led to loss of the vegetative cover in the district. These have resulted in loss of soil fertility and its adverse effects on crop cultivation.

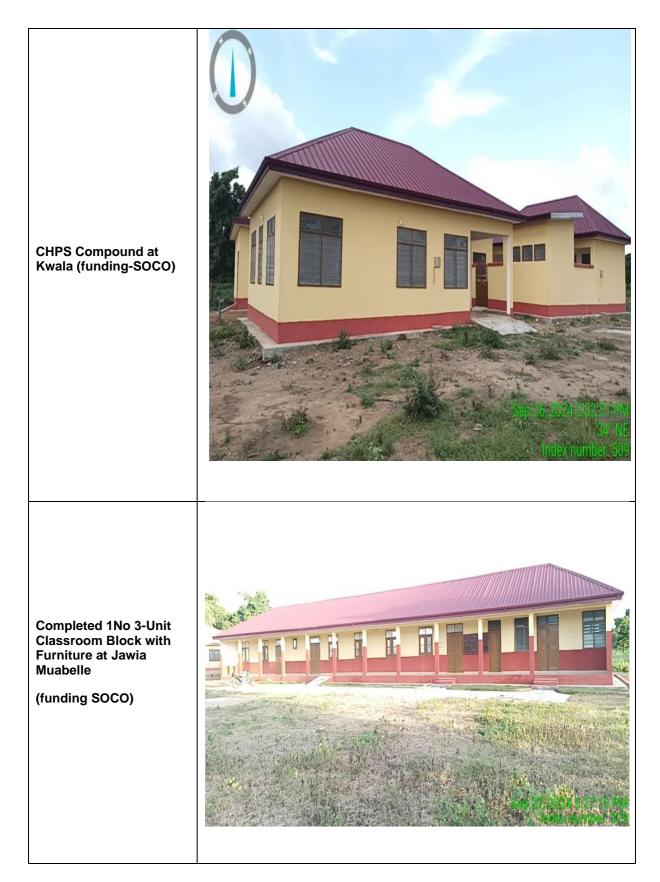

The built environment of the district basically consists of private residential housing units apart from the Educational and other administrative institutions which forms part of the built environment of the district. Again, poor attitude towards sanitation and personal hygiene practices, inadequate water and sanitation facilities in the district among others are the major factors affecting the built environment. Therefore, efforts should be made to provide these facilities and to plan with land owners on the importance of the scheme. Environmental bye laws need to be enacted and enforced to protect the environment.

