PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the District

Shama District Assembly is one of the 14 administrative Districts in the Western Region. The District was carved out of the former Shama Ahanta East Metropolitan Assembly (SAEMA) and, was established in December, 2007 by a Legislative Instrument (LI 1882). It was inaugurated on March 2008 with its administrative capital at Shama.

There are six (6) Area Councils namely Aboadze – Abuesi, Inchaban, Shama, Shama Junction, Assorko- Essaman and Supomu Dunkwa covering seventeen (17) Electoral Areas in the District. All the area councils are functional, though do not have permanent Area Council offices.

The District Assembly has a membership of twenty-seven (27) comprising of the Honourable District Chief Executive, the Member Parliament, seventeen (17) elected Assembly Members, and Eight (8) Government Appointees.

The Assembly has two main committees: The Executive Committee and the Public Relations and Complaint Committee. The Executive Committee has six (6) Sub-Committees namely, Finance and Administration; Justice and Security; Development Planning; Social Services; Works, Agriculture and Coastal as well as Small and Medium Enterprises Sub-Committee.

Population Structure

Development planning is a human-centred endeavour, in the pursuance of any development agenda. Hence having accurate population data is critical in development planning and decision making.

The total population of the Shama District was 81,966 people in 2010 (GSS/PHC, 2010). With a growth rate of 3.2%, the population of the district was estimated at 112,875 in 2020. The 2021 Population and Housing Census put the population of the district at 117,224 in 2021, representing 5.7% of the total regional population of 2,060,585. The increase the population size could be attributed to high fertility, increase in business attraction and migratory processes, which are the determinants of population change.

Analysis indicates that the population of the district grew by 70% within a decade (10 years). If this trend continues, the Shama District will have a population of 286,027 by the end of 2031. This calls for effective population control measures to mitigate population explosion with its associated developmental dilemma.

The PHC 2021 indicated 60,104 are females which represent 51.2% and 57,210 are males representing 48.80%. The rural population of the district is 41,613 represent 35.5% of the entire population whilst the urban population is 75,611 represent 64.5%. The district has a very youthful population with 45% of the population being young people. This creates a great opportunity for a vibrant workforce to support the industrialization drive within all sectors of the district's economy.

The projected population of Shama District stands at 127,845 making of 64,842 males and 63,003 females with over 68,054 households.

Vision

To become the preferred gateway to Western Region with enhanced economic opportunities within a decentralised good governance system.

Mission

The Shama District Assembly exists to improve the living standards of the people through the provision of quality socio-economic infrastructural services within the context of good governance.

Goals

The goal of the Shama District is to ensure that all the people have access to basic social services while creating an enabling environment for economic growth, job creation, and poverty alleviation in an inclusive society.

Core Functions

Shama District Assembly performs the following functions pursuant to Section 12 sub sections 1 – 9 of Local Governance Act, 2016 (Act,936):

Exercise political, administrative authority with executive, legislative and executive powers and to promote local economic development.

- Provide guidance, give direction to and supervise other administrative authorities in the district as may be prescribed by law.
- > Be responsible for the overall development of the district.
- Monitor the execution of projects under approved development plans and assess and evaluate their impact on the development of the district and national economy in accordance with government policy.
- Co-ordinate, integrate and harmonise the execution of programmes and projects under approved development plans among others

These functions and others contained in various statutory regulations and laws are performed through the structures and sub-structures of the Local Government Service.

District Economy

According to GSS (PHC 2010), 68.5 percent of the total population of the district is economically active; out of which 92.5 percent are employed while 7.5 percent unemployed.

The economic structure of the district is divided into three main sectors. These sectors are services, agriculture and manufacturing. The services sector is the largest contributor to employment in the district as it employs 39.2 percent; agriculture employs 32.4 percent while manufacturing employs 28.4 percent of the active labour force.

• Agriculture

Agriculture plays a vital role in the socio-economic development of the Shama district. According to GSS/PHC 2021, 29 percent of the districts' population is engaged in agriculture. The agriculture sector comprises crops, livestock, fisheries, agroforestry and non-traditional commodities. Crop farming (92.7 percent) is the major agricultural activity undertaken by agricultural households in the district, livestock (4.0 percent), agroforestry or tree planting (3.1 percent) and fisheries (0.2 percent).

The agriculture is the second largest sector which employs 32.4 percent of the economically active population (15-64 years) whilst the services sector is the largest with 39.2 percent of the employed population in the district. The agriculture and fishing sectors

provide food and income to over 50 percent of households who depend on them as their main source of employment, especially along the coastal belt of the district.

The Shama District has an estimated land area of about 215 sq. km. The district is subdivided into four (4) Agricultural zones. These are Beposo-Asem Asa zone, Assorko-Abotayie zone, Ohiamadwen-Supomu Dunkwa zone and Shama-Aboadze/Abuesi zone. Crop and food production is mainly on subsistence basis and very few farmers are medium scale producers.

About 80% of the population is engaged in either fishing or production of food and cash crops. Common crops produced are maize, cassava, plantain and rice. Cultivation of rice is heavily encouraged by MOFA in places like Badukrom, Ohiamadwen, Kobina-Andohkrom, Asem Asa and Anto. The major crops grown are cassava, plantain, cocoyam, maize, rice, oil palm and vegetables.

Cocoa and oil palm are produced on a small scale in towns such as Abotareye, Essumankrom, Beposo and Afransie while sugar cane is produced in Daboase Nkwanta, Obinimokyena and Komfueku. Oil palm is a major cash crop activity in the district. The average farm size is about one (1) acre per farmer. Rubber and sugar cane are also cultivated. Sugar cane is mostly used in alcohol (Akpeteshie) distillation which is also an important agro-based activity in the district. It is estimated that 47,680 farmers are engaged in crop farming within the district.

Road Network

The Accra-Takoradi trans-national highway passes through the district, and it serves as a major transportation route for the inhabitants. Most of the tarred roads are in the southern coastal part with a total length of 65.9 km road network. Out of the total length 45km are engineered with gravel, bitumen or paved surfaces while 20.9km remain not engineered with clay surfaces.

