PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the District

Adaklu District Assembly was established by Legislative Instrument (L.I) 2164 of 2012 with its Capital at Adaklu-Waya. It was carved out of the former Adaklu-Anyigbe District as part of efforts to deepen the decentralization process and to bring development to the doorstep of the people of Adaklu District. It was inaugurated on the 28th June, 2012.

The District is located in the southern part of the Volta Region and lies within Longitudes 06°41′1″N and 6.68361°S and Latitudes 00°20′1″W and 0.33361°E. It shares boundaries with Ho Municipal to the North, Central Tongu District to the South, Agotime-Ziope District to the East and to the West with Ho West District.

Adaklu District has 91 communities which covers a total land Area of 800.8 square km. The proximity of the Adaklu District to Ho (29km), the Regional capital, positions it as a suitable destination for investors and developers.

Population Structure

According to the 2021 Population Housing Census report by Ghana Statistical Service, the District population stood at 38,649 consisting of 18,963 males representing 49.1% and 19,686 females representing 50.9%. This represents 2.3% of the total Regional population of 1,659,040.

With the regional growth rate of 1.1 per annum, the projected population of the District for 2024 is 41,121.

Vision

The Vision of the District is to transform the Assembly from an economically deprived to a viable District; delivering people centered services with dedication and sense of urgency.

Mission

Adaklu District Assembly exist to improve the quality of life of the people within the District's jurisdiction by providing and maintaining basic services and facilities in the areas

of education, health, sanitation and other social amenities for accelerated development in collaboration with all stakeholders.

Goal

To improve the general quality of life of the people through effective sensitization, mobilization of resources and the promotion of socio-economic development to create an enabling environment for sustained poverty reduction within the context of good governance and private sector empowerment.

(9) The Instrument that establishes a particular District Assembly or any other Instrument may confer additional functions on the District Assembly.

District Economy

Agriculture

The District is mainly an agrarian economy, with majority of the population engaged in crop, livestock production and other Agriculture related activities. Agriculture productivity in the District is predominantly done on subsistent level. The sector including forestry constitutes the major industry of the employed population.

There are few commercial farms especially in vegetable/crop production and cattle rearing. The District is endowed with a lot of Cattle, Sheep, Goats, Rabbit, Poultry among other Livestock. This necessitated the establishment of Waya Animal Market There is a great potential for commercial farming within the District.

Food Crop Production

Crop production forms the base of the district's agriculture; the major food crops cultivated are maize, pepper, plantain, cassava, cocoyam, legumes, water melon and dotted tree crops such as mango, orange, cashew, pawpaw, coconut and Palm trees.

About 10% of the farmers practice mono-cropping, this is done on both subsistent and commercial basis.

Road Network

Although the communities within the District are well linked and connected with feeder roads most of these roads are not engineered. The total road network in the District is about 123.1km. This is categorized into Highways, consisting of the Ho-Adidome (66.2km) and Ho-Kpetoe Aflao (26.0km) Highways, and Feeder Roads including engineered, partially engineered and wholly not engineered roads. Roads in the District are generally poor. The road from Adaklu Tsrefe to Keyime has been awarded but the Contractor is yet to move to site.

Under the Ghana Productive Safety Net Programme Phase II, a 2km feeder road from Dave to Gbleve has been awarded and the site handed over to the Contractor.

Energy

The Assembly over the years has supported the extension of electricity to most communities in the District. It is estimated that over 95% of communities in the District have access to electricity. The major challenge facing the energy sector is the frequent power outages due to bad weather and bush fires that destroy electric poles.

Also, most streets in the district do not have street lights and this has implications for security in the district. There is the need therefore to make provision for the supply and maintenance of street lights in all the communities.

Health

The District is divided into five sub-districts namely: Ahunda, Helekpe, Sofa, Wumenu and Waya, with nineteen (19) health facilities, delivering different levels of health care services. The District has no hospital, seven (7) Health Centers, Twelve (12) CHPS and Four (2) semi-detached quarters, that serves as Nurses accommodation.

Severe cases are referred to Central Tongu District Hospital, Ho Municipal Hospital and The Ho Teaching Hospital.

The District is one of the beneficiaries of Government flagship project Agenda 111, the Contractor is on site and construction work is progressing steadily.