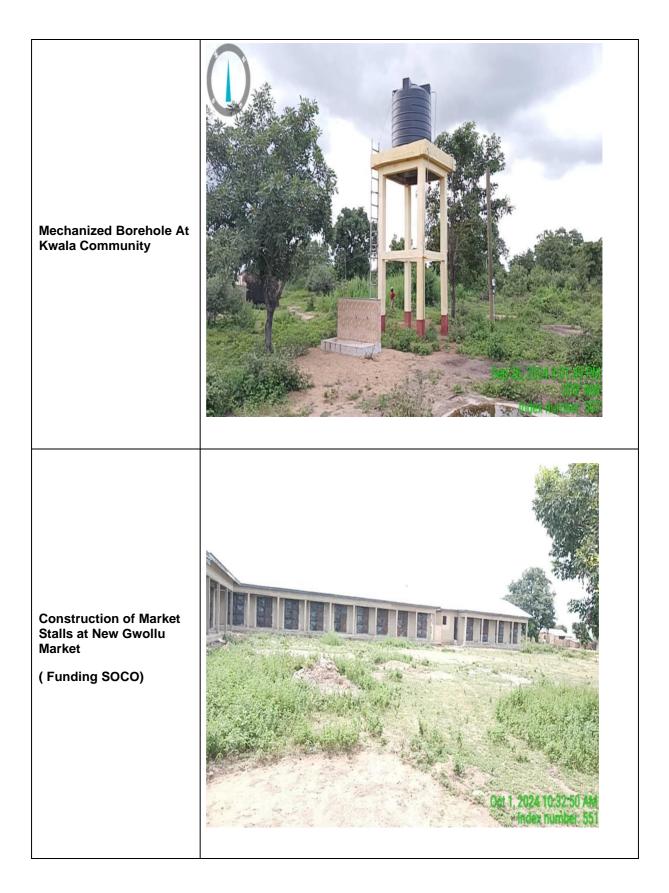

Key Issues/Challenges

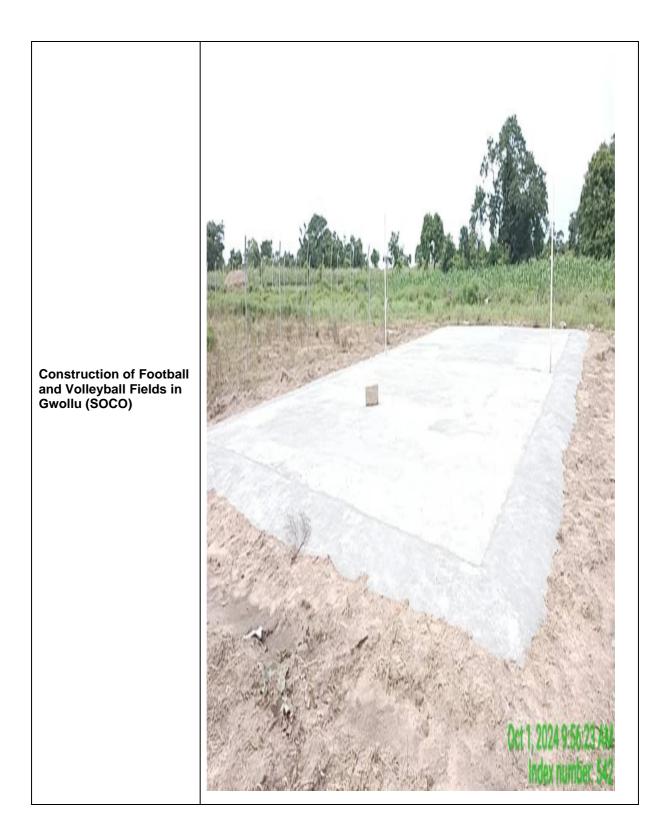

- Erratic flow and delays in the release of funds from the Central Government leading poor implementation of developmental programs.
- Poor educational infrastructure
- Gaps in quality healthcare infrastructure
- Undeveloped tourism infrastructure and services.
- Revenue leakages and loopholes affecting the IGF output from the district
- Depletion of the natural vegetation through Charcoal Burning, Tree felling and bad farming practices
- Poor quality and inadequate road network which affect the smooth operation of economic activities in the district
- Smuggling of agro inputs to Burkina Faso leading to increase prices of inputs for farmers in the district
- Poor telecommunication network

Key Achievements in 2024

- 1. Celebration of 2024 Independence Day Parade at Bullu
- 2. Support 113 PWDs in diverse capacities
- 3. Construction of 1no CHPS compound at Kandia
- 4. Rehabilitation of small earth dam at Nyentie/Sangbaka
- 5. Construction of 1no. three unit classroom block at Kaa
- 6. Renovation works on the Fielmua market
- 7. Construction of 1no. CHPs compound at Gumo
- 8. Supply medical equipment's to Gumo CHPs compound
- 9. Drilled and mechanised 1 no. borehole at Kwala

Revenue and Expenditure Performance

Funds available to the district for project implementation are diverse. 'Non-tax revenue' popularly known is Internally Generated Fund (IGF) is the main and reliable source of funding for the district. This is augmented by Central Government Transfers (GoG, DACF) and Donor Funds such as , GPSNP, USAID UNICEF, SOCO, etc.

Sources of IGF include property rates, licenses (business operating permits), land (building permits), fees (markets, lorry parks), rent (assembly properties) and fines. Utilization of these revenues can broadly be categorized under three main classifications: Compensation of employees, Goods and services and Assets. Compensation of employees account for salaries and allowances paid to staff of the assembly; Goods and services refers to overhead and administrative cost incurred in the day to day running of the assembly. The term 'Asset' refers to expenditures on infrastructural and capital projects executed by the assembly. Tables 3,4 and 5 show the revenue and expenditure performance of the assembly in the medium term.

Adopted Medium Term National Development Policy Framework (MTNDPF) Policy Objectives

- Deepen political and administrative decentralization
- Improve decentralized planning
- Improve human capital development and management
- Enhance capacity for high-quality, timely and reliable data
- Strengthen domestic resource mobilization.
- Ensure free, equitable and quality education. for all by 2030
- End epidemics of AIDS, TB, malaria and trop. Diseases by 2030
- Achieve universal health coverage, including financial risk promote, access to equal. health-care service.
- Improve efficiency & effectiveness of road transport infrastructure & serv
- Reduce vulnerability to climate-related events and disasters

Revenue Mobilization Strategies

- Key issues/challenges of revenue mobilization
- I. Crossing cutting (general) issues/challenges
 - Unwillingness of citizenry to pay rates and levies
 - Inadequate scientific revenue database to aid in reliable revenue projections
 - Inadequate staff
 - Inadequate commission revenue collectors
 - Ineffective monitoring.
 - Inadequate logistics vehicles, protective clothing, computers and accessories

Specific issues/challenges relating to:

a. Rates

Rates performance in to 2023 have experience a consistent decline but due to stringent measures put in place by management has seen visible improvements in rates collected in 2023.

Specific Issues/Challenges Affecting Rate Collection.

- 1. Loss in revenue due to in adequate number of revenue collectors.
- 2. Logistical challenges are also having a toll on revenue collection.
- 3. Unwillingness on the part of citizens to pay because of lack of education/sensitization.
- 4. Locals aiding foreign cattle owners to avoid payment of rates.
- 5. Lack of proper motivation of revenue collectors.