There has been a considerable improvement in road conditions districtwide through the implementation of the District Road Improvement Program (DRIP). The timely intervention of this program has come as a huge relief to both the Assembly and the inhabitants. Several town roads including Komfueku, Aboadze, Shama Kumasi, Nyanikrom, Graveldo, Yabiw, Abuesi, Shama-Shama junction roads have seen a major

7

facelift. The project is progressing steadily and within considerable period, the problem of roads will be a thing of the past.

The main Shama-Shama junction road has been awarded on contract and work is progressing steadily.

• Energy

Shama District host major power installations such as Aboadze Thermal (330 MW), TICO/TAQA (340MW), and Ameri Power Plant (250MW); together producing the largest share thermal energy to the national grid with a capacity of 920 MW Generation Capacity. The district is pursuing the establishment of clean energy through Waste to Energy concept. Relevant investors and partners are being sought to invest in this project. Waste recycling for energy is expected to create several jobs for the youth while helping keep the communities clean of plastics and other environmental pollutants. This is in line with the Green Policy of the Assembly.

Health

For the purposes of Health administration, the district is divided into four sub-districts, namely, Shama, Supomu-Dunkwa, Graveldo and Aboadze-Abuesi. Each sub-district team is headed by a senior health officer and comprises of representatives from the facilities within the sub-district and representatives of the community.

Health Facilities in Shama District

The District Health Directorate has a mission to work in collaboration with all partners in the health sector to ensure that every individual, household and community is well informed by highly motivated staff, well trained and friendly personnel.

There are nineteen (19) CHPS compounds distributed in all the seventeen (17) Electoral Areas in the District. Others health services providers include four (4) health centres and four (4) private hospitals (VRA, Edwards, Lifeline and St Benedict). Other organizations such as Faith Based Centres, Traditional Birth Attendants (TBAs) and Chemical Sellers

also provide basic health care services to compliment the government efforts and the mainstream health service providers.

| Number | Name of Facility | Health Sub-District |
|--------|-------------------------------------|--------------------------|
| 1 | Shama Health Centre | Shama |
| 2 | Living Well CHPS Compound, Graveldo | Shama |
| 3 | Lifeline Medical Centre | Shama |
| 4 | Upper Inchaban CHPS compound | Aboadzi-Abuesi |
| 5 | Abuesi CHPS Compound | Aboadzi-Abuesi |
| 6 | Lower Inchaban CHPS Compound | Aboadzi-Abuesi |
| 7 | VRA Hospital Aboadzi (Private) | Aboadzi-Abuesi |
| 8 | Agyenkwa Clinic (Private) | Aboadzi-Abuesi |
| 9 | St. Benedict Hospital (Private) | Aboadzi-Abuesi |
| 10 | Dunkwa CHPS Compound | Supomu-Dunkwa |
| 11 | Anopansu CHPS Compound | Supomu-Dunkwa |
| 12 | Anlo Beach CHPS compound | Supomu-Dunkwa |
| 13 | Fawomanye CHPS Compound | Supomu-Dunkwa |

| 30 | Ambulance Stations – 2 Sites | Shama and Energy enclave |

Table 1: Healthcare Facilities in the Shama District

District Directorate of Health, 2024

Each sub-district team is headed by a Senior Health Officer and comprises representation from the facility within the sub-district and some community members. A facilitymanagement team oversees the day-to-day administration of each facility, whilst the District Health Directorate plays a supervisory role.

Challenges to Healthcare in the District

The district lacks a modern District Hospital and a Poly Clinic. There are issues of inadequate nurses, midwives, other allied health professionals and health support services.

Inadequate health facilities, logistics, equipment and other health inputs are evident in the sector. Poor health seeking attitudes within the general population is also a huge concern.

• Education

Education is the bedrock of development and human capital development is critical in achieving holistic development within Shama District.

There are three hundred and forty-one (341) basic schools comprising one hundred and seventy (170) Preschools, hundred and two (102) Primary school and sixty-nine (69) Junior High Schools districtwide. There are two (2) Secondary Schools and one (1) Technical and Vocational Education and Training (TVET).

However, inadequate teaching and learning materials remains a challenge to ensuring delivery of educational services in the district. Teacher student ratio is 1:24 and student textbook ratio remains 5:1. The number of teachers in the district stands at 1,103 for the public basic schools as of 2024.

The District Education Department suffers from inadequate offices, logistics and teaching and learning materials.

• Market Centres

The Shama District has four (4) major markets namely Beposo, Shama Junction, Inchaban and Shama. Others small markets are dotted within most communities districtwide. The markets serve as the main centres for commence and employs substantial number of traders. Aside Beposo market, which is a weekly market, the rest operate on daily basis. Boposo market operates on Tuesdays and Fridays, and attracts patronage from other districts including STMA, as well as from Central Region and beyond. Due to its strategic nature, the district has rehabilitated and given a facelift to the facility with the aim of enhancing the condition of doing business.

Shama market has also seen a major makeover which has improved the market environment for business. There is a project of constructing 88 number lockable stores and 56 sheds currently ongoing at Lower-Inchaban market. Another market project is ongoing at Abease, Upper-Inchaban. All these projects are in line the districts' vision of promoting local economic development (LED) and enhancing economic activities to promote wellbeing of the citizenry.

Medium and small sized supermarkets and other shops have sprung up within most communities as well as filling stations with shopping marts. All these are evidence of the rapid urbanisation and the rapid transformation of the district to a cosmopolitan one. This has contributed to increase in internally generated funds (IGF) in relation to Business Operating Permits (BOP) and other revenues. The district is open to investors to partner so as to develop all our major markets into ultramodern facilities so as to help create jobs and promote economic activities and growth.

• Water and Sanitation

Water

The Inchaban Water Treatment Plant supplies water to households and industries in most part of the district as well as the Sekondi-Takoradi Metropolis and beyond. This makes the district an important player in ensuring water security in major parts of the region. A significant proportion of households have access to public tap/standpipe (44.3%) and pipe-borne water outside dwelling (34.2%), while a relative lower proportion (10.3%) use pipe-borne inside dwelling as their main source of water for drinking. Approximately 11.2% of households sourced water from rivers, welsl and boreholes.

To deepen the use of portable water within the district, over 15 new boreholes were constructed and additional over same number have been rehabilitated.