The table below shows the categories and number of health facilities in the District:

Education

The district has eight (8) circuits namely: Waya, Ablornu, Torda, Abuadi, Kodzobi, Ahunda, Wumenu and Kpetsu, fifty-two (52) educational facilities at all levels of education, as shown in table 2 below.

Faith Based Organizations, Private, Non-Profit Organizations and Charity Organizations partners the district in the delivery of Classroom Infrastructure, Recreational Facilities, Library Books, Computers, Furniture, WASH facilities.

There exists the Complementary Education Agency Unit in the District. Patronage of Non formal Education in the District is however relatively low. The Unit is woefully under resourced. The number of learners districtwide benefitting under the sector are numerated in table 3 below:

 Table 3 Complementary Education Agency (CEA) Learners

Market Centers

The presence of a large number of livestock in the District necessitated the establishment of the Waya Animal Market. The Assembly constructed a slaughter house at this Market and further expansion and provision of other infrastructure are currently ongoing including pavement and construction of market stores and sheds. The long term plan is to develop the Market into a major multipurpose one. There are other smaller markets in communities such as Ahunda, Helekpe and Torda but these markets lack basic facilities such as sheds etc.

Water and Sanitation

Potable water coverage in the District is very low. About 57% of the population have access to portable water. This is far below the regional and national average of 59% and 58% in comparative term.

During the implementation of the 2018-2021 MTDP, the Assembly constructed 25 mechanized boreholes in Kpogadzi, Torda, Aziedukope, Ahornkope, Akatsixoe communities. In all, there are 61 boreholes in the District. Out of the total number of boreholes in the District, 56 of the boreholes are functional whiles the remaining 5 boreholes are broken down but provision has been made for its repairs.

The District is one of the five districts benefitting from the ongoing 5 District Community Water Improvement Project funded by GoG/Spanish Government. Waya, Adaklu Alavanyo, Helekpe, Goefe, Tsrefe, Awanyaviofe, Sikama, Abuadi, Tokor, Kordiabe, and Agblefe are the beneficiary communities with the District.

With increasing population and economic activities, waste management is becoming a major issue in the District. Sanitation Coverage in the District currently stands at 81%.

The Adaklu District has no final disposal sites for liquid waste but has one for solid waste. The land fill site is under the management of Waste Landfills Company Limited. Zoomlion Ghana Limited is responsible for general waste management in the District. Both companies are under the supervision of the Environmental Health and Sanitation Unit of the Assembly. The key issues facing the sector are inadequate refuse skips in communities, crude waste disposal methods, high incidence of open defecation, inadequate household latrines, poor enforcement of sanitation by laws, inadequate sanitation officers in communities etc. The control stray animals in communities have been a challenge due to lack of animal ponds in the District.

Tourism

The tourism industry represents a huge economic factor and its social impacts are obvious. The tourism industry is a major employer of women and offers various opportunities for independent income generating activities. The main attractions in the District include the famous Adaklu Mountain, Kalakpa Forest Reserve, and Cemetery for German Allied Missionaries.

11

Environment

The District's natural resources include water bodies, sand, stone and clay deposits, grasslands, timber products, highlands, forests/ plantation reserves etc. These resources serve as sources of livelihood and employment for majority of inhabitants. However, human activities have been contributing to the depletion of these resources. These activities include deforestation, sand winning, overgrazing, harmful agricultural practices, and bush burning.

The Assembly has made efforts over the years to enforce its by-laws in relation to these activities to avoid over exploitation and the sustainable use of these resources.

Environmental pollution in the District comes in various forms, such as: air, water, soil pollution.

The following are some forms of pollutions in the District:

- Improper application of agro-chemicals
- Open Defecation
- Charcoal/ bush burning and burning of other household items and refuse
- Improper solid and liquid waste disposal systems
- Use of harmful chemicals for fishing in water bodies

Key Issues/Challenges

- Inadequate office space for staff.
- Unavailability of critical offices such as Agric Vertinery Office, BAC and NHIS in the District.
- Unmotorable poor nature of accessible feeder roads in the District.
- Lack of official residential accommodation for staff in the District
- Poor mobile telecommunication Networks in the District
- Destruction of Farm crops by Cattle grazing activities in the District.
- Inadequate Classroom Blocks at the Basic level.
- Improper disposal of refuse in the District
- Misunderstanding of boundary demarcations between Central Tongu, Ho, Akatsi South and Agortime-Ziope.