Strategies

- 1. Revenue and commission collectors should be given targets and rewarded accordingly when they have exceeded those targets.
- 2. Identification cards and vests with the Assembly name embossed on them should be provided and used by collectors for easy identification.
- 3. Increment of local cattle rates
- 4. The Assembly must give attention to valuation of properties.

b. Lands

Land and Royalties recorded a significant boost in 2019 as compared to previous years. The boost could be due to improved collection method and/or arrears from 2018 in connection with mast permit and Royalties on Rosewood cultivation. These have since seen a significant decline as rose wood cutting is now banned.

Specific Issues/Challenges Affecting revenue collection on Lands.

- 1. Lack of data on new establishments (communication masts) for revenue collection.
- 2. Lack of education on the collection of stool lands and the need to pay royalties.
- 3. Lack of proper billing system.

Strategies

- 1. There should be more sensitization.
- 2. Expedition of permit processes on the part of officers in charge.
- 3. Assembly should make permit acquisition very simple and easy to follow
- 4. There should be proper documentation/data on all establishment.

c. License (Business Operating Permit-BOP)

Specific Issues/Challenges Affecting License Collection.

- 1. Reluctance in registering of business by operators.
- 2. Low level of sensitization on the part of the Assembly.
- 3. Inadequate revenue collectors.
- 4. Inadequate information on business ownership.

Strategies

- 1. Tax education should be carried out on the local radio stations and other community information centres.
- 2. The Assembly should take advantage of new technologies such as Ponit of Sales devices (POS) in collecting revenue to reduce leakages.
- 3. More collectors should be engaged to broaden the collection net.

d. Fees and Fines

Specific Issues/Challenges Affecting Fees Collection.

- 1. Over concentration on Gwollu central market as main source of revenue.
- 2. Logistical constraints and inadequate revenue collectors.
- 3. Inadequate monitoring and supervision
- 4. Lack of courage in enforcement of by-laws.
- 5. Interference from Political parties influence and infractions.
- 6. Opinion leaders influence and cover ups.
- 7. Financial constraints on the part of payers.
- 8. Collusion by payers and collectors to evade fines, penalties and forfeits

Strategies

- 1. Strengthen supervision and monitoring
- 2. Involvement of the public in plan and budget preparations.
- 3. Education should be carried out on the local radio stations and other community information centres.
- 4. Political and opinion leaders should be educated not to interfere in the justice system to evade penalty payments.
- **5.** Fine collectors must be given education on the possible punishment for colluding with fine payers to evade fines.

e. Rent and Investment

The Assembly has a farm tractor, for which it intends to put into use in the upcoming farming season. Additionally, the Assembly has accommodation facility (shores, sheds, quarters and conference hall) for rentals to all users.

Specific Issues/Challenges Affecting Rent of Lands, Building and Houses Collection.

- 1. Lack of comprehensive data base on assembly lands, buildings and houses for tracking and proper revenue collection.
- 2. Lack of proper billing systems for rent of lands, building and houses.

3. Political leaders' interference.

Strategies

- 1. There should be comprehensive data base on assembly lands, buildings and houses for tracking and proper revenue collection.
- 2. There should be proper billing systems for rents of lands, buildings and houses
- 3. Political leaders should be given education on the need for their members to pay for rents, buildings and houses belonging to the assembly

PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

Budget Programme Objectives

- To provide support services, effective and efficient general administration and organization of the District Assembly.
- To insure sound financial management of the Assembly's resources.
- To coordinate the development planning and budgeting functions of the Assembly.
- To provide human resource planning and development of the District Assembly.

Budget Programme Description

The program seeks to perform the core functions of ensuring good governance and balanced development of the District through the formulation and implementation of policies, planning, coordination, monitoring and evaluation in the area of local governance.

The Program is being implemented and delivered through the offices of the Central Administration and Finance Departments. The various units involved in the delivery of the program include; General Administration Unit, Budget Unit, Planning Unit, Accounts Office, Procurement Unit, Human Resource, Internal Audit and Records Unit.

A total staff strength of twenty-four (39) is involved in the delivery of the programme. They include Administrators, Budget Analysts, Accountants, Planning Officers, Revenue Officers, and other support staff (i.e. Executive officers, and drivers). The Program is being funded through the Assembly's Composite Budget with Internally Generated Fund (IGF) and Government of Ghana transfer such as the District Assemblies' Common Fund and District Development Facility.

SUB-PROGRAMME 1.1 General Administration

Budget Sub-Programme Objective

- To provide administrative support and ensure effective coordination of the activities of the various departments and quasi-institutions under the District Assembly.
- To ensure the effective functioning of all the sub-structures to deepen the decentralization process.

Budget Sub-Programme Description

The General Administration sub-programme looks at the provision of administrative support and effective coordination of the activities of the various departments through the Office of the District Co-ordinating Director. The sub-programme is responsible for all activities and programmes relating to general services, internal controls, procurement/stores, transport, public relation and security.

The core function of the General Administration unit is to facilitate the Assembly's activities with the various departments, quasi-institution, and traditional authorities and also mandated to carry out regular maintenance of the Assembly's properties. In addition, the District Security Committee (DISEC) is mandated to initiate and implement programmes and strategies to improve public security in the District.