Small Town water projects have been implemented in communities including Supomu-Dunkwa.

The Community Water and Sanitation Agency (CWSA) have provided some water supply points within the communities. The Community Water and Sanitation Project have made some headway in providing boreholes for some communities in the district.

Unfortunately, some of the rural communities still lag in the supply of potable water. This situation has been attributed to the high salinity content in some boreholes the Assembly and partners constructed. It is the hope of the district that appropriate technology can be adopted through investors to desalinate such water systems to serve under served communities.

Sanitation

An efficient and hygienic method of human waste disposal available in a dwelling unit is a critical indicator of the sanitary condition of a unit under MDG 7. The 2010 Population and Housing Census indicated that, the main type of toilet facility used in the Shama District was public toilet (46.6%) followed by pit latrine (11.2%), WC (9.6%) and KVIP (9.4%). A significant proportion (22.6%) of households in the district do not have toilet facilities (PHC Report, 2013).

The use of public toilets in the rural areas (48.7%) is higher than the patronage of public toilet in urban areas (44.9%). More urban households (12.1%) use the WC with 6.4 percent of rural households using the same facility. Also, 17.4 percent of rural households use the pit latrine compared to 6.3 percent of households in urban areas.

The proportion of households without toilet facilities (use of bush/beach and field as place of convenience) in urban areas (27.8%) is higher than rural households (16.0%). Bucket or pan toilet facility is the lowest (0.2%) facility patronized in the district.

The disposal of liquid waste on the surroundings (30.1%) and in the gutter (30.0%) is quite predominant in the district. The use of the sewerage system (2.0%) as a means of disposing liquid waste is very low as indicated by the proportion of urban areas (3.3%) higher than the rural areas (0.3%).

The consequence of poor liquid waste disposal is the contamination of surface and ground waters with its dire effect on cost of water treatment, aquatic life and serious implication for health of the citizenry.

The main means of solid waste disposal is public dump in open spaces (58.2%) and public dump in containers (26.1%). Public dump (open spaces) in rural areas constitutes 68 percent which is relatively higher than in urban areas (50.4%). Data shows that 7.6 percent of households burned their solid waste, rural (9.7%) and urban (5.9%) in rural and urban areas respectively. More rural households (6.1%) than urban households (1.9%) dump their waste indiscriminately in the Shama District.

• Tourism

The district has a great deal of tourism potentials which can be harnessed for development.

The district has fine beaches with large expanse of coastlines which can be developed into hospitality avenues through investing in hotels, resorts and beach sporting activities.

Some parts of the beaches have been developed into hotels and other recreational avenues; however, a large proportion of this resource has been left untapped. These facilities include La Bamba Beach Resort at Amenano and the Abuesi Beach Resort at Abuesi. Volta River Authority (VRA) has a club house at Aboadze that is opened to the public for social activities.

The district host one of the oldest forts in the country built by the European merchants. Fort Sebastian was built by the Portugal merchants between 1520-1526 (third oldest) in Ghana. The first Christian Cross was planted by the Portuguese more than 556 years ago at Shama. Fort Sebastian was later sold to the British and was used as a military base and a slave prison.

Again, the tomb of Anton Wilhelm Amo, the first African sponsored by a German Duke to attend German University and becoming a lecturer after acquiring a PhD is in Shama.

These monuments have been not received the necessary marketing and attention resulting in underutilisation and neglect. We are seeking partnership from interested stakeholders to restore and commercialise these historical sites for tourism and job creation purposes.

Another impressive undeveloped tourist potential is the River Pra and its tributaries and estuary. With the appropriate investment and technology, this river system can be developed into water transport and enviable tourist attraction destination. They could boost the economy and create significant number of jobs for the citizenry.

• Environment

The geology of the District is made up of the Tarkwaian and Birrimian rock formation which are mostly granitic in nature. The coastal areas of the district have faulty shelves and sandstones of various types resting on a hard basement of granite, gneiss and schist's while the non- coastal areas have lower Birimian rocks.

Granite found in the District can be divided into two groups namely Dixcove granite complex and Cape Coast granite complex. These deposits occur in communities such as Appimenyim, Ohiamadwen, Kobina Andokrom, Anto, Aboso, Atwereboanda, Supomu Dunkwa, Assorko and Essaman. Due to this, quarrying has assumed prominence in the district.

Alluvial gold can be found from weathered rock materials in the River Pra and its valleys. Large deposits of clay are found in Inchaban, Aboadze, Komfueku and Ituma. The Anankwari River and Ituma streams and their tributaries which flow in south-westerly direction into the Anankwari River plain contain one of the finest clay deposits in the District. There are also the potentials for large scale salt extraction in areas such as Anlo Beach, Abuesi, Aboadze, Krobo and Bosomdo. The presence of alluvial gold in the Pra River and its tributaries have attracted the attention of illegal small-scale miners popularly called Galamsey which has seen the river considerably polluted from the activities. The usual clear water has turned brown. The effect of heavy experienced could be attributed to the activities of these illegal miners upstream which occurs in districts far and near.

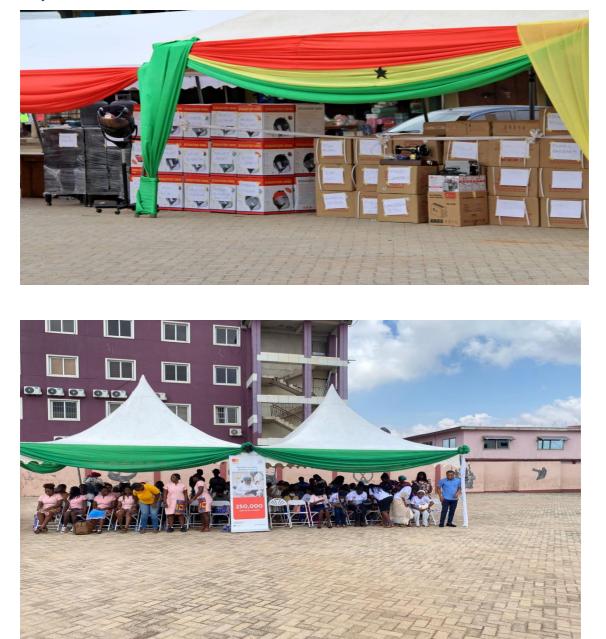

These pollutions by illegal small-scale miners has resulted in a spike in the cost of water treatment at the Inchaban Water Treatment plant due to heavy siltation, heavy metals and related pollutants within the water system. The river which is the only major source of water the surrounding communities has generated health complications to the citizenry due to the dangerous chemicals used to process the minerals.

Indiscriminately disposal of both solid and liquid waste into part of the river system has cause air pollution to the environment due to heavy stench. Inhabitants also experience building cracks, noise and air pollution associated with the operations of both illegal miners and the quarry companies. These pose serious threats to the safety of the inhabitants and the repair of such damages always add to the cost of living of the affected people.

Key Issues/Challenges

- Poor State of Road Network/Infrastructure
- High Youth Unemployment
- Inadequate Office Furniture/Equipment
- Inadequate access to potable water supply and sanitation facilities
- Inadequate Health Infrastructure/Equipment
- Inadequate Residential Accommodation for Staff

Key Achievements in 2023

DISTRIBUTION OF START UP KITS (72 DRESSMAKING, 36 HAIR DRESSING, 1 BAKING, 2 LEATHER WORKS AND 2 CATERING) 113 SKILLED CRAFT APPRENTICE 99 FEMALES AND14 MALES

CONSTRUCTION OF 2 - STOREY 1 NO. NEW ASSEMBLY BLOCK AT SHAMA

Policy Outcome Indicators and Targets

Revenue Mobilization Strategies

The Shama District Assembly is still undertaking several activities towards reforming and automation of its revenue mobilization drive for 2025 and in the medium term to optimize revenue collection.

In view of that, the Assembly is pursuing the following revenue measures among others to boost domestic revenue mobilization:

- Extension of data collection on businesses within the district;
- Public Education and Sensitization; and engagements of stakeholders;
- Continuation of valuation of corporate and individual properties
- Early bill Printing, distribution and revenue collection exercise
- Regular field monitoring and Inspection exercise on revenue activities.

PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

Budget Programme Objectives

- i. To translate policies and priorities of the Assembly into strategies for efficient and effective service delivery.
- ii. Improve resource mobilization and ensure efficient public expenditure management.
- iii. Ensure effective Monitoring and Evaluation (M&E) of projects and programs and timely reporting on programs and other activities.

Budget Programme Description

The Management and Administration Program is made up of five (5) Sub-Programmes comprising General Administration, Finance and Audit, Human Resource Management, Planning and Budgeting, Coordination, Statistics and Legislative Oversights. This Program is responsible for all activities and programs relating to the Internal Management of the Assembly which includes but not limited to Human Resource Management, General Services, Planning and Budgeting, Revenue Mobilization, Accounting, Procurement and Stores, Transport, ICT and Security relating to the Shama District Assembly.

Some of the duties undertaken by Units under the central administration are spelt out below;

- I. The Planning Unit is responsible for Strategic Planning of the District, facilitates the integration and implementation of District policies in line with the Central Government Policies and programs to achieving sustainable economic growth and development. The unit serves as the secretariat of District Planning Coordination Unit (DPCU).
- II. The Budget and Rating Unit facilitates the preparation and execution of the District Program Based Composite Budget, Fee Fixing and Rate Impost Resolutions and Revenue Improvement Action Plan. The Unit translates the District Annual Action

Plans into Financial Policy in line with National Medium-Term Development Program, facilitates the organization of In-Service-Training program for the staff of the Departments in Budget Preparation. The Unit also assists in the efficient Public Financial Management through the use of GIFMIS. The Unit also regularly analyze the implementation of the Budget and advice the principal spending officer who coordinates the promotion and enforcement of a transparent, efficient and effective management of public revenue, expenditure and the assets and liabilities of the Assembly. The Unit also assists in strategizing the mobilization of revenues for the District.

- III. The Finance Unit leads revenue mobilization and efficient disbursement of funds. It also ensures the adherence to Public Financial Management Laws and Regulation in order to achieve value for money and keep proper records of financial transaction and submit monthly and annual reports to user department, agencies and other stakeholders.
- IV. The Internal Audit Unit ensures effective system of risk management, internal control and regular internal audit in respect of the utilization of the Assembly's resources. The Unit also report on the soundness of Assembly's financial positions, provide assurance on the efficiency, effectiveness and economy in the administration of the programs and operations of the Assembly. It also made follow-ups on the agreed audit recommendations; ensure proper accountability and banking of collected revenues.
- V. The Human Resource Department is mainly responsible for managing and developing the capabilities and competencies of each staff as well as coordinating human resource management programs for effective and efficient public service delivery.
- VI. Procurement and Stores facilitate the procurement of goods and services and assets for the Assembly. They ensure the safe custody of items and account for the items issued to departments
- VII. The Information Services Unit serves as the public relations unit of the Assembly and serves a link between the Assembly and the citizenry. It informs the public on

the activities of the Assembly to ensure the public are regularly abreast with happenings on the Assembly and the Central Government.

The Program currently has 193 Staffs of which 32 is on Internally Generated Revenue Payroll while 161 are on the Central Government Payroll. The programs and projects of the Central Administration would be funded under MDF, DACF, DACF-RFG, GoG, and Internally Generated Fund (IGF).

SUB-PROGRAMME 1.1 General Administration

1. Budget Sub-Programme Objective

General Administration sub-programme seeks to provide efficient and effective support services to facilitate and coordinate activities of the departments of the Assembly

2. Budget Sub- Programme Description

This Sub-Programme provides support services such as transport, cleaning services security, maintenance and stores management. The Sub-programme also coordinates activities, disseminates information and provides administrative support and guidance to the various departments and ensures effective implementation of internal control procedures.

There are 70 staff made up of established posts and non-established posts. This implies that, some of these staff are paid from Government of Ghana payroll and Internally Generated Funds of the Assembly.

The funding sources of the Sub-Programme are DACF, DDF, GoG, Donors and IGF.

3. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the district measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the district's estimate of future performance.