The Internal Audit Unit is authorized to spearhead the implementation of internal audit control procedures and processes to manage audit risks, detection and prevention of misstatement of facts that could lead to fraud, waste and abuse to the Assembly.

Under the sub-programme the procurement processes of Goods and Services and Assets for the Assembly and the duty of ensuring inventory and stores management is being led by the Procurement/Stores Unit.

The number of staff delivering the sub-programme is fourteen (14) with funding from GoG transfers (DACF, DDF etc.) and the Assembly's Internally Generated Fund (IGF). Beneficiaries of this sub-program are the departments, Regional Coordinating Council, quasi-institutions, traditional authorities, non-governmental organizations, civil society organizations and the general public.

The main challenges this sub Programme will encounter are inadequate, delay and untimely release of funds, inadequate office space, and non-decentralization of some key departments.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 1.2 Finance and Audit

Budget Sub-Programme Objective

- To insure sound financial management of the Assembly's resources.
- To ensure timely disbursement of funds and submission of financial reports.
- To ensure the mobilization of all available revenues for effective service delivery.

Budget Sub-Programme Description

This sub-programme provides effective and efficient management of financial resources and timely reporting of the Assembly finances as contained in the Public Financial Management Act, 2016 (Act 921) and Financial Administration Regulation, 2004. It also ensures that financial transactions and controls are consistent with prevailing financial and accounting policies, rules, regulations, and best practices.

The sub-program operations and major services delivered include: undertaking revenue mobilization activities of the Assembly; keep, render and publish statements on Public Accounts; keep receipts and custody of all public and trust monies payable into the Assembly's Fund; and facilitates the disbursement of legitimate and authorized funds.

The sub-programme is manned by six (6) officers comprising of Accountants, Revenue Officers and Commission collectors with funding from GoG transfers and Internally Generated Fund (IGF).

The beneficiaries of this sub- program are the departments, allied institutions and the general public. This sub-programme in delivering its objectives is confronted by inadequate office space for accounts officers, inadequate data on ratable items and inadequate logistics for revenue mobilization and public sensitization.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 1.3 Human Resource Management

Budget Sub-Programme Objective

- To achieve institutional performance goals that are linked to the individual and team performance objectives, as the basis for measuring performance results and merit.
- To provide Human Resource Planning and Development of the Assembly.
- To develop capacity of staff to deliver quality services.

Budget Sub-Programme Description

The Human Resource Management seeks to improve the departments, division and unit's decision making and build capacity of the manpower which will ultimately improve the workforce and organizational effectiveness. In carrying out this sub-programme it is expected that productivity would be enhanced at the Assembly as well as decision making in the management of Human Resource.

Major services and operations delivered by the sub-program include human resource auditing, performance management, service delivery improvement, upgrading and promotion of staff. It also includes Human Resource Management Information System which ensures frequent update of staff records through electronic means, guaranteeing efficient and good salary administration, facilitation of recruitment and selection as well as postings of competent staff to fill available vacancies at the district.

Under this, two (2) staff will carry out the implementation of the sub-programme with main funding from GoG transfer and Internally Generated Fund. The work of the human resource management is challenged with inadequate staffing levels, inadequate office space and logistics. The sub-programme would be beneficial to staff of the Departments of the Assembly, Local Government Service Secretariat and the general public.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly's measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 1.4 Planning, Coordination and Statistics

Budget Sub-Programme Objective

• To facilitate, formulate and co-ordinate the development planning and budget management functions as well as the monitoring and evaluation systems of the Assembly.

Budget Sub-Programme Description

The sub-programmes coordinate policy formulation, preparation and implementation of the District Medium Term Development Plan, Monitoring and Evaluation Plan as well as the Composite Budget of the District Assembly. The two (2) main unit for the delivery is the Planning and Budget Unit. The main sub-program operations include;

Preparing and reviewing District Medium Term Development Plans, M& E Plans, and Annual Budgets. Managing the budget approved by the General Assembly and ensuring that each program/project uses the budget resources allocated in accordance with their mandate. Co-ordinate and develop annual action plans, monitor and evaluate programmes and projects Periodic monitoring and evaluation of entire operations and projects of the Assembly to ensure compliance of rules, value for money and enhance performance. Organizing stakeholder meetings, public forum and town hall meeting.

Seven (7) officers will be responsible for delivering the sub-programme comprising of Budget Analyst and Planning Officers. The main funding source of this sub-programme is GoG transfer and the Assembly Internally Generated Funds. Beneficiaries of this sub-program are the departments, allied institutions and the general public.

Challenges hindering the efforts of this sub-programme include inadequate office space for Budget and Planning officers, inadequate data on ratable items and inadequate logistics for public education and sensitization.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 1.5 Legislative Oversights Budget Sub-Programmed Objective

To ensure full implementation of the political, administrative, and fiscal decentralization reforms.