SUB-PROGRAMME 1.2 Finance and Audit

Budget Sub-Programme Objective

- Is to prepare a realistic budget for the assembly whereby an approximate budget is given to all budget lines for appropriation and revenue realization.
- To improve Assembly's gross revenue by 20% by end of 2025 and provide effective and efficient financial management services to the Assembly.

2. Budget Sub- Programme Description

The Sub- Finance and Revenue Mobilization sub-programme seeks to ensure effective and efficient resource mobilization and management, as well as ensuring transparency and accountability in public expenditure management. The funding source of the subprogramme are DACF, DDF and IGF.

The sub-programme is proficiently manned by 5 officers, comprising: Treasury-3, Revenue Mobilization - 2.

The challenges include:

SUB-PROGRAMME 1.3 Human Resource Management

1. Budget Sub-Programme Objective

To manage and develop capabilities and competencies of all staff through trainings and workshops as well as coordinate human resources management activities for improved job performance.

Budget Sub- Programme Description

2. Budget Sub-Programme Description

The sub-programme ensures human resources planning, facilitates recruitment of competent personnel, supports capacity building training activities & enhances performance management system and maintenance of good workplace interactions. It also ensures regular updates of staff records (HRMIS Database); the general welfare of the staff, improve upon inter and intra departmental collaboration for effective and efficient quality service delivery and also appraise and report on all staff.

The Human Resource Department is the sole responsible implementing Department for administering the sub-programme with funding from the GOG, IGF, DACF-RFG, DACF and any other donor fund.

The beneficiaries of this sub-programme are the Departments of the Assembly and the entire staff of the Assembly. The staff strength of the HR Department is four (5), made up of 1 Human Resource Manager, 3 Assistant Human Resource Manager and 1 IGF paid Staff.

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Assembly would measure the implementation of this sub-programme.

| Main Outputs | Output Indicators | Past Years | | Projections | | | | |

SUB-PROGRAMME 1.4 Planning, Coordination and Statistics

1. Budget Sub-Programme Objective

The sub-programme seeks to facilitate coordinate plans, budgets, and monitor programmes and projects to ensure value for money, build a reliable, comprehensive data base and update regularly.

2. Budget Sub-Programme Description

The sub-programme is responsible for preparation of comprehensive, accurate and reliable MTDP, Annual Action Plans and Budgetary Documents. The sub-programme is delivered through conduction of needs assessment at the community level, and Area Councils; Budget Committee meetings, DPCU meetings, Stakeholder Meetings, public hearings to ensure participatory planning and budgeting. Two main units under this sub-programme are Planning Unit and Budget Unit. Funds to carry out the programme include IGF, DACF, and DDF. The statistics sub program seeks to develop a reliable resilient and comprehensive data base for the district. The department is to analyse the accrued data and use it as the basis to inform management to make a necessary decision.

Challenges

Plans and budgets of decentralized departments are not easy to come by and therefore becomes difficult in achieving the objectives of this sub-programme. Other challenges include lack of vehicles to undertake effective M&E, Inadequate funds for monitoring and evaluation activities, inadequate commitment and teamwork from departments, inadequate knowledge on new planning and budgeting reforms by the decentralized departments.

Staff Strength

The sub-programme is proficiently managed by 20 officers comprising of 10 Budget Analysts, 1 Secretary and the Development Planning Office, is manned by 5 Officers comprising of 1 head and 4 assistants. The District Statistics office is manned by 4 Officers.

3. Budget Sub-Programme Results Statement

PROGRAMME 2: SOCIAL SERVICES DELIVERY

Budget Programme Objectives

To improve planning and management in the delivery of Social Services by devolving resource management and decision-making concerning education, health, social welfare and community development.

Budget Programme Description

The Social Services Delivery program provides all of the cross-cutting services required in order that the other programs can succeed in achieving their objectives. The program is responsible for:

Education and Youth Development. The sector is training the cognitive (Mind), the affective (Heart) and the psychomotor (Hands & Legs) domains of the youth as best possible so that they can have a happy useful and fulfilling adult lives. This involves the Office of the District Education Directorate which seeks to strengthen and improve education planning and management at the various units. The sub-program looks at the provision of administrative support and effective coordination of the activities of the various units (Finance and Administration, Human Resource Management, Supervision, Planning, Statistics and Monitoring) in the directorate. It establishes and implements human resource issues, financial issues, planning, statistics and supervision of activities in the district.

> Health Delivery involves the District Health Directorate and is responsible to ensure that improved quality health care is available to all residents within the district.

Social Welfare and Community Development exist to assist the Assembly to formulate and implement the department policies within the framework of national policies. The Department of Social Welfare and Community Development has two units namely Social Welfare Unit and Community Development Unit. The Department promotes and ensure improvement in the living standard of people in the rural areas and disadvantaged sections of the urban communities through their own initiatives and their active participation in a decentralized system of administration.

39

The Social Welfare Unit promote the rights and protection of children through child maintenances cases, custody cases, paternity, running of children's home and supervision of day care centres in the district. It also assists in the provision of community care services such as registration of person with disabilities, assistance to the aged, assistance to street children, child survival and development; socio-economic and emotional stability in families and under the Justice Administration, provide probation and prisons aftercare services. The Community Development Unit assist to organise programmes to improve and enrich rural life through teaching deprived or rural women in home management and child care, home visits and group formation

SUB-PROGRAMME 2.1 Education, Youth and Sports Services

Budget Sub-Programme Objective

Provide equitable access to good-quality child-friendly universal education, by improving opportunities for all children in the education system at Kindergarten, Primary, Junior High and Senior High school levels.

Budget Sub- Programme Description

The Pre-Tertiary Education program is delivered by multiple Governments organizationsprincipal amongst these are the Ministry of Education (which sets policies, monitors and evaluates their implementation) and the Ghana Education Service (which implement the policies set by the Ministry and delivers pre-tertiary education service throughout the country). These organizations are funded by the Government of Ghana through the consolidated fund and the GET Fund.

The Pre-Tertiary Education System comprises of kindergarten (4 years), Primary (6 years), Junior High School (3 years) and Senior High School (3 years)-that is schooling for children between the ages of four (4) and eighteen (18) years.

Pre-tertiary Education is predominantly provided by Government operated facilities. In the Shama district directorate, there are fifty-eight (58) Kindergartens, fifty-nine (59) Primary, thirty-nine (39) Junior High and one (1) Senior High public schools spread across the district. The private school's system includes fifty-four (54) Kindergartens, forty-six (48) Primary, twenty-eight (32) Junior High and one (1) Senior High private school spread across the district. These schools are self-funded. They are accredited and registered by the Ghana Education Service (GES).

Teachers for the pre-tertiary education program are mainly trained through established teacher training tertiary institutions. The pre-tertiary education program has a program of in-service training for teachers to ensure that they have up-to-date knowledge of the curriculum and related teaching and learning resources.

Education (Kindergarten, Primary and Junior High Schools) is seen as a right for all Ghanaian children and therefore the public education is operated as a free education system. This means that the school buildings, teachers and teaching materials are all

provided by the government. Usually, pupils are required to provide their own uniform however; the program runs a scheme to assist needy students.

The pre-tertiary education system is based on a curriculum developed specifically for Ghana. It covers the core subjects and mainstream teaching on societal issues such as population, gender equality, health, civic responsibility, human rights and the environment.

|---|------------------|

SUB-PROGRAMME 2.2 Public Health Services and Management

Budget Sub-Programme Objective

The objective is to ensure sustainable equitable and easily accessible healthcare services

Budget Sub-Programme Description

This is carried out through provision of accessible healthcare services with special emphasis on primary health care at the district, sub-district and community levels in accordance with national health policies. The sub-programme also formulates, plans and implements district healthcare policies within the framework of national healthcare policies and guidelines. The sub-programme has Environmental Health Unit under it. Challenges in executing the sub-programme include:

- Donor polices are sometimes challenging
- Low funding for infrastructure development
- Low sponsorship to health personnel to upgrade their capacity
- Inequitable distribution of health personnel (doctor, nurses)
- Delays in re-imbursement of funds (NHIS) to health centres to function effectively
- Common fund disbursement is silent as to a percentage of the DACF that should be committed to environment health and sanitation issues
- Lack of sanitary land-fill sites
- Lack of liquid waste treatment plants (waste stabilization pond)

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the district measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the district's estimate of future performance.

SUB-PROGRAMME 2.3 Social Welfare and Community Development Budget Sub-Programme Objective

The Department of Social Welfare and Community Development is made up of two units under the Local Government Service instrument, 2009 (LI1961) namely Social Welfare Unit and Community Development Unit.

The Social Welfare Unit has the objective to improve the social, economic and psychological wellbeing of the people in their communities and the nation in totality through its three (3) core programmes, namely; Child and Family Welfare (Child Rights Promotion and Protection), Community Care and Justice Administration.

Community Development Unit is to enhance the livelihood of people in their communities through Home Science Extension, Adult Education (Mass Education), group formations, home visits and community sensitization on Child Protection (Toolkit)

Budget Sub-Programme Objective

The Social Welfare and Community Development Department exists to:

- Facilitate the mobilization and use of available human and material resources to improve the living standards of individuals, groups, families and communities within an effectively decentralised system of administration
- Prevent and respond to social exclusion and mal adjustment within the context of national and sub national development efforts.
- Shall assist the Assembly to formulate and implement social welfare and community development policies within the framework of national policy.

Budget Sub- Programme Description

The Department seeks "to work with in partnership with people in their communities to improve their social and economic wellbeing through promoting development with equity for the disadvantaged, vulnerable and the excluded".

| Main Outputs | Output Indicators | Pa | ast Years | | Projections | | | | |

SUB-PROGRAMME 2.4 Birth and Death Registration Services

Budget Sub-Programme Objective

- To provide accurate information for statistical purposes and data analysis, for population growth structure and geographic distribution of the population to the assembly and district at large.
- To handle and develop effective, reliable information on all births and deaths occurring within the district for socio-economic development of the assembly and district.

Budget Sub- Programme Description

This Sub- Programme intent to:

- Ensure that children born in the district become registered for official recognition and their existence is thus captured for social development planning.
- Secure the child's right to a nationality at the time of birth or at a late stage.
- Organize mobile registration for every first quarter of the year
- Educate and sensitize the communities about the importance of births and deaths registration
- Ensure that children are enrolled in school at the right age and also, enforce laws relating to minimum age for employment, which could handicap efforts to prevent child labour.

STAFFING

- 1. Head of department (District Registration Officer)
- 2. Field officer (2)
- 3. Volunteers (5)

CHALLENGES

- Lack of motivation on the part of the populace to register their births cannot be discounted. The problem is pervasive in some areas of the district where ignorance and the absence of adequate registration.
- Religious, cultural and socio- economic issues. Religious and cultural issues are the major factors affecting deaths registration in the Registry.
- Lack of logistics in terms of stationery and equipment impinges negatively on the performance of the Registry

SUB-PROGRAMME 2.5 Environmental Health and Sanitation Services

Budget Sub-Programme Objective

To ensure improved and sustainable sanitation issues in the district.

Budget sub-programme description

This is to enable the Unit to carry out intensive Sanitation programmes in the district and to help educate the populace on proper waste management.

All relevant Agencies, Departments, Units and Stakeholders who matter in the implementation of these programmes would be brought on board.

Challenges

- 1. Lack of an Engineered Sanitary landfill site in the district
- 2. Lack of vehicle for effective monitoring and supervision
- 3. Inadequate labour-force to ensure cleanliness in market centers and District wide.
- 4. Inadequate communal refuse containers
- 5. Poor attitudinal change of the communities on proper waste management

Budget sub-programme results statement

The table below indicates the main outputs, its indicators and projections by which the district measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the district's estimate of future performance.

| Main Outputs | Output Indicators | Past Years | | Projections | | | | |
|---------------------------------------|--|------------|----------------------|-------------|-------|-------|-------|--|

PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

Budget Programme Objectives

- i. Develop quality, reliable, sustainable and resilient infrastructure
- ii. Enhance inclusive urbanization & capacity for settlement planning
- iii. Facilitate sustainable and resilient infrastructure development

Budget Programme Description

The three main Sub-programmes tasked with the responsibility of delivering the programme are Physical Planning, Roads and transport and Works Departments. The Spatial Planning sub-programme seeks to advise the District Assembly on national policies on physical planning, land use and development. It basically focuses on human settlement development and ensuring that human activities within the Municipality are undertaken in a more planned, orderly and spatially organized manner.