Budget Sub- Programmed Description

This sub-programmed formulates appropriate specific local level policies and implements them in the context of national policies. These policies are deliberated upon by its Zonal/Town/Area Councils, Sub-Committees, and the Executive Committee. The report of the Executive Committee is eventually considered, approved, and passed by the General Assembly into lawful local policies and objectives for the growth and development of the municipality.

The office of the Honorable Presiding Member spearheads the work of the Legislative Oversight role and ably assisted by the Municipal Coordinating Director. The main units of this sub-programmed are the Zonal/Town/Area Councils, Office of the Presiding Member and the Office of the Municipal Coordinating Director.

The activities of this sub-programmed are financed through the IGF and DACF funding sources available to the Assembly. The beneficiaries of this sub-programmed are the Zonal/Town/Area Councils, local communities, and the public.

Efforts of this sub-programmed are however constrained and challenged by inadequate logistics to the Zonal/Town/Area Councils of the Assembly.

PROGRAMME 2: SOCIAL SERVICES DELIVERY

Budget Programme Objectives

- To formulate and implement policies on Education in the District within the framework of National Policies and guidelines.
- To formulate, plan and implement district health policies within the framework of national health policies and guidelines provided by the Minister of Health.
- To accelerate the provision of improved environmental sanitation service.
- To assist the Assembly to formulate and implement social welfare and community development policies within the framework of national policy.
- To attain universal births and deaths registration in the District.

Budget Programme Description

The Social Service Delivery program seeks to harmonize the activities and functions of the following agencies; Ghana Education Service, Youth Employment Authority and Youth Authority operating at the district level.

To improve Health and Environmental Sanitation Services, the programs aim at providing facilities, infrastructural services and Programmes for effective and efficient waste management for the environmental sanitation, the protection of the environment and the promotion of public health.

The programme also intends to make provision for community care services including social welfare services and street children, child survival and development.

The Birth and Death Registry seeks to provide accurate, reliable and timely information of all births and deaths occurring within the District for socio-economic development through their registration and certification.

The various organization units involved in the delivery of the program include; Ghana Education Service, District Health Services, Environmental Health Unit, Social Welfare & Community Development Department and Birth & Death Registry.

The funding sources for the programme include GoG transfers and Internally Generated Funds from the Assembly. The beneficiaries of the program include urban and rural dwellers in the District. Total staff strength of eleven (18) from the Social Welfare & Community Development Department and Environmental Health Unit with support from staffs of the Ghana Education Service, Ghana Health Service who are schedule 2 departments is delivering this programme

SUB-PROGRAMME 2.1 Education, Youth and Sports Services Budget Sub-Programme Objective

- To formulate and implement policies on Education in the District within the framework of National Policies and guidelines.
- Increase access to education through school improvement.
- To improve the quality of teaching and learning in the District.
- Ensuring teacher development, deployment and supervision at the basic level.
- Promoting entrepreneurship among the youth.

Budget Sub- Programme Description

The Education and Youth Development sub-programme is responsible for pre-school, special school, basic education, youth and sports development or organization and library services at the District level. Key sub-program operations include;

- Advising the District Assembly on matters relating to preschool, primary, junior high schools in the district and other matters that may be referred to it by the District Assembly.
- Facilitate the supervision of pre-school, primary and junior high schools in the District
- Co-ordinate the organization and supervision of training programmes for youth in the district to develop leadership qualities, personal initiatives, patriotism and community spirit.
- Advise on the provision and management of public libraries and library services in the district in consultation with the Ghana Library Board.
- Advise the Assembly on all matters relating to sports development in the District.

Organizational units delivering the sub-programme include the Ghana Education Service, District Youth Authority, Youth Employment Agency (YEA) and Non-Formal Department with funding from the GoG and Assembly's Internally Generated Funds. Major challenges hindering the success of this sub-programme includes inadequate staffing level, delay and untimely release of funds, inadequate office space and logistics. Beneficiaries of the sub-programme are urban and rural dwellers in the District.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 2.2 Public Health Services and Management Budget Sub-Programme Objective

The main objective of this sub-programme is to formulate, plan and implement district health policies within the framework of national health policies and guidelines provided by the Minister of Health.

Budget Sub- Programme Description

The sub-programme aims at providing facilities, infrastructural services and programmes for effective and efficient promotion of public and environmental health in the District. Public Health aims at delivering public, family and child health services directed at preventing diseases and promoting the health of all people living in the District. It also seeks to coordinate the works of health centers or posts or community-based health workers and facilitates collection and analysis of data on health. In addition, emphasis will be placed on supporting high-risk groups to prevent the spread of HIV/AIDS, TB, and Malaria among others. The sub-program operations include;

- Advising the Assembly on all matters relating to health including diseases control and prevention.
- Undertaking health education and family immunization and nutrition programmes.
- Preventing new transmission, including awareness creation, direct service delivery and supporting high risk groups.
- Providing support for people living with HIV/AIDS (PLWHA) and their families.

The sub-programme would be delivered through the offices of the District Health Directorate and with support from the District Hospital. Funding for the delivery of this sub-programme would come from GoG transfers, Donor Support and Internally Generated Funds. The beneficiaries of the sub-program are the various health facilities and entire citizenry in the district.