The Department of Works of the District Assembly is a merger of the former Public Works Department, Department of Feeder Roads and Water and Sanitation Unit, of the Assembly and is to assist the Assembly to formulate policies on works within the framework of national policies.

SUB-PROGRAMME 3.1 Physical and Spatial Planning Development Budget Sub-Programme Objective

1. To ensure the planning and the sustainable development of land and human settlements in the district through effective land use management.

2. To ensure compliance with planning and zoning guidelines or standards through efficient development control mechanisms.

3. To plan, and implement development plans and by laws of the assembly to achieve a functional yet aesthetically pleasing settlement through landscaping-concept of open spaces and the creation of green belts.

Budget Sub- Programme Description

To help in the promotion and efficient management of all human settlements in the district. This responsibility entails the formulation of overall goals for the integration of social, economic and physical development of the country. The department is run by Three-3 professional planners, One -1 Administrative Officer and Four-4 Technical officers, and One-1 Intern. Funding for the operations of the Department is largely through Internally Generated Funds (IGF) and District Assemblies Common Fund (DACF) of the District Assembly, the department has for over three years not received any GOG funds.

OPERATIONS:

The Physical Planning Department at the MMDA shall:

(a) Advise the District Assembly on national policies on physical planning, land use and development;

(b) Co-ordinate activities and projects of departments and other agencies including Non-Governmental Organizations to ensure compliance with planning standards;

(c) Prepare spatial plans as a guide for the formulation of development policies and decisions in the district;

(d) Identify problems concerning land and its social, environmental and economic implications;

(e) Advise on setting out approval plans for future development of land at the district level

(f) Advise on preparation of structure plans for towns and villages within the district;

(g) Collaborate Survey and Mapping Division of Lands Commission in the performance of it functions;

(h) Facilitate and participate in research and public education in planning and human settlement development in the district;

(i) Assist to offer professional advice to aggrieved persons on appeals and petitions decisions made on their building;

(j) Facilitate consultation, co-ordination and harmonization of developmental decisions into a physical development plan;

(k) Assist to prepare a District Land-Use Plans to guide activities in the district;

(I) Advise on the conditions for the construction of public and private buildings and structures;

| Main Outputs | Output Indicators | Pa | ast Years | | Proje | ctions | |

| Approved Planning and Development Permits | Number of Planning and Development Permits approved | 176 | 145 | 165 | 168 | 180 | 195 |

(m) Vet architectural drawings to ensure improved housing layout and settlement;

(n) Ensure the prohibition of the construction of new buildings unless applications for development permits have been approved by the Assembly;

(o) Advise and facilitate the demolition of dilapidated buildings and recovery of expenses incurred in connection with the demolition;

(p) Ensure the prohibition of the use of inflammable materials in the construction or repair of buildings in defined areas;

(q) Advise the Assembly on the siting of bill boards, masts and ensure compliance with the decisions of the Assembly.

(r) Advise with acquisition of landed property in the public interest;

(s) Undertake street addressing and related Issues.

(t) Develop and promote effective landscape beautification in the district and homes;

(u) Maintain and sustain all landscape areas in the, road shoulders and traffic islands in the district;

(v) Cultivate horticulture products including vegetables, fruits, tree seedlings and ornamental plants for sale to the public and for export;

(w) Conduct routine maintenance of prestige areas;

(x) Develop and promote the cultivation and conservation of medicinal and aromatic plant species;

(y) Supply tree seedlings to educational institutions on gratis thus encouraging tree planting in schools and communities;

(z) Provide horticultural training and extension services to students and pupils from institutions in the district.

Table 26: Budget Sub-Programme Standardized Operations and Projects

SUB-PROGRAMME 3.2 Public Works, Rural Housing and Water Management Budget Sub-Programme Objective

- To ensure an efficient design, facilitation of award, supervision and application of monitoring and evaluation systems for purposes of effective implementation and management of public infrastructural projects in the district.
- To ensure the enforcement of spatial development and local planning schemes by way of development control and management duties in the district.

Budget Sub- Programme Description

This Sub-Programme seeks to:

- Advice technically, undertake and facilitate the construction, repair and maintenance of public infrastructure (Buildings, Bill Boards, Drainage and Water systems, Feeder Roads, Markets etc.) projects in the district.
- Provide Contract Administration and Consultancy Services in the award and implementation of building, roads and water projects in the district for the Assembly.
- Provide supervision, monitoring and evaluation of Assembly's awarded Capital Projects in the district.
- To Advise the Assembly on all matters relating to works and outdoor advertising management in the district.
- Assist to peg, demarcate and check all physical developments prepared for all major settlements in the district both for public and private developments.

The organizational unit and sections involved is the Public Works and Rural Housing Unit (Building Section), Feeder Roads and Water and Sanitation Section of the Assembly.

In all Fifteen (15) key officers comprising (4) Professional, four (8) Sub-Professional grade staff and Three (3) Artisans (Tradesmen) are involved in overseeing to the effective delivery of the projects and programmes of the sub-programme.

- Professional Class;
- Heads, District Works Department (Senior Engineer)

- Water and Sanitation (Assistant Engineer)
- Feeder Roads (Assistant Engineer)
- Quantity Surveyor (Assistant Engineer) Sub-Professional Class.
- Building Inspector (Chief Technician Engineer)
- Maintenance/ Estate (Chief Technician Engineer)
- Quantity Surveyor (Senior Technician Engineer)
- Building Inspector (Assistant Technician Engineer)
- Building Inspector (Snr. Technical Officer)
- Plant Mechanical Engineer (Assistant Technician Engineer)
- Administrative Secretary /Outdoor Advertising Officer (Senior Executive officer)
- Secretary (Senior Private Secretary) Artisans;
- Plumber
- Electrician.
- Carpenter/ Mason

The sub-programme is funded through Government of Ghana budgetary allocation (DACF) and Internally Generated Funds (IGF).

Challenges;

The Works Department;

• Inadequate technical personnel (Building Inspectors) to effectively carry out its day-to-day supervision and monitoring duties.