Challenges militating against the success of this sub-programme include delay and untimely release of funds from central government, inadequate staffing levels, inadequate office space, inadequate equipment and logistics to health facilities.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly's measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 2.3 Social Welfare and Community Development

Budget Sub-Programme Objective

The objective of the sub-programme is to assist the Assembly to formulate and implement social welfare and community development policies within the framework of national policy.

Budget Sub- Programme Description

The Social Welfare and Community Development department is responsible for this subprogramme. Basically, Social Welfare aims at promoting and protection of rights of children, seek justices and administration of child related issues and provide community care for disabled and needy adults.

Community Development is also tasked with the responsibility of promoting social and economic growth in the rural communities through popular participation and initiatives of community members in activities of poverty alleviation, employment creation and illiteracy eradication among the adult and youth population in the rural and urban poor areas in the District. Major services to be delivered include;

- Facilitating community-based rehabilitation of persons with disabilities.
- Assist and facilitate provision of community care services including registration of persons with disabilities, assistance to the aged, personal social welfare services, and assistance to street children, child survival and development, socio-economic and emotional stability in families.
- Assist to organize community development programmes to improve and enrich rural life through literacy and adult education classes, voluntary contribution and communal labour for the provision of facilities and services such as water, schools, library, community centres and public places of convenience.

This sub programme is undertaken with a total staff strength of seven (6) with funds from GoG transfers (PWD Fund), DACF and Assembly's Internally Generated Funds. Challenges facing this sub-programme include untimely release of funds, inadequate office space and logistics for public education.

Budget Sub-Programme Results Statement

SUB-PROGRAMME 2.4 Birth and Death Registration Services Budget Sub-Programme Objective

The objective of this sub-programme is to attain universal births and deaths registration in the District.

Budget Sub- Programme Description

The sub-programme seeks to provide accurate, reliable and timely information of all births and deaths occurring within the District for socio-economic development through their registration and certification. The sub-program operations include;

- Legalization of registered Births and Deaths
- Storage and management of births and deaths records/register.
- Issuance of Certified Copies of Entries in the Registers of Birth and Deaths upon request.
- Preparation of documents for exportation of the remains of deceased persons.
- Processing of documents for the exhumation and reburial of the remains of persons already buried.
- Verification and authentication of births and deaths certificates for institutions.

The sub programme is delivered by staffs of the District Birth and Death Registry who has oversight responsibilities with funds from GoG transfers. The sub-programmes would be beneficial to the entire citizenry in the district.

Challenges facing this sub-programme include inadequate staffing levels, inadequate logistics and untimely release of funds.

Main Outputs	Output Indicators	Past Years		Projections				
		2023	2024 as at September	2025	2026	2027	2028

SUB-PROGRAMME 2.5 Environmental Health and Sanitation Services Budget Sub-Programme Objective

The main objective of this sub-programme is to formulate, plan and implement district health policies within the framework of national health policies and guidelines provided by the Minister of Health.

Budget Sub- Programme Description

The sub-programme aims at facilitating improved environmental sanitation and good hygiene practices in both rural and urban dwellers in the District. It provides, supervises and monitors the execution of environmental health and environmental sanitation services. It also aims at empowering individuals and communities to analyse their sanitation conditions and take collective action to change their environmental sanitation situation. The sub-program operations include;

- Inspection of meat, fish, vegetables and other foodstuff and liquids of whatever kind or nature, whether intended for sale or not and to seize, destroy and otherwise deal with such foodstuff or liquids as are unfit for human consumption.
- Supervise and control slaughter houses and pounds and all such matters and things as may be necessary for the convenient use of such slaughter houses.
- Advise and encourage the keeping of animals in the district including horses, cattle, sheep and goats, domestic pets and poultry.

The sub-programme would be delivered through the offices of the Environmental Health Unit with a total staff strength of fifteen (15). Funding for the delivery of this subprogramme would come from GoG transfers, Donor Support and Internally Generated Funds. The beneficiaries of the sub-program are the various health facilities and entire citizenry in the district.

Challenges militating against the success of this sub-programme include delay and untimely release of funds from central government, inadequate staffing levels, inadequate office space, inadequate equipment and logistics to health facilities.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly's measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

Budget Programme Objectives

- Assist in building capacity in the District to provide quality road transport systems for the safe mobility of goods and people.
- To plan, manage and promote harmonious, sustainable and cost-effective development of human settlements in accordance with sound environmental and planning principles.
- To implement development programmes to enhance rural transport through improved feeder and farm to market road network.
- To improve service delivery and ensure quality of life in rural areas.

Budget Programme Description

The two main organization tasked with the responsibility of delivering the program are Physical Planning and Works Departments.

The Spatial Planning sub-programme seeks to advise the District Assembly on national policies on physical planning, land use and development. It basically focuses on human settlement development and ensuring that human activities within the district are undertaken in a more planned, orderly and spatially organized manner.