• Lack of capacity building, technical trainings, seminars and workshops to improve upon competency levels of officers working in the department.

• Lacks of Logistics (modern measuring tools, vehicle, safety wear, etc.) and office equipment to perform to its fullest ability.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the MMDAs measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the MMDA's estimate of future performance.

PROGRAMME 4: ECONOMIC DEVELOPMENT

Budget Programme Objectives

• To provide extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation.

• To facilitate the implementation of policies on trade, industry and tourism in the district.

1. Budget Programme Description

The program aims at making efforts that seeks to improve the economic well- being and quality of life for the district by creating and retaining jobs and supporting or growing incomes. It also seeks to empower small and medium scale business both in the agricultural and services sector through various capacity building modules to increase their income levels

The Program is being delivered through the offices of the departments of Agriculture, Business Advisory Centre and Co-operatives.

The program is being implemented with the total support of all staff of the agriculture department and the Business Advisory Centre. The Program is being funded through the Government of Ghana transfers with support from the Assembly's Internally Generated Fund and other donor support funds.

SUB-PROGRAMME 4.1 Trade and Industrial Development

Budget Programme Objectives

- To provide extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation.
- To facilitate the implementation of policies on trade, industry and tourism in the district.

SUB-PROGRAMME 4.2 Agricultural Services and Management

Budget Sub-Programme Objective

- To promote agricultural productivity in a sustainable manner through the provision of appropriate technical advice to clients, in collaboration with NGOs involved in Agricultural Extension and other stakeholders, for improved livelihood in an environmentally friendly and gender equitable manner.
- To ensure immediate and adequate availability of selected crops in Ghana.
- To create and provide job and business opportunities for the teeming unemployed youth in the agricultural and related sectors.

Budget Sub- Programme Description

The sub-programme seeks to improve farmers' knowledge, skills, attitude and technical know-how on newly improved planting materials, seeds and livestock breeds.

The sub-program will be executed through the government flagship programs (Planting for Food and Jobs; Rearing for Food and Jobs; Planting for Export and Rural Development; Greenhouse Village;) as well as the Planting for Jobs and Investment with the establishment of the District Centre for Agriculture Commerce and Technology (DCACT).

The sub-program will also be carried out through Modernization of Agriculture in Ghana (MAG), through capacity building for staff, farmers and relevant stake holders.

The organizational units include: Crops & PPRSD, Livestock, Women in Agricultural Development (WIAD), Engineering, and Extension Services, Policy Planning, Monitoring and Evaluation Department (PPMED), and other sub-sectors like Veterinary, Fisheries. The sub-programme could be funded by funds from: GOG, Modernization of Agriculture

in Ghana (MAG), DFATD (CIDA), and Shama District Assembly (IGF)

The Direct beneficiaries of all agricultural interventions are all male and female farmers, homemakers, farm families; youth, physically challenged in the district. All Technical Staff would also benefit from capacity building and training activities.

The key issues/challenges for the sub-programme are as follows:

- Inadequate AEAs to man the operational areas in the district for effective extension services.
- Poorly developed rice fields. Rice fields developed by Northern Rural Growth need rehabilitation and the canals must be concreted to prevent water seepage.as all the canals are made of earth
- Significant absence of mechanization living most farmers using only hoe and cutlasses for farming activities.
- Absence of Veterinary clinic hampering efficient and affective handling of veterinary cases
- The selling of large areas of farmlands to multi-nationals and para-rubber farmers who do not care even destroying existing cocoa and other food crop farms. This can affect food security in some time to come.
- Indiscriminate use of agro-chemicals to control crop diseases and pests like FAW
- Poor water usage in developed rice fields. Some rice farmers also are unable to get water to their rice fields and are suggesting the provision of solar pumping facilities to enable them get water to their fields.
- Poor farming practices as a result of financial constraint, inappropriate equipment and reluctance of farmers to embrace new technologies.
- Small office space for staff to work effectively and efficiently.

| Main Outputs | • | | Past Years | | Projections | | | | |

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

Budget Programme Objectives

To accelerate the provision of improved environmental sanitation services

Budget Programme Description

Environmental Sanitation encompasses the control of environmental factors that can potentially affect health. It is targeted towards preventing disease and creating a healthsupportive environment.

The Environmental and Sanitation Management Program is aimed at facilitating improved environmental sanitation and good hygiene practices in both rural and urban Community. It also aims at empowering individuals and communities to analyze their sanitation conditions and take collective action to change their environmental sanitation situation.

This Program is funded by multiple sources including GoG, IGF and Donor

SUB-PROGRAMME 5.1 Disaster Prevention and Management

Budget Sub-Programme Objective

The sub-programme exists to promote effective disaster prevention and mitigation

Budget Sub- Programme Description

The sub-programme seeks to promote disaster risk reduction and climate change risk management. It is also to strengthen Disaster Prevention and Respond mechanisms of the district. The sub-programme is delivered through public campaigns and sensitizations; assisting in post-emergency rehabilitation; provision of first line response in times of disaster and; formation and training of community-based disaster volunteers. The Disaster Management and Prevention Department is responsible for executing the sub-programme.

Funds will be sourced from IGF, DACF and Central Government supports. Challenges which confront the delivery of this sub-programme are lack of adequate funding, low and unattractive remunerations, and unattractive conditions of work.

In all, a total of 25 NADMO officers will carry out the sub-Programme.

STAFF SITUATION

The Shama District has a staff strength of (25) Twenty-Five during the period under consideration. This is made up of eight administrative staff (8) and seventeen (17) zonal officers serving in the ten (10) zones in the district. The District Secretariat is made up of the District Director, the Deputy District Director, the Administrator, Accountant, a Secretary, a Store Officer and the Operations Officer as well as the Crew Project Coordinator who serve in various administrative capacities.

CHALLENGES

The Shama District Secretariat is heavily challenged with inadequate relief items, safety gears for staff, absence of official vehicle for operations and emergency duties and lack of communal spirit that is necessary for effective disaster management in the district.

It is also worth reporting that it is becoming extremely difficult to form and sustain the DVGs due to dwindling spirit of volunteerism and the obvious over politicization of issues.

Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the district measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the district's estimate of future performance