The Department of Works of the District Assembly is a merger of the former Public Works Department, Department of Feeder Roads and Water and Sanitation Unit, of the Assembly and responsible to assist the Assembly to formulate policies on works within the framework of national policies.

The programme is manned by four (4) officer. The programme is implemented with funding from GoG transfers and Internally Generated Funds from of the Assembly. The beneficiaries of the program include urban and rural dwellers in the District.

SUB-PROGRAMME 3.1 Physical and Spatial Planning Development Budget Sub-Programme Objective

- Assist in building capacity in the District to provide quality road transport systems for the safe mobility of goods and people.
- To plan, manage and promote harmonious, sustainable and cost-effective development of human settlements in accordance with sound environmental and planning principles.
- To implement development programmes to enhance rural transport through improved feeder and farm to market road network.
- To improve service delivery and ensure quality of life in rural areas.

Budget Sub- Programme Description

The two main organization tasked with the responsibility of delivering the program are Physical Planning and Works Departments.

The Spatial Planning sub-programme seeks to advise the District Assembly on national policies on physical planning, land use and development. It basically focuses on human settlement development and ensuring that human activities within the district are undertaken in a more planned, orderly and spatially organized manner.

The Department of Works of the District Assembly is a merger of the former Public Works Department, Department of Feeder Roads and Water and Sanitation Unit, of the Assembly and responsible to assist the Assembly to formulate policies on works within the framework of national policies.

The programme is manned by two (2) officer. The programme is implemented with funding from GoG transfers and Internally Generated Funds from of the Assembly. The beneficiaries of the program include urban and rural dwellers in the District.

SUB-PROGRAMME 3.2 Public Works, Rural Housing and Water Management Budget Sub-Programme Objective

- To implement development programmes to enhance rural transport through improved feeder and farm to market road network.
- To improve service delivery to ensure quality of life in rural areas.
- To accelerate the provision of affordable and safe water

Budget Sub- Programme Description

The sub-programme is tasked with the responsibility of developing and implementing appropriate strategies and programmes that aims to improve the living conditions of rural dwellers. Under this sub-programme reforms including feeder road construction and rehabilitation as well as rural housing and water programmes are adequately addressed. The department of Works comprising of former Public Works, Feeder Roads, and Rural Housing Department is delivering the sub-programme. The sub-program operations include;

- Facilitating the implementation of policies on works and report to the Assembly
- Assisting to prepare tender documents for all civil works projects to be undertaken by the Assembly through contracts or community-initiated projects.
- Facilitating the construction, repair and maintenance of public buildings, roads including feeder roads and drains along any streets in the major settlements in the District.
- Facilitating the provision of adequate and wholesome supply of potable water for the entire District.
- Assisting in the inspection of projects undertaken by the District Assembly with relevant Departments of the Assembly.
- Provide technical and engineering assistance on works undertaken by the Assembly.

This sub programme is funded from the Central Government transfers and Assembly's Internally Generated Funds which goes to the benefit of the entire citizenry in the District. The sub-programme is managed by three (3) staff. Key challenges encountered in delivering this sub-programme include inadequate staffing levels, inadequate office space and untimely releases of funds.

Budget Sub-Programme Results Statement

SUB-PROGRAMME 3.3 Roads and Transport Services

Budget Sub-Programme Objective

- To provide extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation.
- To facilitate the implementation of policies on trade, industry and tourism in the District.

Budget Sub- Programme Description

The program aims at making efforts that seeks to improve the economic well-being and quality of life for the District by creating and retaining jobs and supporting or growing incomes. It also seeks to empower small and medium scale business both in the agricultural and services sector through various capacity building modules to increase their income levels

The Program is being delivered through the offices of the departments of Agriculture, Business Advisory Centre and Co-operatives.

The program is being implemented with the total support of all staff of the Agriculture department and the Business Advisory Center. Total staff strength of twenty-three (23) are involved in the delivery of the programme. The Program is being funded through the Government of Ghana transfers with support from the Assembly's Internally Generated Fund and other donor support funds.

PROGRAMME 4: ECONOMIC DEVELOPMENT

Budget Programme Objectives

- To provide extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation.
- To facilitate the implementation of policies on trade, industry and tourism in the District.

Budget Programme Description

The program aims at making efforts that seeks to improve the economic well-being and quality of life for the District by creating and retaining jobs and supporting or growing incomes. It also seeks to empower small and medium scale business both in the agricultural and services sector through various capacity building modules to increase their income levels The Program is being delivered through the offices of the departments of Agriculture, Business Advisory Centre and Co-operatives.

The program is being implemented with the total support of all staff of the Agriculture department and the Business Advisory Center. Total staff strength of twenty-three (23) are involved in the delivery of the programme. The Program is being funded through the Government of Ghana transfers with support from the Assembly's Internally Generated Fund and other donor support funds.

SUB-PROGRAMME 4.1 Trade and Industrial Development

Budget Sub-Programme Objective

• To facilitate the implementation of policies on trade, industry and tourism in the District.

Budget Sub- Programme Description

The Department of Trade, Industry and Tourism under the guidance of the Assembly would deal with issues related to trade, cottage industry and tourism in the district. The Business Advisory Centre and Co-operatives are the main organizational units spearheading the sub-programme which seeks to facilitate the implementation of policies on trade, industry and tourism in the District. It also takes actions to reduce poverty by providing training in technical and business skills, assisting in the access of low-income people to capital and bank services and assisting the creation of new jobs. The sub-programme again seeks to improve on existing SMEs through financial assistance and managerial skill training as well as helping identify new avenues for jobs, value addition, access to market and adoption of new and improved technologies. The main sub-program operations include;

- Advising on the provision of credit for micro, small-scale and medium scale enterprises.
- Assisting to design, develop and implement a plan of action to meet the needs and expectations of organized groups.
- Assisting in the establishment and management of rural and small-scale industries on commercial basis.
- Promoting the formation of associations, co-operative groups and other organizations which are beneficial to the development of small-scale industries.
- Offering business and trading advisory information services.
- Facilitating_the promotion of tourism in the District.

Officers of the Business Advisory Centre and Co-operatives are tasked with the responsibility of managing this sub-programme with funding from GoG transfers and

donor support which would inure to the benefit of the unemployed youth, SME's and the general public. The service delivery efforts of the department are constrained and challenged by inadequate office equipment, low interest in technical apprenticeship, transport difficulty and inadequate funding, among others.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

Main Outputs	Output Indicators	Past Years		Projections

SUB-PROGRAMME 4.2 Agricultural Services and Management Budget Sub-Programme Objective

- To assist in the formulation and implementation of agricultural policy for the District Assembly within the framework of national policies.
- To provide extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation in the District.

Budget Sub- Programme Description

The department of Agriculture is responsible for delivering the Agricultural Service and Management sub-programme. It seeks to provide effective extension and other support services to farmers, processors and traders for improved livelihood in the District. Moreover, the sub-programme deals with identifying and disseminating improved up-todate technological packages to assist farmers engage in good agricultural practices. Basically, it seeks to transfer improved agricultural technologies through the use of effective and efficient agricultural extension delivery methods. The sub-program operations include;

- Promoting extension services to farmers.
- Assisting and participating in on-farm adaptive research.
- Lead the collection of data for analysis on cost effective farming enterprises.
- Advising and encouraging crop development through nursery propagation.
- Assisting in the development, rehabilitation and maintenance of small-scale irrigation schemes.

The sub-programme is undertaken by twenty-two (22) officers with funding from the GoG transfers and Assembly's support from the Internally Generated Fund. It aims at benefiting the general public especially the rural farmers and dwellers. Key challenges include inadequate staffing levels, inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

Budget Programme Objectives

- To ensure that ecosystem services are protected and maintained for future human generations.
- To manage disasters by Co-ordinating resources and developing the capacity of communities to respond effectively to disasters and improve their livelihood through social mobilization, employment generation and poverty reduction projects.

Budget Programme Description

The Environmental Management offers research and opinions on use and conservation of natural resources, protection of habitats and control of hazards. It also seeks to promote sustainable forest, wildlife and mineral resource management and utilization.

Disaster Prevention and Management programme is also responsible for the management of disasters as well as other emergencies in the District. It seeks to enhance the capacity of society to prevent and manage disasters and to improve the livelihood of the poor and vulnerable in the rural communities through effective disaster management, social mobilization and employment generation.

Staffs from NADMO and Forestry and Game Life Section of the Forestry Commission in the District is undertaking the programme with funding from GoG transfers and Internally Generated Funds of the Assembly. The beneficiaries of the program include urban and rural dwellers in the District.

SUB-PROGRAMME 5.1 Disaster Prevention and Management Budget Sub-Programme Objective

 To manage disasters by Co-ordinating resources and developing the capacity of communities to respond effectively to disasters and improve their livelihood through social mobilization, employment generation and poverty reduction projects.

Budget Sub- Programme Description

The National Disaster Management Organization (NADMO) section under the Assembly is responsible for delivering the sub-programme. It seeks to assist in planning and implementation of programmes to prevent and/or mitigate disaster in the District within the framework of national policies. The sub-program operations include;

- To facilitate the organization of public disaster education campaign programmes to create and sustain awareness of hazards of disaster and emphasize the role of the individual in the prevention of disaster.
- To assist and facilitate education and training of volunteers to fight fires including bush fires or take measures to manage the after effects of natural disasters.
- Prepare and review disaster prevention and management plans to prevent or control disasters arising from floods, bush fires, and human settlement fire, earthquakes and other natural disasters.
- To participate in post disaster assessment to determine the extent of damage and needs of the disaster area.
- Co-ordinate the receiving, management and supervision of the distribution of relief items in the District.
- Facilitate collection, collation and preservation of data on disasters in the District.

The sub-programme is undertaken by officers from the NADMO section with funding from the GoG transfers and Assembly's support from the Internally Generated Fund. The subprogramme goes to the benefit of the entire citizenry within the District. Some challenges facing the sub-programme include inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.

Budget Sub-Programme Results Statement
